Woman's Power Over Man

Woman's most florious endowment is the powerto awaken and hold the pure and honest love of a
worthy man. When she loses it and still loves on,
no one in the wide world can know the heart, agony
she endures. The woman who suffers from weakness and derangement of her special womanly organism soon loses the power to sway the heart of
a man. Her general health suffers and she loses
her good looks, her attractiveness, her amiability
and her power and prestige as a woman. Dr. R.V. Pierce, of Buffalo, N.Y., with
the assistance of his staff of able physicians, has prescribed for ucred many
thousands of women. He has devised a successful remedy for woman's ailments. It is known as Dr. Pierce's Favorite Prescription. It is a positive
specific for the weaknesses and disorders peculiar to women. It purifies, regulates, strengthens and heals. Medicine dealers sell it. No konest dealer will
advise you to accept a substitute in order to make a little larger profit.

FROM GREENSPOND AND NEWTOWN.

Caplin have struck in, and are fairly plentiful in deep water. Hardly a sign of codfish has been found; while salmon are exceedingly scarce.

The weather is exceedingly propitious, and wherever one looks a scene of busy industry meets his gaze Most of the schooners from this localty have left, and may prosperity attend them.

Mr. A. H. Seymour, of the Board of Agriculture, has recently visited Wesleyville and Greenspond and established Agricultural Societies at both

Rev. J. T. Hiscock, Rector of Newtown, leaves shortly to attend the sessions of the Diocesan Synod at St John's.

As a sheaf ready for the harvest William Bungay, of Newtown, has been lately removed from our midst by the grim reaper-death. The deceased had attained a good old age and is generally deplored. A wife three children, and a number of grandchildren survive him, and to them in this their hour of affliction, our earnest symnathy is offered.

On Monday night a very pretty wedding occurred at Newtown. The contracting parties. Mr. George Humphries and Miss Amelia Green, are very popular. Congratulations the

Empire Day proceedings in mos of the schools of this and neighbourng settlements were abandoned this year, as it was very properly considered that, in view of the death of His Majesty King Edward such a course was more calculated to instil lessons of lovalty and patriotism than observances of merriment and joy.

While the schr. "Ocean Traveller," Capt. Eli Green, was at St. John's a week or two ago, one of the crew lost a large sum of money which had been entrusted to his care by various persons in this vicinity. The manner of its disappearance is shrouded in mystery. Const. White, of Greenspond. visited here this week making en-

quiries regarding the affair. The system of Road Board Elections has been inaugurated here, and the elections resulted in great changes in the personnel of the Boards. Enthusiasm, however, was at a very low ebb.
