PATENTS. OVER 65 YEARS' EXPERIENCE. TRADE MARK DESIGNS. Scientific American. MUNN & CO., 37 NASSAU ST., N. Y. City.

Be Warned by Headache. It tells of Serious Derangements of the Liver and Kidneys—Try Dr. Chase's Kidney-Liver Pills. You can stop a headache with powerful drugs. But it is not generally wise to do so. A headache almost always warns you of derangements of the digestive system, the liver, kidneys or bowels. Awaken the liver to healthful action by the use of Dr. Chase's Kidney-Liver Pills and you not only free yourself of headache, but remove the cause which will soon lead to more dangerous results than the headache. Pains are the result of poison in the system and whether you have headache, sickness or aching limbs, you can be almost sure of relief and cure by the use of Dr. Chase's Kidney-Liver Pills. They are wonderfully prompt, as well as definite and thorough in action. You can depend upon them, no matter how long-standing or complicated your case. One full dose; 25 cents a box; all dealers or Edmondson, Bates & Co., Toronto. Keep Minard's Lignum in the house.

Small Fruit and Dairy Farm. Pleasantly situated in Wolfville, near School and College, containing 28 acres, young orchard yielding 500 lbs. apples with small fruit, 12 roomed house with barn and out buildings in perfect order. Apply P. O. Box 383, Wolfville.

The Winners. Not to the swift, the race; Not to the strong, the fight; Not to the righteous, perfect grace; Not to the wise, the light. But often favoring feet Come nearest to the goal; And they who walk in darkness meet The sunrise of the soul. A thousand times by night The spirit's notes have died; A thousand times the vanquished right Hath risen glorified. The truth the wise men sought Was spoken by a child; The Alexander box was brought In trembling hands defiled. Not from my touch, the glass; Not from the stars above; Not from my hand, the life of man; Not from my tongue, the words of truth.

Robert Browning. Does it not seem a queer dispensation of Providence that the most popular of novelists and the most unpopular of poets should have been born in the same year—1812—and we are called upon to celebrate the centenary of their birth when they are at the zenith of their fame. Dickens has already been praised in most enthusiastic style throughout the world during this year. And now it is Browning's turn. We won't expect a tenth of the interest manifested Feb. 7, in Dickens to be expressed in regard to Browning, but the Browning Societies in England and America will not allow the occasion to pass without due solemnity. It is not with regret, and another very funny thing is the people, who snub at Dickens, are the idols of Browning.

It is a favorite contention of scientists that heredity and environment shape the man. We recognize the truth of this in Dickens, for his boyhood and early struggles fitted him to become the sympathetic portrayal of the plain people. On the other hand, Browning was born in the pretentious suburbs of London. He was cut out for a literary aristocrat. His father was a Banker, a man who loved art more than he did the gold which he shoveled out at the Bank of England. His early home life breathed poetry, art and music. He was thick and fat, and another very funny thing is the people, who snub at Dickens, are the idols of Browning.

It is a favorite contention of scientists that heredity and environment shape the man. We recognize the truth of this in Dickens, for his boyhood and early struggles fitted him to become the sympathetic portrayal of the plain people. On the other hand, Browning was born in the pretentious suburbs of London. He was cut out for a literary aristocrat. His father was a Banker, a man who loved art more than he did the gold which he shoveled out at the Bank of England. His early home life breathed poetry, art and music. He was thick and fat, and another very funny thing is the people, who snub at Dickens, are the idols of Browning.

Another book that got hold of poor Browning was Nathaniel Wanley's "Wonders of the Little World." Wanley was a Coventry divine of the seventeenth century, and his book is a fascinating little storehouse of odd facts and curious fancies. From this book the poet got his story of Pled Piper Hamelin and no end of material dealing with the occult. With such stuff and a thousand other readings it is no wonder he became the antipodes of Dickens, because he could not speak one language of the common people, never having had to work for a living, and who never had to stoop as a poet to catch the ear of the masses.

The pathetic note of the Browning centenary is the wish that he might have accepted advice from friends, even his wife, and taken more pains to make himself understood by the masses. The pathetic note of the Browning centenary is the wish that he might have accepted advice from friends, even his wife, and taken more pains to make himself understood by the masses.

