

Pure Bred Stock Breeders Directory

The Branch of the Live Stock Commissioner at Ottawa has issued a revised edition of the Directory of Breeders of pure bred live stock in Canada. According to the preface page the work is a compilation of information received through correspondence from breeders in all the provinces in regard to the size of their breeding herds, and the number of males and females of the several breeds they have for sale. The directory is prepared to assist persons in locating herd studs and flocks in their respective neighborhoods, or in distant provinces from which pure bred animals may be procured. It is stated in the Directory that copies will be sent to ranchmen, stock breeder secretaries of farmers' institutes, agricultural societies, live stock associations and others who may apply for them.

Among the official appointments announced from Ottawa is the following:

Farming Notes

"The object of good farming is not primarily to make money, but to make a home and develop character in the children who are to carry on the business after their parents have been laid in their last resting place. Therefore, the life of the farmer and his wife who fail to educate their children properly is a failure, no matter how much money they have in the bank."

Many accidents, both to human beings and animals, are preventable. Pitchforks left lying about cause some of them, boards with upturned nails in them cause others, sharp axes and knives left in the way of enterprising unwarned children cause still more and so on the list goes. On some farms it seems as though the owners must keep up a constant campaign against careless methods on the part of hired men and boys, but it is worth while to do so. With the latter, especially, a good example and constant careful training will work wonders.

What a Hustler Can Do

The reason why some towns grow is because there are men of push and energy in it who were not afraid to spend time and money to boom their town. They erect substantial buildings, organize stock companies and establish factories, secure railroads, work for public improvements and use every means in their power to induce people to locate in their city. Wherever they go they tell of the advantages of their town, they write about them in every letter, they send circulars and newspapers; to all whom they can get to visit the city, and when anyone visits them treats him so kindly that he falls in love with them and their city at once. It is enterprise and everyone pulling together that makes a progressive town, and don't let the fact escape your memory.—Galt Reporter.

Parisian Sage Cures Dandruff

If it don't The Alberta Drug & Book Co. Will Give You Your Money Back.

Yes, Parisian Sage, the most invigorating hair restorer, cures dandruff and grows hair. The women of Canada, who have luxuriant hair, know it does, and that is why thousands of attractive women throughout the land are regularly using it.

For years this almost marvelous grower of lustrous and beautiful hair was confined to the elite of Europe and New York City, but about two years ago it was given to a select list of druggists, and today can be obtained in any city or town in America where society women of refinement dwell.

Parisian Sage is the most delightful hair tonic in the world. It makes the hair soft, lustrous and luxuriant in a few days. It is perfumed most daintily and is not sticky or greasy. It stops itching hair, cures dandruff and itching scalp in two weeks or money back.

Cardston Drug and Book Co. sells it for 50 cents a large bottle and guarantees it, or direct, all charges prepaid, by Canadian makers, Giroux Mfg. Co., Fort Erie, Ont.

Chamberlain's Stomach and Liver Tablets assist nature in driving all impurities out of the system, insuring a free and regular condition and restoring the organs of the body to health and strength, sold by all dealers.

At Zion City, Wilbur Glenn Voliva, successor to the late John Alexander Dowie has won back most of the power he lost at the election a year ago.
