To Subscribers to the People's Hudson Bay Railway Fund

The following, published at the request of the treasurer of the fund, Mr. E. A. Partridge, of Sinaluta, Sask., is a list of subscribers to the People's Hudson Bay Railway Organization Fund, to whom a refund of \$7.50 on their \$10.00 subscription has been mailed.

There are four persons, presumably resident near Melfort, Sask., whose names were not sent with their remittance. Errors in names and addresses, due to the impossibility of making out the handwriting of some of the signatures, will no doubt be observed. There will also be cases of change of address since time of signature which will call for correction. The treasurer of the fund will be glad to be advised of any errors or any omission discovered in the list.

DRY FARMING

By William McDonald, M.S., Agr., Sc.D., Ph.D.

This is the best and most reliable book on the subject of dry farming that has been published in recent years. It is highly endorsed by dry farming experts in Alberta, particularly by Prof. Elliott, of the C.P.R. demonstration farm at Strathmore. Hundreds of Western farmers have purchased this book from The Guide in the past year and are well pleased with it. The following are the titles of the chapters, showing what the book deals with.

1. History of Dry Farming.
2. Some Points in Practice.
3. The Conservation of Soil Moisture.
4. Rainfall and Evaporation.
5. The Problem of Tillage.
6. The Campbell System.
7. Dry Farming Zones.
8. Dry Land Crops.
9. The Traction Engine in Dry Farming.
10. Dry Land Experiments.

This book is kept in stock in The Guide office and will be sent to any address by return mail, postpaid, upon receipt of \$1.30.

Work for the Future

Continued from Page 7

will meet the case. The whole work put in proper form could then be submitted to the annual convention a year hence for final ratification. In the meantime we would suggest that all local branches, wherever opportunity presents, gather up as much practical experience as is possible by putting into actual practice the principles involved in such co-operation.

With such a work as is thus outlined before us, we should approach the business of this convention realizing in some sense its magnitude and importance. We cannot afford to have our thought diverted from this important work by any side issues. Let each member of this convention feel his responsibility and give himself without reserve to the task he has before him.

LAST CHANCE FOR FREE LAND

A reservation of fertile valley land is now open in Mexico. Homesteads free. Only requirement is to have 5 acres of bananas planted within 5 years. An authorized company will plant the bananas and market them on shares. Your share should bring \$200 per acre annually. The Jantha Plantation Co., Block 2037, Pittsburgh, Pa., U.S.A., distribute Mexican land in the U.S. and Canada. Write for particulars. You need not go to Mexico.—Adv.