Helpful Hints on Hair Health. SCALP AND HAIR TROUBLE GENERALLY CAUSED BY CARELESSNESS. Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to some one else. No matter how cleanly the owner may be, these articles may be infected with microbes which may infect your scalp. It is far easier to catch hair microbes than to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anyone else's hat. Many a hat band is a resting place for microbes. If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that it will cost you nothing for the trial if it does not produce the results we claim. This remedy is called Rexall '93' Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness, because of the results that it produces in thousands of cases. Rexall '93' Hair Tonic is devised to banish dandruff, restore natural color when it has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter and brings about a free, healthy circulation of blood which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that we think that Rexall '93' Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understanding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Wolfville only at our store—The Rexall Store, A. V. Rand.

Have You a Skin Rash. ZAM-BUK WILL END IT. For skin rashes, eruptions, eczema, etc., either in adults or children, there is nothing known to science which equals Zam-Buk in the quickness and certainty of its curative power. Mr. Raymond Webber, of Allanburg, Ont., writes: "I have tried Zam-Buk for many ailments, and every time have found it successful. Some time ago I had a bad rash all over my body. I tried home made salves, herb salves, and various home-made preparations, and these proved of no use, but when I tried Zam-Buk I was cured in a quarter of the time that I had been experimenting in vain with other preparations. "On another occasion I had one of my fingers cracked, and in that case also Zam-Buk was the only remedy I used. It healed the wound splendidly. "My boy had boils, and once again Zam-Buk brought about a complete cure. We have also used it as a household balm, for the injuries and skin diseases which are common to every person, and can say that in our experience there is nothing to equal Zam-Buk. "Zam-Buk owes its unique healing power to certain herbal extracts it contains. Unlike most ointments it contains no poisonous coloring matter animal fat, but is purely herbal. For eczema, piles, blood poison, abscesses, ulcers, cuts, burns, and all skin injuries and diseases it is without equal and should be in every home. 50c. box all druggists and stores. Use also Zam-Buk Soap, 25c. tablet. "The glamor of a 'career' does not dazzle every woman child. The little girl of whom Mack's National Mouth-Tonic still cherishes the ancient tradition. A teacher asked her class to draw a picture of what they wished to be when they grew up. All went diligently to work except one little girl, who only chewed her pencil. "Don't you know what you want to be when you grow up, Anna?" asked the teacher. "Yes, I know," replied the little girl, "but I don't know how to draw it. I want to be married."

An Invitation to Sickness. THIN, WATERY BLOOD LEADS TO A BREAKDOWN IN HEALTH. Thin, impure blood is an invitation to sickness. The blood is at work day and night to maintain the health and any lack of strength or purity in the blood is a weakness in the defense against disease. Anemia is the doctor's name for lack of blood—watery blood. There may be an actual loss in the quantity of the blood, or one or more of its constituents may be lacking. The surest symptom of anemia is pallor. The trouble is particularly common among young girls between the ages of fourteen and eighteen, but is also found in women of all ages and quite frequently attacks men. It is nearly always present and prevents recovery after grippe, fever, malaria and operations and for this reason a tonic medicine is required in all these cases to enrich the blood, build up the nerves and restore health and strength. And there is no other tonic so good as Dr. Williams' Pink Pills, as has been proved in thousands and thousands of cases, among them that of Miss Annie Turner, Marie Joseph Post Office, N. S., who says—"Dr. Williams' Pink Pills have been of inestimable benefit to me. I was so badly run down that I could hardly go about, was not able to help in the work about the house. As my health grew worse the trouble brought on some species of fit, and when these attacks would come on I would sometimes be unconscious for half an hour. After many other medicines had failed to help me, my brother got me a supply of Dr. Williams' Pink Pills and I began taking these. In the course of a few weeks I felt much better, and after taking the Pills for a time longer I was again in the full enjoyment of good health. I feel that I cannot praise Dr. Williams' Pink Pills too highly and I recommend them to all weak girls."

You can get these Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont. "What you do, 'chile?" "Nuthin', mammy." "My, but you is getting like yob father."

Prominent Features of The Excelsior Life Insurance Co. ARE High Interest Earnings, Low Mortality Rate, Economy in Management. These are the chief sources from which profits accrue. CAPT. S. M. BEARDSLEY, Wolfville, PROVINCIAL MANAGER.

