

# WILL HAVE A FINE STREET CAR SERVICE.

**Extensions Agreed Upon by Company.**  
**City and Cataract Square Accounts.**  
**Increase in Street Railway Earnings.**

The extensions agreed to by the Street Railway Company and approved of by the conference sub-committee will, in the event of a settlement being effected, give a splendid service in every section of the city. Provision is made for relieving Barton street of the heavy traffic from the Harvester Works and east end industries during the rush hours and for the building of extensions which will serve districts that have long felt the need of street car accommodation. Following are the extensions agreed upon:

The Herkimer street line will be extended westerly to Locke street, and southerly to the Brantford & Hamilton tracks, making a stub end.

York street tracks will be extended to the cemetery gate and a new line built from the corner of York and Dundurn streets, southerly on Dundurn to Main street, making a stub end there for the present, although the company intends when the new Garth street bridge is built to extend this line to Herkimer and Garth streets, joining the new extension there.

The northeastern extension, for the present, provides for a line over Ferrie street, from James to Wellington. The aldermen, however, say they will insist on this going as far as Emerald street.

The southeastern extension will have a line running south on Wellington street, from King to Stinson, and then easterly to Wentworth, jogging north to Sherman avenue and running easterly to Sherman street.

The aldermen think there should be a cross line in the southwest, over Bold, from Locke to James street. They believe that the incline car could be used to give a service along this street.

Another extension that the sub-committee wants to have is the proposed line on Wellington street south built northerly from King to Barton street.

One of the best improvements proposed by the company is to handle the big traffic from the east, during rush hours (Continued on page 12.)

## M. & M. TROUBLE IN COURT AGAIN.

**JUDGE MONCK FINDS HARRY JAMES WAS NOT DRUNK.**

Barrister Lewis instructed to bring action against Richard Baird because of James' arrest.

Judge Monck presided at a session of the Ninth Division Court this morning. There were fourteen cases on the list, which included an appeal from a decision of the Police Magistrate in the case of Harry James, who was fined \$2 on a charge of drunkenness recently. Mr. A. M. Lewis appeared for the appellant, and Mr. F. R. Waddell represented the city. Mr. Waddell raised a technical objection to the re-hearing of the case, and this was noted, and the evidence heard, subject to the appellant's solicitor citing law to disprove the City Solicitor's contention.

P. C. Reynolds testified that he was sent to the M. & M. Hotel to do special duty at the request of Richard Baird, who had bought James out. He was told that there was some trouble between the new proprietor and his predecessor. About 11 o'clock a stone crashed through the window of the hotel, and he ran out. He was told that a man had run up the yard of the fire hall. Witness ran up the lane to Hughson street, and James and a man named Sullivan were standing near the corner. Sullivan ran away, and he arrested James. He took James to the M. & M. and Mr. Baird said, "Lock him up." He swore that James was under the influence of liquor, but on cross-examination would not say he was staggering or noisy.

# IS ARCHBISHOP M'EVAY NOW

**Hanged Twenty.**  
Kherston, Russia, May 22.—Twenty peasants, who took part in recent agrarian disorders in the Yekaterinograd district, were hanged here this morning, after being condemned to death by a court martial. They belonged to a peasant association, the avowed object of which was to drive out landed proprietors by the burning of their estates.

## BROKE RECORD.

**Made the Fastest Trip of Any Steamer Across the Ocean.**  
**Now Lost in the Mist Somewhere Near Sandy Hook.**

New York, May 22.—Somewhere out near the Sandy Hook lights, in the dense fog bank, which has been hanging over the ocean since yesterday, the big liner Lusitania is swinging at anchor today, probably once more the unrivalled queen of the seas. When the giant turbine shot past Fire Island at 1.04 a. m. to-day, at a speed of 30 miles an hour (more than 25 knots) and was lost in the mist, she was carrying a record of hours faster than ever made before by a ship on the long trans-Atlantic highway. Since that moment she has been completely lost to view as if in mid ocean, but the wireless has told that she continued her flight over at least most of the 27 miles which separated her from her goal. Just where she was when the wireless was sent even those on board the steamer did not know, but on shore it is taken for granted that Captain Watts made certain that he had passed the record line off the lights before letting down his anchors. Wherever she is, there she must remain until the fog lifts sufficiently to permit her to work her way cautiously up through the narrow channels to the harbor and her dock.

