

What Society is doing

How Much.
"Cut off in youth's pride," the maiden cried:
"With the unloved years before him."
Laid low in the strife, how little of life
He has tasted—now Death circles 'er him."
But the other whose hair was silvered with age,
But whose soul Despair could not touch,
Said: "It isn't how long we live, dear child,
But—how much?"
"Tis not the years, 'tis the smiles and tears
That count in the game of living. The kind deeds done, and the battles won,
And the days brimful of giving. For the more we give, the more we live,
Father Time matters not so much. Oh, it isn't how long we live that tells,
But—how much?"
"Then my boy who was slain on far Flanders plain,
Has drained the goblet of life. He had offered to Truth, his bright manly youth; and Miss Billie and Katharine will follow later on."

Every Canadian Golf Club of importance has since the war devoted at least one day during the season for the benefit of the Red Cross or other patriotic purposes, by which means large sums of money have been raised which otherwise would not have been so easily obtained. United States golf clubs generally have accomplished great things in this way, so much so that this year leading "Chick" Evans has by Champion Golfers' Association have themselves in the hands of a committee to give exhibition matches at all the leading centers for this purpose. The Brantford Golf Club intend to do to its bit, and has been extremely fortunate in securing Messrs. George S. Lyon (Canadian Champion), Seymour Lyon, Irving S. Roberson and R. T. Keith, who are coming entirely at their own expense and will play a challenge game on Saturday the 22nd, at 3 p.m., which should prove one of the most interesting competitions ever played in Canada, and results will be watched with keenest interest. The club grounds will be open for two days, and tickets can be secured from Mr. George D. Heyd, honorary treasurer, or any of the directors. A dance in the evening will conclude the day's festivities.

AUSTRALIANS PARTICIPATED.
London, June 15.—(Associated Press)—The official Australian correspondent at the front in France gives the following account of Australian Machine-gunner's claim to have participated in the shorting down of Baron von Richthofen. "About 11 o'clock on the morning of April 21, the troops along the Somme and Ancre had heard distant popping from two fleets of British and German airplanes which had been fighting high over the German lines, when a German plane was seen diving after a British plane. "These two, detached from the flight, came so low that they were temporarily hidden by bills from the right of the Australian gunners and troops around them. Presently the sound of approaching engines was heard, and to vantage the crest of the hills by the river came the British plane, making directly towards a position where there were two Lewis guns. "Behind his plane could be seen the wings of the German plane pursuing. The German was pressing the English plane desperately close and firing short bursts from a machine gun. "When about a hundred yards away from the nearest Lewis gun the German plane, which at first had been obscured by the British plane, was now sufficiently clear to enable the guns to fire on it without risk of

STEAMER ABANDONED.
By Conjee Leased Wire.
St. Johns, Nfld., June 15.—Latest reports from the steamer Ascania indicate that she is filling with water and has been abandoned by her crew. Eighty of these have arrived at Port aux Basques and bring this news. They think that it is hopeless to try to refloat her. She lies right across the harbor of Rosblanche and blocks the channel there. Her captain and the rest of the crew are standing by the steamer awaiting the arrival of salvage steamers, but have little hope of saving her.
