**Extract of Hemlock Bark—Extract
of Oak Bark.**

Important to Tanners, Merchants, Machinists, Lum-
bermen and Capitalists seeking for a Remunerative
and Profitable Investment in Canada.

THE IRVING BARK EXTRACT COMPANY OF
BOSTON have succeeded in perfecting a Machine
for obtaining by compression from unground Bark,
all the astringent and Tanning properties of Hem-
lock and Oak Bark.

By the operation of this Machine, which can be
taken into the forests of Canada, on the spot where
the Bark is peeled, the actual Tanning principle of
the Bark is extracted by compression, and is pro-
duced in so concentrated and so small a bulk, that
it can be conveyed to market, ready for use, at a
mere fractional part of the expense required to
freight the crude Bark: 40 galls. of this Extract,
weighing 400 lbs., can be obtained from one cord of
first quality of Hemlock Bark, and this is worth for
home use or for exportation \$20 per barrel.

We are now ready to grant licenses or to receive
orders for these Machines.

Phoenix Mutual Life Insurance Co.

HARTFORD, CONN.

Accumulated Fund, \$2,000,000. Income, \$1,000,000

THIS Company, established in 1851, is one of the
most reliable Companies doing business in the
country, and has been steadily prospering. The
Massachusetts Insurance Reports show that in nearly
all important matters it is superior to the general
average of Companies. It offers to intending assu-
rers the following reasons, amongst others, for pre-
ferring it to other companies:

It is purely Mutual. It allows the Insured to
travel and reside in any portion of the United States
and Europe. It throws out almost all restriction on
occupation from its Policies. It will, if desired,
take a note for part of the Premium, thus combining
all the advantages of a note and all cash company.
Its Dividends are declared annually, and applied in
reduction of Premium. Its Dividends are in every
case on Premiums paid. The Dividends of the
PHOENIX have averaged fifty per cent. yearly. In
the settlement of Policies, a Dividend will be
allowed for each year the policy has been in force.
The number of Dividends will always equal the out-
standing Notes. It pays its losses promptly—during
its existence never having contested a claim. It
issues Policies for the benefit of Married Women
beyond the reach of their husband's creditors.
Creditors may also insure the lives of Debtors. Its
Policies are all *Non-forfeiting*, as it always allows
the assured to surrender his Policy, should he
desire, the Company giving a paid-up Policy there-
for. This important feature will commend itself to
all. The inducements now offered by the PHOENIX
are better and more liberal than those of any other
Company. Its rate of Mortality is exceedingly low,
and under the average.

Parties contemplating Life Insurance will find it
to their interest to call and examine our system.
Policies issued payable either in Gold or American
currency.