**May Win Subsidy.**  
New York, May 22.—Atlantic records for average speed and for the shortest trip over the long course were broken by the Cunard liner Lusitania, which arrived here to-day. The big ship anchored off the Sandy Hook lights in a heavy fog at 2.45 this morning, just four days, 20 hours and 22 minutes after she passed Daunt's Rock. This beats the best previous time for the long course made by her sister ship, the Mauretania, by three hours and 35 minutes, and is only one hour and 42 minutes longer than the Lusitania's record of 4 days, 18 hours and 40 minutes, over the short course.

The Lusitania's average speed for the voyage was 24.83 knots, and this time goes far toward securing for her owners the British mail subsidy of \$750,000, promised when the Lusitania and Mauretania each shall have averaged 24.50 knots per hour or better for a round trip passage.

## DID HIS DUTY.

**Police Commissioners Sustained P. C. May.**

At the meeting of the Police Commissioners at noon to-day there was nothing done about expropriating the lot in the west end which the police want for a new patrol station.

The old Timson matter came up again. Staunton, O'Heir & Morison asked the Board to reconsider the resolution to cut Timson off the Benefit Fund. The Board resolved to send the law firm a copy of their former resolution and let the matter rest at that.

Constable Tuck, at present doing plain clothes duty, asked for 25c a day extra while he is out of uniform. This was granted, and P. C. Sayers and Rouson were also allowed 25c a day extra for the time they were in plain clothes. Constable James Clark was granted a month's leave of absence from June 9. Good conduct badges withheld from Constable Fuller were asked for, but the Board declined to act.

Constable May was upon the carpet on a peculiar charge. A. B. Mackay and E. A. Fowler charged May with a breach of his duty in ejecting them from the Grand Opera House on May 6. Mr. Mackay said that on the night in question he and Mr. Fowler went to the Opera to see the "Red Mill." They had their tickets which were in the first row and the usher told them they could not get their seats till after the curtain was dropped. He and Mr. Fowler asked for Mr. Loudon and when he came he put them out into the lobby. He offered them their money back, but they refused. After hearing Mr. A. R. Loudon and others the magistrate remarked, "I think he did his duty and did it commendably. The others agreed and the charge was dismissed." Mr. Mackay announced his intention of proceeding against the Opera House.

## INTEREST IN M'KAY'S VISIT.

**Bespeaks a Bumper House on Tuesday Next.**  
**R. A. Thompson Meeting With Great Success.**  
**Temperance People Submit Questions to Candidates.**

From the number of enquiries being made and the great interest everywhere shown in the coming visit of the Liberal leader, Hon. A. G. MacKay, a bumper house is assured at the Grand next Tuesday evening. Requests have been received from surrounding places for seats on the platform and in the house. Hon. Mr. MacKay's splendid addresses throughout the country, and his pointed letters to the electors have created a wide interest and all classes want to hear him.

R. A. Thompson's campaign in North Wentworth is going along splendidly. Everywhere Mr. Thompson is making new friends and receiving the warmest encouragement. There was a splendid rally at the Liberal rooms in Dundas last night, the feature being the large attendance of enthusiastic young men.

Gordon Wilson, Mr. Thompson's machine Tory opponent continues on his one-plant platform, abuse of Charles Collins. He scornfully mentioned any other subject at the Westover meeting. What little else he did say was abuse of R. A. Thompson, the Liberal candidate.

## CIVIL ACTIONS.

**Verdict Against Contractors on the B. & H.**

The jury in the action of Dini vs. Nicholson, returned a verdict of \$500 in favor of the plaintiff, last evening, for damages for the death of Tony Panzani, deceased, who was working for Nicholson & Riley, while the latter were doing the contracting work on the B. & H. Railway. A stick of dynamite was left in a hole, and Tony struck it with a pick, exploding it and blowing him to pieces. The father and mother of the deceased brought the action. George Lynch, St. Margaret's, K. C., for the plaintiff, and S. F. Washington, K. C., for the defendant.

