FRENCH OFFICIAL

its special wire to the Courier.

Paris, Oct. 26.—2:30 p.m.—Fighting has continued in the Champagne district at La Courvine with limited fluctuations, according to the announcement made by the French War office this afternoon. The stubborn resistance and the offensive activity of the French troops checked the counter-attacks of the Germans.

The text of the statement follows: "The close fighting in the Champagne district has continued in the vicinity of the position known as La Courvine, and the fluctuations of the tide of battle have been held to a limited area. The stubborn resistance of our troops and their immediate return to the counter-attacks of the enemy. A lively attack to the northeast of Massiges made us master of a German trench close to the positions recently conquered by us.

"Army of the Orient: During the day of October 22 Bulgarian forces attacked the French forces in the region of Strazgrad, and were completely repulsed. The information, according to which French forces have been repositioned on the right bank of the Vardar River, is erroneous."

An epidemic of scarlet fever stopped the milk supply of Hackensack, Englewood, Bogota, Leonia, and Maywood in New Jersey.
