THE GREAT SOUTH AMERICAN

Stomach Liver Cure The Most Astonishing Medical Discovery of the Last One Hundred Years.

It is Pleasant to the Taste as the Sweetest Nectar. It is Safe and Harmless as the Purest Milk. It is Safe and Harmless as the Purest Milk.

This wonderful Nervine Tonic has only recently been introduced not this country by the proprietors and manufacturers of the Great South American Nervine Tonic, and yet its great value as a curative useful has long been known by a few of the most learned physicians. agent has long been known by a few of the most learned physicians, who have not brought its merits and value to the knowledge of the

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from whatever cause. It performs this by the great nervine tonic qualities besides 13 other Gold Medals obtained which it possesses, and by its great curative powers upon the digestive in different p rts of the world. This is organs, the stomach, the liver and the bowels. No remedy compares a record-breaker in the soap Kingdom. with this wonderfully valuable Nervine Tonic as a builder and strength ener of the life forces of the human body, and as a great renewer of a broken-down constitution. It is also of more real permanent value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nerv ousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nervine Your, almost constantly, for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten or fifteen years to the lives of many of those who will use a half dozen

IT IS A GREAT REMEDY FOR THE CURE OF

Nervous Prostration, Nervous Headache, Sick Headache. Female Weakness, Nervous Chills, Paralysis, Nervous Paroxysms and Nervous Choking, Hot Flashes, Palpitation of the Heart, Mental Despondency, St. Vitus' Dance, Nervousness of Females, Neuralgia,

Pains in the Heart.

Pains in the Back,

Failing Health,

Weight and Tenderness in Stomach Loss of Appetite. Frightful Dreams, Dizziness and Ringing in the Ears, Weakness of Extremities and Fainting, Impure and Impoverished Blood, Boils and Carbuncles, Scrofula. Scrofulous Swellings and Ulcers, Consumption of the Lungs,

Ir digestion and Dyspepsia,

Heartburn and Sour Stomach.

Debility of Old Age,

Bronchitis and Chronic Cough, Liver Complaint, Chronic Diarrhoa Delicate and Scrofulous Children, Summer Complaint of Infants.

All these and many other complaints cured by this wonderful Nervine Tonic

NEEVOUS DISEASES. As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nervine Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine-tenths of all the ailments to which the human family is heir are dependent on nervous exhaustion and impaired diges-When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow, and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied; and a thousand weaknesses and ailments sappear as the nerves recover. As the nervous system must supply al the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This South American Nervine has been found by analysis to contain the sential elements out of which nerve tissue is formed. This accounts

for its universal adaptability to the cure of all forms of nervous de-Crawfordswille, Ind., Aug. 20, '86.

To the Great South American Medicine Co.:

DEAR GENTS:—I desire to say to you that I have suffered for many years with a very serious disease of the stomach and bervers. I tried every medicine I could hear of, but nothing done many appreciable good until I was advised to try your Great South American Nervine Tonic and Stomach and Liver Cure, and since using soft south American Nervine, which done me more several bottles of it I must say that I am surprised at its wonderful powers to cure the stomesh and general nervous system. If everyone knew the value of this remedy as I do you would not be able to supply the demand.

J. A. HARDER, EX-True. Montgomery Co.

A SWIGER CHOE FOR CT.

WILKINSON, of Brownsvalley, Ind., says: "I had been in a distressed condition for three years from Nervousnes, Weakness of the Stomach, Dyspepsia, and Endigestion, until my health was gone. I had been doctoring constantly, with no relicf. I bought one bottle of South American Nervine, which done me more good than any \$59 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely remedy; a few bottles of it has cured me completely. I consider it the grandest medicine in the world."

Neighbour—Does your father house you live in?

Boy—No indeed. It's his own by the constant of the stome stome the world."

A SWORN CURE FOR ST. VITAS' DANCE OR CHOKEA.

My daughter, eleven years old, was severely afflicted with St. Vitus' Dance or Chorea. We gave her three and one-half bottles of South American Nervine and she is completely restored. I believe it will cure every case of St. Vitus' Dance. I have kept it in my family for two years, and am sure it is the greatest remedy in the world for Indigestion and Dyspepsia, and for all forms of Nervous Disorders and Failing Health, from whatever cause.

State of Indiana, State of Indiana, Montgomery County, \} 88:

Subscribed and sworn to before me this June 22, 1887.

CHAS. W. WRIGHT, Notary Public.

INDIGESTION AND DYSPEPSIA. The Great South American Nervine Tonic

Which we now offer you, is the only absolutely unfailing remedy eve discovered for the cure of Indigestion, Dyspepsia, and the vast train of symptoms and horrors which are the result of disease and debility of the human stomach. No person can afford to pass by this jewel of incalculable value who is affected by disease of the stomach, because the experience and testimony of many go to prove that this is the one and what kind of boys go to heaven? Sammy in disorder; the marvellous victory when you feel tempted to stay away what kind of boys go to heaven? only one great cure in the world for this universal destroyer. There shuffling his feet. Dead boys,' he said. is no case of unmalignant disease of the stomach which can resist the worderful curative powers of the South American Nervine Tonic.