The action of Spence vs. Gibb, for \$1,500 for the loss of a finger in the Gibb Paper Box Factory, was taken up. The plaintiff is an infant named Margaret Spence, and she was working on one of the machines when she claims it pulled her finger in the slot, and took off the top. The defence denied the allegations of the plaintiff, and disclaimed negligence.

# THE MAN IN OVERALLS

register to-night.  
The street railway extensions can't come too soon.  
The Hon. Cornelius Amory Pugsley is mentioned as a Vice-Presidential candidate. Any relation to our friend Pugsley at Ottawa?  
That was a true speech of Wardrop's, everybody was saying to-day.  
Well, Senator Tom Platt was old enough to know better. Mae Wood, but he wouldn't.  
The man who rocks the boat is about due to get his name in the papers.  
This is what might be called postponed games weather.  
Read the ads. in to-night's Times. There is something in them for most everybody.  
Empire Day! Off hats to Mrs. Fessenden!

## IS ARCHBISHOP M'EVAY NOW

The Bishop of Hamilton, as senior bishop of the ecclesiastical province of Toronto, has just received official information of the appointment of the Right Rev. Dr. McEvay, Bishop of London, to the position of Archbishop of Toronto. Archbishop-elect McEvay has not yet announced at what date he will take possession of the metropolitan see.

The new and distinguished honor which has come to Bishop McEvay will be a source of gratification to his many friends in Hamilton. Prior to his appointment as Bishop of London he was rector of St. Mary's Cathedral, having been appointed to that charge in 1889; and filling it with marked distinction until 1899.

Hamilton people, generally, hope the advancement of Bishop McEvay will mean that further honors will come to Hamilton clergy.

Why did Mr. Hendrie have Mr. New bounced from the License Commission? But if Harry Thaw is sane now, how long will he stay that way?  
The first man found passing money for votes goes to the cooler in double quick time. There will be no crookedness on this side, and if we know it there will be none on the other side. The jail yawns for the long green man.  
I hope my North Wentworth friends are seeing that Mr. Thompson will poll the full Liberal vote, and a few Tory ones as well.  
It looks to me as if London is to keep out of the Hydro-Electric Power scheme. It's too much like a come-on game.  
You remember how Scott abused the church people. Nice man to represent Hamilton.  
Are we going to have an epidemic of droppings? Be careful.  
That Scott procession will be a sort of a kiltie affair. A steam caliope and a rube band would add to the force and amuse the small boys.  
"Trust the people." That's just what Mr. Hendrie is afraid to do, and the people don't trust him.  
The city dock is all right. I wish we had more of them.  
Now Dr. Carr will be telling around that it was Mr. Scott that collected the money to build the Queen's statue.  
Now, boys, see about your registration to-night.  
Mr. Hossack has lost all confidence in Whitney. He has discovered in him the unjust steward.  
That was a rattling good speech Mr. Wardrop made. Now, if Mr. Hendrie could talk like that.  
The Scott procession is the latest freak, and he the most unpopular man in all Hamilton.  
Talking about immigration, Whitney has agents in the old country enticing men to come to Ontario instead of to the Northwest.  
There was no prison labor contract in the Central Prison when Ross quit the job. Whitney reintroduced the contract system when he came on deck.  
Did you read McElenmont's speech in last night's Times? It was good, wasn't it?  
Have you seen that your name is down on the voters' list? Make sure.  
If not, register to-night or to-morrow.  
Don't forget MacKay on Tuesday.  
Just a little sunshine.  
The heavy rains we have been having lately are attributed by some to the strength of the local opinion sentiment in the Province and in favor of cold water.

## DIED OF BURNS.

Montreal, May 22.—The death took place this morning under pathetic circumstances of Miss Nellie Wilson, daughter of the late Thomas Wilson, who in his life time was a well known member of the Montreal Stock Exchange. Last Sunday, while visiting Mrs. Benedouet, Baile street, Miss Wilson set fire to her clothes while extinguishing a lamp. Her injuries proved fatal to-day. Miss Wilson was engaged to be married and the ceremony was to have taken place in a short time.

