ST. JOHN EXHIBITION

St. John, Sept. 4th.
A lot of amusing incidents occur
at a fair like the one in St. John.
Your correspondent can vouch for the
following:
A young man was served with an
enlivening cup of Vim Tea, with the
accent on the V. Shortly afterwards
he roamed out into the field and took
in "Faker's Row." He indulged in
the "Soak-the-Coon" game, but two
of the three balls for five cents went
wide of the darkey's head in the can-
vas sheet, but the third one sped to
its mark like a cannon ball and hitting
the negro in the neck, put the show
out of business. They had to get
another target.
"That's Vim Tea for you!" said
the young man to the crowd, feeling
his muscle.
The large garden and house where
Vim Tea is being sold are crowded
all the time. Everybody is delighted
with the strength, quality and aroma
of the new beverage.
One of the most visited booths in
the whole exhibition is that of J. J.
McGaffigan Ltd.'s Tea Rose Blend tea.
A half dozen prettily attired maidens
served this delicious brand of tea to
everybody in a handsomely canopied
space, gotten up at considerable ex-
pense. Large generous cups were
given with cakes and biscuits, and
the general verdict is "Delicious!"
While on the market but a short time
Tea Rose Blend is gaining in popu-
larity by leaps and bounds. Sales of
a few months ago are being quadrupled
nowadays and Messrs McGaffigan
Ltd. are finding it necessary to meet
the demand by extending their busi-
ness along all lines. Tea Rose tea is
guaranteed. If it is not what its
owners claim it is, it will be taken
back and expenses paid.
In a booth space literally covered
with a blaze of handsomely litho-
graphed advertising pictures Mr. E.
A. Smith, the Maritime Provincial
representative of Coleman's mustard,
starch, bluing etc., also Mr. Mc-
Laughlin's famous flours, is meeting
exhibition visitors most courteously,
and extending to them the hospitality
of both these great concerns in the
shape of samples of flour, mustard,
etc. The McLaughlin flours have only
been before Maritime buyers a year,
but in that time they have forged a-
head wonderfully in popularity. The
famous "Four Seasons" brand—a
Manitoba flour—is of the highest
grade, and those who have been given
baking samples speak very favorably
of it. "King" flour is an Ontario
product purely and famed for its
pastry qualities. "Oak" is the name
of the most reliable family flour, also
made in the McLaughlin mills.
Of the Coleman goods little need
be said. The firm name is as fami-
liar to the eyes of the civilized world
as the blue sky overhead. In the
famous manufacturing at Norwich,
England, thousands of people are
employed, the mill supporting a whole
community, from the farmers who
grow the mustard seed to the fire de-
partments. Coleman's starch is just

as well known as the mustard and their
bluing is world-wide in its reputa-
tion. To convey an idea of the im-
portance of the business carried on
by this great English firm, more space
than is available in this letter, would
be necessary.

Profit from Municipal

Telephones

British Municipal Journal

It is a pleasing duty this week for
us to record the fact that Tunbridge
Wells has made a profit of £130 upon
the first year's working of its munic-
ipal telephone undertaking, and that
the Glasgow accounts show a surplus
of £434. At both places, moreover,
the applications for connections are
very numerous—so much so, in fact,
that the corporations find difficulties
in keeping pace with them. These
figures will be a pertinent answer to
those pessimists and inter-ested gentle-
men who predicted civic insolvency
as the result of the enterprise, and
will encourage, we imagine, wavering
corporations to follow the example of
those who have so outrageously and
successfully shown the way.

Messrs. C. C. RICHARDS & Co.

Gentlemen,—In June '98 I had my
hand and wrist badly mangled by a
vicious horse. I suffered greatly for
several days and the tooth cuts re-
fused to heal, until your agent gave me
a bottle of MINARD'S LINIMENT,
which I began using, and the effect
was magical. In five hours the pain
had ceased, and in two weeks the
wounds had completely healed and
my hand and arm were as well as ever.

Yours truly,
A. E. ROY.

An interesting parliamentary paper
giving a return of the military forces
employed in South Africa from the
beginning to the end of the late war
has been issued. The garrison Aug.
1, 1899, consisted of 818 officers and
9622 men, reinforcements sent be-
tween then and the outbreak of the
hostilities Oct. 11, 1899, totalled 12-
546. Thereafter the troops sent up
to May 31, 1902, reached the great
total of 386,081, besides 52,414 men
raised in South Africa. The final
casualty figures are: Killed 5774,
wounded 23,029, died of wounds or
of disease 16,148.

A terrific eruption of Le Soufriere
volcano, on St. Vincent, took place

EXAMPLE FOR KENTVILLE.

(Halifax Recorder.)

The police are endeavoring to stop
boys from smoking cigarettes. Re-
cently the habit has become a mania
with certain youths, and numerous
complaints have been made. In the
police court on Saturday a very small
lad was fined \$2 or 3 days in jail for
smoking cigarettes. An offer is be-
ing made to stop shopkeepers from
selling the weed to boys, and a close
watch is being kept on certain places
where the lads are supposed to obtain
cigarettes.

Edith.—Oh George, papa says we
have got to wait a year, but that, if
we care for each other then, he will
consider the matter.

George.—I suppose he figures it
out that if I can afford to pay you at-
tentions that long, I can easily afford
to support you after we get marrisd.
—Brooklyn Eagle.
