The All Canadian Route To Montreal.

Via the Intercolonial Railway Maritime Express is the only All Canadian Route to Quebec and Montreal from the Maritime provinces. The Maritime Express is generally admitted by experienced travellers to be the most comfortable train in America. This is especially true in regard to the dining and sleeping car services. The diners of the I. C. R. are roomy and well ventilated and furnished in the best of taste. The most excellent meals are served Table d'hote at a price away below the a la carte rates prevailing on the company owned lines. The sleeping coaches are up to date in every particular, and the smoothness of the road bed makes the long journey easy and pleasant. Being popular with a class of travellers who are generally found to be the acme of good company, the through journey is never found dull, and even during the winter months there is much of scenic interest in the day's ride through the Province of Quebec. Montreal is reached at the convenient hour at 6.30 p. m. and connections are made at Bonaventure Union Station with the through trains of the Grand Trunk Railway for Toronto, Buffalo, Detroit, Chicago and other points in Western Canada and the United States. Connecting train for the Maritime leaves Pictou at 14.30—14.

Ocean Limited Early On Route.

SUMMER TIME CHANGE OF INTERCOLONIAL RAILWAY JUNE 2ND.

The summer change of time on the Intercolonial Railway will go into effect on June 2nd when the famous Ocean Limited will be placed on the route between Montreal, St. John, N. B. and Halifax N. S. with connections for and from the By-ways, and Prince Edward Island, in anticipation of an early rush of summer travel. The time schedule is expected to be practically the same as last year which means that the "Limbo" will leave Montreal at 7.30 p. m. reaching Lewis at midnight, and giving through passengers the opportunity of seeing the famed Malapetite Valley during the earlier hours of the morning and a view of the Restigouche River and the blue waters of the Bas de Chaleur. The beautiful Valley of Westworth, N. B. will be seen in the more southern light of early evening, and the train will reach Truro at 8.00 o'clock connecting with the through night express for the Shubenubet and arriving at Halifax at 10.00 p. m.

The Maritime Express under the summer schedule will leave Montreal at 8.15 a. m. and through passengers will have the daylight journey through Quebec, and a view of the majestic St. Lawrence as it widens in its course to the sea. Making connection at Moncton with morning express for St. John the Maritime continuing onward will reach Halifax at 12.30.

The Ocean Limited will leave Halifax on Monday at 8.00 a. m. and the Maritime Express will leave at 12.10 thus there will be a through week day service by two trains equal to the best on the continent—12.