## Kilties on Deck Saturday For Turbina's Opening Day.

Another big attraction for Saturday's excursion on Turbina to Toronto will be the concert given by the 91st Kiltie orchestra, dressed in their latest uniform, leaving Hamilton 10 a. m. The return, good to return 26th. Come and enjoy yourself.

**Closed Monday.**  
Monday being a public holiday, our store will be closed. Kindly favor us with your Saturday order. Extra help and extra wagons have been provided, thus assuring prompt delivery. An abundant supply of table delicacies, early vegetables, fruit, cooked meats, etc. Regular Beach deliveries.—Bain & Adams, 89, 91 King street east.

**Bargains at Both Stores.**  
Gilbert, the shoe man, announces a 10 per cent. reduction on trunks, suit cases and valises for the holiday trade. His stock of shoes is large and varied. Gilbert is noted for values. See him to-morrow at 27 King street east, and 23 MacNab street north. Open evenings.

The marriage of Miss Elsie Creighton and Mr. Leggett, of this city, will take place in Brantford in three weeks.

# GUILTY OF MURDER; THE VERDICT GIVEN.

**Will Lynch Him.**  
New Orleans, La., May 22.—A Picasune special from Meridian, Miss., last night says that the negro, Lewis Watson, who killed Policeman White at Meridian early yesterday, has been surrounded in the Tombigbee swamp near Macon, Ala., and that he probably will be lynched. After killing the officer the negro fled and has been pursued all day by posse.

## MAE WOOD IN CELL.

**Still Persists That She Is the Wife of Senator Platt.**  
**Will Keep Up the Fight—But Will be Prosecuted.**

New York, May 22.—Mae C. Wood, who was sent to prison yesterday on a charge of perjury after her divorce suit against United States Senator Thomas C. Platt had been dismissed, was still in a cell to-day. Apparently no effort had been made to procure the \$5,000 bail, although Miss Wood had said immediately after her arrest yesterday that she was sure influential friends in Washington would come to her assistance. She has taken her imprisonment as philosophically as she did the damaging attacks upon her evidence during the trial itself.

It is likely that her case will be called to the attention of the grand jury to-day, and in the event of an indictment being found against her, the District Attorney has said that he will move with all possible speed in her prosecution. "This case is one of a vicious type not uncommon in this city," said Mr. Jerome to-day. "It will be presented to the grand jury as speedily as possible, and if the woman is indicted she will be placed on trial in the hope that her conviction will furnish a warning that such offences cannot go unpunished by justice."  
Miss Wood seemed not at all disturbed by the prospect of a quick prosecution held out by District Attorney Jerome. "I suppose I shall have to swallow any medicine they prescribe for me, for the present," said she. "But you may say this for me, as long as I live and there is a Platt alive I shall fight, and fight hard, for my rights."  
"Do you still claim you are Senator Platt's wife?"  
"I certainly do," she replied, "and I would have proved it if they had not robbed me of all my papers. I did not expect to win. I feared that the suit would be dismissed, and I had counted on being permitted to go my way—I would not have bothered old Platt after that. I did not expect this," she added, as she glanced around at the narrow cell.

## ANOTHER BUMP FOR LONDONERS.

**ADDITIONAL \$31,500 ANNUALLY FOR HYDRO POWER.**  
**Mayor Stewart Defends His Course of Last Night by Saying Council Must Decide, Anyway.**

Mayor Stewart this morning defended his stand on the power question last night by declaring that in any event the Council is the place where the matter will have to be finally dealt with, and that there is bound to be discussion there no matter what recommendation is made. While His Worship was offering to bet silk hats to-day that London would hitch up with the commission, because he could not comprehend how Mr. Beck's home town could turn him down, it looks very much as if that was just what is to happen. It is quite evident from the discussion that took place at the meeting of the power committee in London the other night that the aldermen are not satisfied with the contract, and another bomb was exploded yesterday when it was discovered that London will be held liable for another million dollars in addition to what it had already figured on. This is made up by an annual charge of \$31,500, and the proportionate cost of the line loss, cost of operation, maintenance, repairs, renewals and insurance. Even the City Solicitor of London thought that this charge was spread over thirty years, and it caused a mild sensation when Hon. Adam Beck frankly admitted that it was an annual charge. This is what he said when interviewed:

"I do not know what the exact amount is, as I have not the contract at hand. I am only familiar with the main contract. However, the insurance will have to be paid yearly, and the line must be renewed yearly, so I would say that it is an annual charge undoubtedly. It must be met every year. That will, of course, come out of the cost of power to the users of power."

