Black Phebe, of Brunswick. From the Boston Traveller.

On Sunday, the 3d of March, there was buried as Brunswick, Maine, a black woman of a remarkable character; and she was highly honored at her death. At her funeral, the assembly, filling the large church near the college, were addressed by the Rev. Dr. Adams, of Bruswick, in a very appropriate, affecting, and elequent speech. Her pall-bearers were Governor Robert Dunlap, Dr. Lincoln, of the same class with Chief Instice Shaw of Massachusetts.

Governor Robert Dunlap, Dr. Lincoln, of the same class with Chief Justice Shaw, of Massachusetts, Professor Packard, and Joseph Kean, Esq., Treasurer of Bowdoin College, &c.; and the principal mourners were Rev. President Allen, with two of his daughters, of Northampton, Mass., who had come 250 miles to attend the funeral. She was buried by the side of her friends, Mrs. Allen, and her daughter, Maria Malleville Allen.

But why were these honors paid to this lowly woman? It was because of her rare attainments as a Christian. It was because she had been for thirty years a worthy member of the Church of Brunswick, happily blended in the Pills and Balsam for the cure or minimum of the cure of the cure or minimum of the cure of the cure of the cure of t to themselves in the strength of her faith and in a spirit of devotion.

The medicine has cured numberless cases of She was born a slave at Beverwyck, near Newark, disease in the acute and chronic stages:—especially costiveness, so common among those whose occupation, and and lived in his family and that of his daughter, Maria Malleville Allen, the wife of President Allen, of Bowdoin College, 40 years. For the last 18 years she lived alone in her house, and she died alone and suddenly. In the same night, and probably at the same hour, died her friend, the wife of the Rev. Dr. Adams.

This circumstance added peculiar interest and pathos to his discourse. He said, that if his beloved companion (then lying dead, and to be buried the next day) could have been permitted to choose an attendant spirit, as she passed through the dark valley, and in her upward flight to the paradise of God, doubtless she would have chosen Phebe—"Black Phebe!" he exclaimed, "she has sometimes been called; but her soul is whiter and purer than the light, and her heavenly garments are more resplendent than the sun shining in his brightness."

It is to be hoped that the eloquent preacher, who was her minister for twenty years, will feel it his duty to prepare, for the benefit of the world, a memoir of Phebe Ann Jacobs.

For the certain cure and mitigation of disease generally, attracted as all others are by the gold, that he kas sent to China for Bibles in that language, to supply these immigrants. This is truly a new era, when America sends to Asia for the word of God.

For the certain cure and magation of disease generally, it is fearlessly ascerted that no other medicine before the public can be compared with Dr. Hope's Pills and Balsam. They are thoroughly but mildly, without causing any unpleasant sensation, unless the system is very much out of order, in which case the Pills may or may not produce some nausea. But their judicious use, according to the directions which accompany the medicine, shall, in the disease named, give general if not universal satisfaction. The Proprietor warrants that no harm can ensue in any case from taking either the Pills or Balsam.

THE ORIENTAL BALSAM is a most valuable if

not a specific remedy, especially for Indigestion, Nervons Debility, Fever and Ague, Nervous, Periodical, and Sick Headache, Loss of Appetite, Pain in the stomach after eating, Weak and delicate Stomach, Masked or Dumb Ague, and Liver Complaints. Its effects are not confined to the stomach alone, like that of other stomachics in general use,—its power extends to the abdominal viscera, particularly the liver, which it determs as well as conducted. THIS extraordinary and potent compound is made according to a favorite prescription of the above evinent Physician. Sir Ashley Cooper, also, frequently referred his students to the compound as emineatly calculated for the cure of Rheumatism, and other diseases of that class,—its ingredients are entirely from the Vegetable Kingdom, and if any medicine could legitimately be denominated a specific, this remedy is preeminently entitled to that appellation. Indeed, although you prescribe it to be taken four times a day, I have never had to resort to it more than twice. Not only myself, but some friends to whom I have given some, were similarly relieved: and in no case have I found it to fail. This is the first Fall, for four years, I have escaped the affliction, and which I attribute, und Providence, to the use of your medicine.

