# THE FARM AND GARDEN. Seasonable Information for Tillers of the Soil

## Causes of Failure With Poultry

<section-header><section-header><text><text>

culated. At the pleasure of the wearer, by made to roll its cycls and chatter its gumless testh. Another pin is surmounted by a small golden drum, on which is seated on its tail a titter rabbit holding in its fore paws two drumsticks, with which it bestest a tattoo when the electric current is applied. A sting of a bird covered all over with diamond points, which, one completing the frames of the seated on the seated on the Princess de Metternich. But the cur-nome of the invention is the battery by which these objects arguments of the battery by which these objects arguments of the seated of the princess de Metternich. But the cur-ity conseld in the garments or the hair, the statestory. This apparatus is not bager than a stateched to an invisible wire, easi in the waiscoat pocket. It consists of a tube hair battery. This apparatus is not bager than a stateched to the easiby carried unsered in the waiscoat pocket. It consists of a tube hair batter, the super portion of the tube, in bow statecoat pocket. It consists of a tube hair batter contaming the exciting liquid. So position the piles and a circuit is estate in the waiscoat pocket. It consists of a tube hair batter, contaming the exciting liquid. So position the piles and a circuit is estate in the waiscoat pocket. It consists of a tube hair baber (bonite). The since and the earbor in the battery to action takes pines, but the batter contaming the exciting liquid. So position the piles and a circuit is estate and consequently no action takes pines. But the moment is is placed horizontally, the since the tube to produce the motion co-ting of the tube to produce the motion of the tube to produce the motion of the tube to produce the motion of the tube. Cetewayo's Alleged Sentiments (From the New York Graphic.) "I like your guns," said Cetowayo. "I nink if we could make such good guns as ours we could also coon make as good a isle."

RIS UNTUFORED MIND

### AROUND THE WORLD. FOREIGN GRAIN MARRETS.

Interesting Notes From all Sources. —California is infested by swarms of wild eso, which do serious damage to the grain. The following are the latest mail advice relative to the cereal markets in forei The weather has this se'n

-A niece of Count Andrassy will accom-pany the young Queen of Spain to that coun-try.

the law on some disputed point of science, can bear to be corrected or differed from by his wife, must be possessed of a more than usually angelic temper. And yet its hardly to be expected that a woman, who, though she has passed the highest examinations, any, with a scheduler the "honors," must still have the feelings and the instinct of her sex, will for ever sit tamely by, hiding her hight under a bushel, and not showing that she "knows here is in singht." The weather has this see might been com-paratively favorable although at times a little inay, but of which farmers had taken advan-tage to prosecute their antimumal agricultard dependions. At Paris the supply of both home and foreign wheat was extremely circum-antimum and higher process were asside, but uniness was rather slow in its movements in pite of the firs in the provincial and British merkets, as millers were loth to pay such el-caded proces. Moreover, they still held suff-cient, stocks for the present and therefore deemed it predant to wait before renewing had realings. Consumption Marks flour has devoted I per sayk on the veck. At Bor deaux wheat had acquired a fresh advance. At Naries the tendency was advancing. At Have holders make but few offers and main mean firm position. At Marseiles busi-ness was very brisk at an improvement in wheat price. BEIGUEN.

dresses devised from the fashions of the time of Lonis XIII. At the wedding mass she will wear a dress of cloth of silver, with garlands brilliant with myrtle, orange flowers, and MONEY TO LO L.J. THE ENGLISH AND SCOTTISH Investment Company, of Baerda.

war a dress of cloth of silver, with garinads brilliant with myrtle, orange flowers, and hilding.
A manufacturer in Sheffield, England, lately showed a number of his workmen an assoriment of American goods, and, holding up a pair of tailors' shears, offered to give the trailes minoit the men belonzed to \$390 if any of them within a month would produce a pair cepted.
I is not education that gives to the artistic eye power, but it can give it it quickness and accuracy of execution. Bo the word-painters are not its men of smost languages, but of keenest perceptions, and that instinct of uterance that matics at attra in the right pace.
A tamp was arrested at Troyin company with a girl aged 12 or 18, whom he had induce to leave her home and tramp with him, promiting to mary her when she became old enough. The girl had walked 30 miles with in the day period. The fill haw mer they are now open no fewer than eligity-nice of these not be its lowers and the set is the institution so the word-painters are stored at the lottery been so fourishing in Rome, where they are now open no fewer than eligity-nice of these and of the people. Nowhere else is the institution so to take in the hard-earned pittaces of the people. Nowhere is its in dire back, no reword pay at the "lotto," will sell the hat matrass of their back, no rest.
A man who will put on wet stockings when he draws on new boots, will never have corns. Never let a show clealer chalk your boots.