**SOMETHING GOOD.**  
A delightful four hours' sail on the fast steamer Turbina with an hour and a half to spend at Toronto and a floral souvenir for each lady is the feature of the initial trip of this popular steamer, leaving Hamilton at ten o'clock Saturday morning.  
In addition to a first-class dining room a buffet service has been inaugurated, so get dinner or lunch on the boat and enjoy yourself. The return fare is only 50 cents and the boat is commodious enough to ensure a very comfortable outing. An orchestra has been engaged for the return trip from Toronto, which will be appreciated by every patron of this fast steamer.

# EFFORT TO SAVE GUISEPPE FROM GALLOWES.

**No Bill Found Against Bruno To-day.**  
**Great Surprise at the Murder Verdict.**

## MAE WOOD IN CELL.

It was with a gasp of surprise and incredulity that the whole court received the verdict of "Guilty of Murder," yesterday afternoon, from the jury in the Greco trial. After the favorable address given by His Lordship, Chief Justice Mulock, there was not one in the room expected that the jury would return a verdict of murder against the prisoner. The feeling of the lawyers was that it would bring in verdict of attempted murder, and the crown prosecutor, Mr. Emmerson Coatsworth, K. C., gave a slight gasp of surprise when the verdict was received.

The jury deliberated for five hours and 20 minutes before reaching the above decision, and John Sager, Beverly township, was the foreman who answered the question put to him by the court clerk, Mr. T. H. A. Begue, as to whether the jurors had arrived at a decision. Sager replied in a firm voice that the jury had found Greco guilty of murder. His Lordship seemed very much surprised.

## FELL FROM CAR, LOST HIS LIFE.

**FRED SUTTON LIVED ONLY A FEW HOURS.**  
**Both Legs Cut Off by a Gravel Train on the B. & H.—Inquest Opened To-day.**

To Fred Sutton, a young Burlington man, only 23 years of age, death came suddenly last night. Sutton was a section hand on the Brantford & Hamilton Railway, and last night about 10 o'clock the gang of which he was a member was shunting a car load of gravel ballast. He was sitting on the front end of the car, which was being pushed from behind by the electric engine, when a jar and a slip of gravel precipitated him to the track. His protrusion was not noticed at once, and the car had passed over his legs before it was stopped. He was picked up with both legs ground off and terribly mangled, and put on a car and brought to the city. The ambulance was in waiting at the Terminal Station, and took the injured man to the City Hospital. He was given medical attention, and the legs, which were only hanging by skin, were amputated and the wounds dressed. He had lost a great quantity of blood, however, and despite all efforts on the part of the physicians, till 1.15, when he passed away quietly. The dead man's parents live in Burlington. He leaves a widow and three little children.

## CAR BLOWN UP.

**Dynamite Cars While Settlement of Strike Is Discussed.**

Cleveland, May 22.—The near approach of peace in the local street car war did not prevent dynamites from following out their usual operations last night, not less than half a dozen cars being damaged, while several persons received injuries.

The most serious outrage was the blowing up of a car carrying ten passengers at the corner of Euclid avenue and East 116th street. The car was wrecked and two of the ten passengers were badly hurt. A section of the track a foot long was blown away. Five other cars were dynamited in various sections of the city during the night, but no one was seriously injured. Since daylight this morning no disorder of any kind has been reported.

The mediators who are trying to bring about a settlement of the strike again resumed their labors to-day. It is said they are deadlocked on the choice of a third arbitrator. Two arbitrators have already been named.