Embarrassing. It is embarrassing sometimes, this thing of sudden religious zeal, that is, if you haven't made it a regular business. Witness the mistake made some time ago by a good woman who was a regular attendant at a church not far from Wolfville. One Sunday morning her pastor preached an inspiring sermon on the subject of welcoming the "Stranger Within Thy Gates." He urged upon his membership the duty of giving a cordial greeting to strangers who happened in at that church. "That good woman was much impressed with his remarks. As she turned round to leave the church she discovered an unfamiliar face in the pew immediately behind her. With a radiant smile she extended her hand. "I'm glad to see you out this morning," she said. "Thank you," replied the stranger with a merry twinkle in his eyes. "Do you come often?" sweetly asked the good woman. The stranger smiled. "I have been occupying this pew for the past seven years," she said. There was an embarrassed silence, and then the good woman turned and started out. It was noticeable that she made no further attempt to greet any stranger that morning.

They were twitting a friend who stutted upon the fact that he had never been married. "I know know boys, that I've never been married, but I was peen pretty user I once."

Well, you see, I ask-ask-asked a girl to have-hav-hav-hav me, and she said that she'd rather be a-corned, and I was such a to-to-fool I corn-corned her."

Two dear old ladies were discussing husbands. Said the first, "I have been married three times. Each of my husbands is dead, though. They were all cremated."

Her friend was a dear old maiden lady. She listened attentively to her friend and when she had concluded the sad story of her life she said: "How wonderful are the ways of providence. Here I've lived all these years and have never been able to get one husband and you've had husbands to burn."

The Control of Insect Pests in Canada. The Division of Entomology of the Dominion Department of Agriculture, Ottawa, has recently issued a bulletin by Dr. C. Gordon Hewitt, Dominion Entomologist, on 'The Control of Insect Pests in Canada.' An account is given of the history of the war against insect pests in Canada and of the manner in which insect pests have invaded the country as it has been gradually opened up and cultivated. The manner in which the Dominion and Provincial governments are endeavoring by legislation and other means to prevent the introduction of insect pests into Canada and the increase and spread of those pests already here is described. An interesting summary of the various lines of work undertaken and carried on by the Division of Entomology at Ottawa is given and the general public will no doubt be surprised at the many problems which come within the scope of the Entomologists who are called upon to deal with insects in their relations to all the varied activities of man; insects affecting farm crops, fruit growing, forest and shade trees; insects attacking man's possessions and infesting houses, attacking domestic animals and finally affecting the health of man. All insects, however are not injurious and the work of the Entomologist includes bees and bee-keeping and the study of parasitic and other enemies which may be of assistance in obtaining control of insect pests.

The June Bride and Groom. A distinguished minister preaching on the real or fancied decrease of family life in this country said that there would be few couples indeed who would continue to care for each other after five years of married life, if they did not have either children or religion to hold them together. Whether this statement is true or not is of small consequence. The important truth that the minister reached for and missed is that two married people will inevitably drift apart unless they have some vital interest common to both. There are couples who have religion yet do not get on well. There are couples with children upstairs and downstairs, and all over the yard and in their neighbor's orchard, yet without any kindly feeling over the other. But was there ever a couple that did not get on famously and love each other more and more if they had in common that one paramount interest—whether it was children or religion, or keeping shop, or what not—which makes marriage a partnership?

The Bitter Chaff Removed. The men who blend, prepare and pack Red Rose Coffee know well what will offend the judges of coffee. They crush—not grind—the fresh-roasted bean into small, even grains which brew readily and settle quickly to pour bright and clear. The chaff is removed, and with it the bitter essence you have disliked in other coffees. You will surely like ESTABROOK'S Red Rose Coffee.

TIP TOP TEA IS GREAT. BUY TIP TOP TEA AT 40c. Tea at 30c. averages about 150 cups to the pound. The 40c. grades makes 200 cups. This shows the wisdom in using TIP TOP TEA AT 40c. You get a stronger, richer tea at the same cost of cheaper grades. Try a Pound of TIP TOP TEA at 40c.

ROYAL BAKING POWDER Absolutely Pure. The only Baking Powder made from Royal Grape Cream of Tartar. NO ALUM, NO LIME PHOSPHATE.