TORONTO, 14th December, 1848. DR. URQUHART:

Dear Sir,—I hereby certify, that I have been afflicted with Rheumatism for fifteen years; for a considerable time I was confined to bed, and the greater part of that time I could not move myself; some of my joints were completely dislocated, my knees were stiff, and all my joints very much swelled: for the last three years, I was scarcely able to deliver myself-size the rest without sufficient the rest. I now enjoy as good health as any man in Canada. Since my recovery I have walked forty-six miles in one day with perfect freedom, and I assure you, Sir, that I feel truly thankful. ## FARMERS' INSURANCE. Washington County Mutual Insurance Co.,

GRANVILLE, N.Y. THIS is the largest Company in the United States, and their success, so far, has been without a parallel in the history of Mutual Insurance, as the following statement will show:—
Whole number Policies issued, up to Jan. 1, 1849, 37,986 Whole amount insured - - \*- \$32,407,913 Whole amount of Premium notes - 384,009

Whole amount of Fremium notes - 384,009
Whole amount losses and expenses paid 87,341 37
Balance Cash on hand 28,020 76
They have adopted the following low rates for Fremium Notes, 334 pe cent of which is only paid in cash for an insurance of five years:—
Fire proof buildings Farmer's buildings, grain, &c., &c., and private dwellings

Tailors, Shoemakers, and Saddler's Shops

Warehouses, Taverns, Boarding-houses,
Schools, and Churches
Saw Mills
The above rates are for buildings 165 feet from other This company is designed as a safe farmer's protection; they are prohibited from taking risks in blocks, mills, shops, &c., which are considered hazardous, or from taking over \$2,000 on any one risk, and thus they are enabled to fix their rates so low as to bring it within reach of all; and they assure the public that all losses will be paid promptly; they pay for all loss caused by lightning. Farmers wishing insurance on their houses, barns, grain, &c., &c., or others owning buildings mentioned in the above list, will find it their interest to call upon the sub-

scriber, before insuring elsewhere.

CAPITAL, \$900,000. MUTUAL LIFE INSURANCE COMPANY

Of New York, No. 35 Wall Street. THIS COMPANY has now passed through its sixth year, and will soon present to the Public a statement From the great success attending this Institution since the commencement, many will undoubtedly be led to suppose that a lower rate of premium, and greater facilities in the shape of credits—will answer in its operations. This Company has placed to the credit of policy holders 52 per cent of the earned premiums paid by them, in conformity with the requisition of its charter. This sum will be paid with the face of the policy to the holders at the

time it shall become a claim on the Company, by reason of the death of the party on whose life it was issued, therbey roving most conclusively the value of the principles dopted-viz: a Savings Institution. If then the rates of this Company are too high, it works no injustice, for all participate in its profits, therefore it is just and equal in its operations. If the Carlisle table is correct no less rates than those charged by this company would answer.

vould answer. It is from the fact that the rates of this Company are lower than those of many others, and its judicious management in taking none but those whose lives are considered good—that this Company has already acquired the name of being one of the safest and best Institutions of the kind. It issued during the year 1848, 1,505 new policies: added \$214,161. to its investments, and paid and has increased during the present year in one month \$30,000, these are plain facts, and are without a parallel in Life Insurance. This Company is under the guardianship of a board of Trustees, elected by its members, and are known to be men of ability and high standing in society, and in whom the public have confidence. A sure business. Pamphlets explaining the nature and benefits of Life Insurance can be had gratuitously by calling at my office, and every information and facility will be afforded

EAR AND EYE.

MORE ASTONISHING CURES PERFORMED by DR. I. FRANCIS, 430 Broome street, Now-York.

IF A letter from the Rev. B. T. Welch, D. D., late of Albany, now of Brooklyn. "Dr. Francis: My Dear Sir,-I feel myself under very great obligations to you for the relief I have derived from your invaluable remedy for defective hearing. I suffered nuch embarrassment from the suspension of this important sense, the conversation of those around me coming on my ear only in indistinct murmurs. It gives me pleasure to say that I have applied your preparation as directed, and with beneficial results. My hearing is now good, and having realized important advantages from your remedy, a benevolent regard to the condition of those similarly afflicted, not less than justice to you, induces these few lines of commendation. In the hope that its efficacy may be speedily and extensively known, and your sphere of usefulness thereby enlarged.

I am, my dear sir, yours gratefully,
B. T. WELCH. B. T. WELCH.