Harmet E. Hall. of Waynetown, Ind., says:

"I owe my life to the Great South American Nervine Tonic.

Mas Ella A. Brattos, of New Ross, Indiana, Says: "I cannot express how much I owe to the Servine. That been in bed for five months from the effects of an exhausted stomach, Indigestion, Nervine Tonic. My system was complictely shattered up all hopes of getting well. Had tried three doctors, with no celler. The first bottle of the Nervine Tonic, and continued its use for salk about, and a lew bottles cured me entirely sured in the Werling Hopes of getting well. The first bottle of the Nervine Tonic, and continued its use for salk about, and a lew bottles cured me entirely sured. I is the proposity and the world. I is the grandest remedy for nerves, stomach and law bottles cured me entirely cured. I is the propositive of the Nervine Tonic, and continued its use for many cases induce fatal lung troubles. It shall not sign only 23 killed in the action—these and similar law the action—these and similar cure, try it. Sold everywhere, only 25 conts.

No remedy compares with Solth American Nervine Tonic.

No remedy compares with Solth American Nervine Tonic.

Harmet E. Hall. of Waynetown, Ind., says:

"I cannot express how much I owe to the Nervine. Tonic and spitting of the first stages of consumption, an inheritance handed down in the offensive, and a general shattered says: "I cannot express how much I owe to the Mervine. That a stage of consumption, and inheritance handed down in the offensive, and a general shattered says: "I cannot express how much I owe to the Order is an extended him with only 3,000 infantry against 50,000 foot and 14,000 horse, and sent the whole army in headlong rout before him, losing only 23 killed in the action—these and similar action—these and similar cure, try it. Sold everywhere, only 25 consumption, an inheritance handed down in the offensive cischarge from the disease of consumption, an inheritance handed down in the off

When Arkwright had almost perfected his first power loom, he found that the varn as it was delivered through the rollers had an awkward, fatal trick of curling back He puzzled over this serious ob stacle. At last he took the local blacksmith, who made his early machines, into counsel, and the man, one Strutt, told him he thought he could cure it. Arkwright asked him his terms. Ten years' partnership, and equal profits, was the reply. This was too much for Arkwright, who, like Naaman of old turned and went away in a rage. But the yarn still curled, and dash ed his hopes. At last he reluctantly

blacksmith insisted that the deed of partnership should be executed Throa , Coughs, etc. Save \$50 by use rollers and apparently rubbed one of one by: Warranget by E. Lee of them with his hand. Instantly the yarn was delivered as was wished, Arkwright found that his new partner had only rubbed one

of the rollers with a piece of chalk, in other words, proved that one of them should have a different surface from the other. The exe-crations of the enraged manufacturnew bonnet, and they wont waste any time er were unspeakable. But the compact held, and in the end the blacksmith became Lord Belper.

Experiment Station connected with Correl. Un versi y opried on a serie of experiments, with her I s that at decid div instructive. Four trosand jourds of horse manure, abou one-seventh to weight being co wheats raw bedding was piled up in the field for six months, and fr in chemical analysis, made at the be ginning and at the end of the experiment, it was found that the heap had actually lost sixty per cent. o its nitrogen-its most important ferilizing element, forty-seven per cent. if its phosphoric acid, and seventy.

six percent, of its potash, making an verage loss of sixty-one per cent the elements that should have te to errich the land. A portion this less was unmonbredly due t lice-fanging', for in another experiment with five tons of cow manufe exposed to the same conditions, seven hundred pounds of wheat straw bedding and land plaster being scatered through the heap, it was found hat the loss in nitrogen was fortyone per cent., and the loss of potash, eight per cent. In the cow manure there was less heating and be consequently less loss, though the waste in cow manure was certainly startling, averaging as it did thirty per cent. The Station also found rom exemination that horse man. CHEAP CASIL SHOE STORE, Newcastl re, heaped in a locse pile in a box-

stall for six monthe, lost an average of forty-two per cent. of all its fertilizing material. In another experiment where horse and cow manure were mixed together and thoreghly compacted, so that air could ot readily penetrate the heap, which STEAM NAVIGATION CO'Y. resulted in a less amount of fermen. tation, the average loss from exposure o the air was but nine per cent. From all its experiments the Station | one'udes that under the ordinary conditions of piling and exposure of manure fifty per cent, or one half of ts original value is lost during the course of a summer. The lesson from these experiments is obvious.

Manure thrown out loosely under the eaves of a barn loses certainly three fourths of its value, while if piled up loosely in the field for six months, n -half of its value is quite sure to lisa, pear. To save practically the for Douglasicwn for Newcastle, (Call's Wharf), etween six and seven acres, in a good state of whole value, the various kinds of dressing should be composted together and made thoroughly compact to prevent fermentation, or occaionally forked over when signs of heating occur-and the piles kept under cover, or upon a cemented or hard clay basin that will not permit either leaching through the points named ground or washing away into brooks ter how tender or dell- and livers.
