With regard to the proposed amendment to Section 61 of the Municipal Act, referring to the Parade Ground, the Council, during the past fortnight held a conference with the Prime Minister, Minister of Education, and the Select Committee appointed to consider the Bill, containing said amendment. At a meeting of Council, held on the 8th inst., the matter was further discussed but no definite decision arrived at. Yesterday, however, it was again taken up and after a lengthy debate the following was decided: That the Government be requested to communicate with the proper authorities in England, asking them to grant to the City of St. John's the full title to that property known as the Parade Ground. This was moved by Council of the Municipal Act, referring to the Parade Ground. The Municipal Act, referring to the Parade Gr
