**GOSSIP.**

Three hundred and fifty-three pedigrees of Shetland ponies were registered last year with the Secretary of the American Shetland Pony Club. No less than 5,287 Shetland Pony stallions and mares have been registered by the Club in its various volumes. This does not include, of course, the large number of geldings that are in use by children all over the country. Fifteen new members were admitted to the Club last year, and at the annual meeting, held at Chicago during the International Live-stock Exposition, eight new members were accepted. The membership is nearly 200. After paying all expenses for the Club work during the past year a cash balance of nearly \$1,000 remains. Heretofore, ponies offered for record after they were one year old must pay a \$5 registration fee. The president and secretary were authorized, in their discretion, to accept entries of ponies over one year old at the regular \$1 registration fee. Officers were chosen: President—J. J. Milne, Monmouth, Ill.; Vice-President—Robert Lilburn, Emerald Grove, Wis.; Secretary—Treasurer—Mortimer Levering, Lafayette, Ind.; Corresponding Secretary—W. R. Goodwin, jr., Naperville, Ill.

**THE THISTLE HA' SHORTHORN SALE.**

The sale of the Thistle Ha' Shorthorns, announced in this issue to take place at the Old Farm, near Claremont Station, C. P. R., on January 18th next, is an event in the Shorthorn world that will be considered one of the most important of the year. Few men live to the age of the late proprietor, Mr. John Miller, for he was getting along in his 88th year when the summons suddenly came. Sixty-nine of these years had been spent in building up this herd of Shorthorns that is now to be dispersed. The herd is supposed to be the oldest in the world, and it is one of the sad things we meet in our journey through life, that such a work has to be broken up, that such a herd cannot be kept intact; but as in the much similar case of the late W. S. Marr, in Aberdeen, the will gave instructions that the herd should be sold as soon as possible to make the division arranged for. It would be hard to find in all Canada, and not very easy in any of the United States, a man interested in good cattle with whom the name of Miller was not familiar. For many years the cattle from this herd were foremost at our leading shows, and in the earlier years they made several journeys into the Republic across the lakes, always with credit to the owner and to the country they represented. What may be termed the close of the show career of the herd was its winning of all the first prizes shown for, excepting one at a Toronto Show, when it was thought that its share of honors had been won and it might well be retired. Since that time the stock bulls have usually been shown once, and seldom have they been defeated. While the policy has been to keep the best females possible, it has always been considered of paramount importance to have nothing but the best sires to be found in any country, no matter what the cost. This policy must have a good effect, and this will be seen in the herd that will be offered. They are without doubt one of the cleanest, most valuable lots of Shorthorns that has been exposed to public auction in Canada. Many of the best herds in America have been built on a Thistle Ha' foundation. We might name the herds of the late Hon. M. H. Cochrane, Senator Edwards' Pine Grove Herd, Arthur Johnston's Greenwood Herd, the Cargill herd and the Trout Creek Herd owned by Mr. Flatt. The story of the offering will be told in detail in future numbers. In the meantime ask for complete catalogue, which is ready for mailing. Keep in memory that the annual meeting of the Dominion Shorthorn Association will be held on Tuesday, Jan. 17th, the day before the sale, in Toronto, and that the sale of the young bulls and a lot of choice females from the Pine Grove Herd of Hon. W. C. Edwards & Co. will be held at Rockland on the following day. Try and arrange to attend all three events.
