above the mule at the North, certain it is that, the position of the Arekanasa correspondent of the American Farm Journal, favoring the mule in Southera agriculture, is well aken;

Mules on an average are more aluable than horses, are more easily used, are not ao aubject to disease, e not likely to run away in wagon, and ploughing, are longer lived. I do more work and require less i and attention; they are atrong will draw heavier loads and standat ded more hardship, and are related are easily of their being ready for light work three years old. They will o enough work on the farm to their feed, and after having d the age of four years, they ly for any kind of service, horse (colt) must be kept is four years old before he if at all, and when he is four be a first rate colt to bring as the mule will at two flut assume the animal quirted for farm work, see renice there is in favor of The working life of the box safely eathers?

Brown to Simpson—A Challenge is being work in the farm of the Arisan and the contract of the proposed in the source of the proposed in the source of the last work in the farm to the contract of the contract of the last work in the farm to the contract of the vincement and the small and eather that Livingstone, who reported of it upon here are the finish my intending the set of the Lady Alice will be set to disease, e not likely to run away in wagon, and the first English and couls and a such as the contract of the vincement and the amine and intended to it upon hereave at a great distance of the small attended to it upon hereave at a great distance of the distance of the mine and intended the notes and intended the new leaf that a lay and the sections of the Lady Alice will be active to disease, and in the country people with dwarfs, another is said to possess the mule will at two littless of the vincement to the animal end the metal that an animal regreated that the animal end the metal to the safety and the first English and the first English and the coolness, presence of this popular Ad

The working life of the be safely estimated at and that of a horse at low-while a mule is work. The West Durham News—in which extracts from Mr. Brown's begging epistle to Mr. Simpson first appeared refrases to be put off with Senator George's assertion that the cutire Grit election fund in 1872 was only about 3,700, and thus squarely challenges to Dictator:

"From evidence in our possession we are prepared to risk the assertion that had Mr. Brown said the sum was \$37,000 he would have been much nearer the mark than when he said it was \$3,700, and we will make this proposition. As Mr. Brown is the power behind the throne that directs the food, on ity food being m. There are in favor of the o mention.—

Which, for tone and power, are not equiled by any instruments in this markst. o mention.—
Government to get one of the judges of the Superior Courts appointed a commission to try the case, we will andertake to show that—at the least andertake to show that—at the least—the Toronto fund was \$90,000, or saistant so so harm factory in ug in the degree, than the whole Province and including the "out counties"—as he dints that this was the only fund got up by his Party—we will show that is amounted to not less than \$300,000, hould we fail to establish this we they ing as the will pay the expenses of the commission; but should we establish it, Mr. Brown will pay the expenses,"

This is a fair, business-like challenge. There is an old one of Sir John Macdonald's standing, which Mackenzie has not seen fit to accept. Will Mr. Brown toe the mark? His seen instrument is dear at any price.

Orders for instruments, musto books.

tiem, His refusal to further the ulry which is now offered him, of all charge to himself if the cham News fails to prove its state-tes, will be taken as strong proof he has been quibbling in respect e "big pash" and "grand shove" which he wished Mr. Simpson, others, to come down "hand-y." Mr. Brown's political to we bed quite certain, will exmr. Brown's political, we teel quite certain, will ex-m to meet this challenge like -if he can.
