child, with a hearty appetite, certainly cannot long remain healthy and bright if the sewers of the body, the bowels and the kidneys, are choked up with impurities that He Needs Wise Care should be thrown -Not Scolding. off promptly.

The muddy complexion, dragging limbs and dislike for mental or physical effort show plainly that the child needs Dr. Morse's Indian Root Pills to stir up the liver and kidneys and regulate the bowels. Dr. Morse's Indian Root Pills do this most effectively, cleansing the whole system, purifying the blood, aiding the digestion and giving plenty of life and activity. As upon the education obtained may depend the success in life

\$532,992,100!!

That's the Value of Farm Products for Canada 1909-Isn't It Great?

Quebec, Jan. 17.—Writs for an election at Richmond have been issued appropriately a proper support of our results for 1909.

But, instead of being content with these figures, let us take them only as an indication of what our real results for 1909. tion of what our real pos let us use them merely as a mile post in our climb to better things.

Let each of us, for instance, look back over
our operations of 1909 to determine whether
or not we did our share toward making this

nowing possible.
We ought to stop and think of what has made the gains of former years pos We must stop to realize that this gain of \$100,000,000 for 1909 is not only due to more land under cultivation; but has been brought about by better methods of cultivation; by better methods of preparing the soil, sowing the grain and harvesting the crops.

Without the wonderful strides made in hout the wonderful strides made in the development of farm machines, a \$532,992,100-crop would be entirely out o

And yet there is room for progress—the rules of 1909 farming are not the rules for 1910. New machines mean new advances and new wealth. Do you keep abreast—are you posted about these things?

About traction plowing—how to plow more acres, in less time, with less expense, or better, bigger returns:

How a good disk harrow will enable you o make better seed beds:

Why it's to your advantage to spread manuer the right war. re the right way—as soon as you get it— stead of spreading it after half its value Why it will pay you to use seeding machines that put the seed into the soil so that the best germination is assured and big crops result.

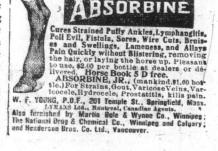

About the money-saving and money-making advantages of having a good, reliable, what the right kind of a cream harvester means to you in incream you in increased milk and butter Why a good feed grinder means fatter ock: How to increase the value of the -and skim-milk calves: 1910 hay crop by using the right mower, baler, etc.: How to know all about harvesting machines: How to know the vesting machines: How to know the ear marks of a good wagon.

If any of these will help you please secure a copy of our book — "Glimpses of Thriftland." That stells the whole story briefly and in verses that you "I like. HOCKEY.

EDMONTON 4; OTTAWA 8. Ottawa, Jan. 18-The Ottawa hock team defeated Edmonton tonight by t score of 8 to 4 in a close and hard foug game, played on soft ice.

With this score as a criterior safe to say that Edmonton will not t the Stanley Cup west this year. Wh the honeymooners played hard, and the first twenty minutes outplayed tawa, the local team did not find i on the soft ice until the first period half gone. Their speed was u time, until they recovered their legs, but when they did, they had hade of advantage over the west and from their showing, will def them again on Thursday night, wh second game of the cup series tak la e, by a good margin. The Edmonton players are fast, bu awas are also speed merchants, ar

on hard ice will win again, unless ians fail. Nevertheless the Edmon players made a splendid impression. e crowd, which numbered for and, was wildly enthused over the ness and the class of play. Under be conditions the teams would have a struggle worthy of the best tra unusual in Ottawa during the hoo season, but yesterday a soft rain and the temperature was consider above freezing point. The ice las vell for about ten minutes of the game but within a few minutes was cove overskated the puck. The Edmonto nursed the puck along better than O to soft ice. In the first twenty minu Ottawas endeavored to play a gam which has made them famous, and sensational. but scon abandoned for a close game. After that the Ottawas shooting ability and scoring combination placed them safely in the lead on ning. Even on soft ice, several of the Western players made a great impres sion here. Whitcroft showed remarkable form and Deeton and Boulton also

displayed speed and stick handling. Hay Miller performed well and showed possibilities, but loafed decidedly. Jack Winchester, in goal, was wonderful and a full score of times in the last half saved, when the whole Edmonton team was drawn out. Doug. Ross, at point, always, in a single determination score; and in their play there is neither defence nor offence. It is scoring first and last. Many Edmonton backers were in the

rink, and in the first half their joy knew no bounds. The second half was Ottawas and the vellow and black be decked supporters had little opportunity to cheer. His Excellency Earl Grey faced the puck, assisted by Presiden D'Arcy McGee of Ottawa, and Mayor Lee of Edmonton. The play was loose but exciting at the start and the crowd caught the Edmonton supporters fections enthusiasm . Walsh and Deet suffered from penalties in the first ntes later. Deeton drew out Ottawas fence single handed, and scored, Edmon ton's first, while a few dozen Edmont fans made the arena ring. The ice ready began to grow slushy and pace slackened. Whiteroft broke through with pretty stick handling and scored, Roberts evened it up later, but Deeton came back for Edmon

Stuart carried the puck up with pretty rush, passing to Roberts, wh secred. Whiteroft nursed the puck the length of the rink and scored. The game became faster and Ottaw began to use considerably stiffer check ing. Ridpath and Roberts scored for Ottawas before half time. The secon
