Glasses That Become You cannot be picked out of a box on the shelf or from a card in a ten-cent store. They must be made especially for you. Glasses that are made especially to fit and become you usually cost no more than the ready-made kind that are carried around in a grip or kept in a box on the shelf. It's simply a question of facilities and skill. We have every facility for the manufacture right here on the premises of glasses for your individual requirements and we have the expert optical skill to make them right. Glasses are the most conspicuous things we wear. It doesn't pay to get along with "misfits."
