"Cheapest" doesn't always mean the lowest priced, certainly does not when applied to cream separators. Numerous makes of separators nowadays are offered for less than the famous and improved
U. S. Cream Separators

Which hold World's Record for Close Skimming.

A very short use of those cheap "job-lot" machines proves it costs so much to keep them "going" during their short life that they're not "cheap"—even as a gift—(not to mention their poor results) Time has conclusively proven that U. S. Separators

ARE LEAST EXPENSIVE

because the cost to maintain them is so small in comparison with their long and unequalled service.

FOND DU LAC, WIS., September 15, 1904.

"To whom it may concern:—I have used one of your U. S. Separators for the past twelve years and it has given the very best satisfaction. I have paid 75 cents for extras since getting the machine. I cannot recommend the U. S. too highly.—J. BALSON."

Our handsome Dairy Separator catalogue tells all about the splendid construction that makes possible such testimony as this. Get it now, it's free, and you'll find it interesting, we know.
