THE BEST REMEDY

AYERS

n diseases of the pul-nonary organs a safe and reliable remedy is invaluable. Aven's

invaluable. AYER'S CHERRY PECTORAL is such a remedy, and no other so eminently merthe public. It is a sci-entific combination of the medicinal princi-ples and curative vir-CHERRY the greatest possible efficiency and uniformity of results. It strikes at the foundation of all affording prompt relief

and rapid cures, and is adapted to patients of any age or either sex. Being very palatable, the youngest children take it readily. In ordinary Coughs, Colds, Sore Throat, Bronchitis, Influenza, Clergyman's Sore Throat, Asthma, Croup, and Catarrh, the effects of Aver's Cherry Pectora, are magical, and multitudes are annually preserved from serious illness by its timely and faithful use. It should be kept at hand in every household for the protection it affords in sudden attacks. In Whooping-cough and Consumption there is no other remedy so efficacious, soothing, and helpful.

Low prices are inducements to try some of the many mixtures, or syrups, made of chean and ineffective ingredients, now offered, which, as they contain no curative qualities, can afford only temporary relief, and are sure to deceive and disappoint the patient. Diseases of the throat and lungs demand active and effective treatment; and it is dangerous experimenting with unknown and cheap medicines, from the great liability that these diseases may, while so trified with, become deeply seated of incurable. Use Ayer's Cherry Pectoral, and you may confidently expect the best results. It is a standard medical preparation, of known and acknowledged curative power, and is at cheap as its careful preparation and fine ingredients will allow. Eminent physicians, knowing its composition, prescribe it in their practice. The test of half a century has proven its absolute certainty to cure all pulmonary complaints not already beyond the reach of human aid.
