Parties requiring Job Printing for the Exhibition should send in their Orders immediately, so as to get them filled in time for the Show, and not crowd us too much next week.

The Cornwall Election Case.

The examination of witnesses in the contested election case for Cornwall closed on Saturday. The parties concerned in the case are Dr. Bergin and Mr. A. F. Macdonald, a brother of the late John Sandfield. The evidence shows that the most shameless bribery had been practised by Mr. Macdonald or his agents in order to secure his election. The following are a few cases in proof, which we find summarized in a contemporary:—

"A shoemaker had \$20 left in the drawer of his work bench, according to a previous arrangement, as the price of his vote for Macdonald. As high as \$70 was offered for a vote for the same gentleman. An elector had \$20 due him from the late John Sandfield Macdonald which he had not been able to get, though due for some twenty-five years. He was told he would get it if he voted for Mr. A. F. Macdonald, the present member, and he did so, though otherwise he would have voted for Dr. Bergin. Another elector got \$10 for refraining from voting for Dr. Bergin. Another received \$15 to vote for Macdonald, but after its receipt went and voted for Bergin, thus satisfying both his pocket and his conscience. The wife of another was offered \$20 to induce her husband to vote for Macdonald. Wood was paid for that was never delivered; the carriage of ashes at ten dollars a load was contracted for; rents were paid; teams were hired; a falconer's money was loaned without interest, the witness naively adding that all the interest he paid was his vote. All this, he remembered, was in the Macdonald interest, which, though polling only 471 votes, confessed to the actual cash expenditure of \$1,600, or an average of three dollars per vote.

But the most curious thing about this case is that such Tory papers as the Mail and Spectator are now charging the Reformers with the guilt of these practices, as if Mr. Macdonald had been their nominee, and had run in the Reform interest. He took the field as a sort of Independent against Dr. Bergin, who came out as a Reformer, but it was well known that the former ran in the Conservative interest; and it will also be remembered that such papers as the Mail were strongly opposed to Dr. Bergin's election. Mr. Macdonald was taken up by the Tory papers after the nomination, and they predicted and favored his election. It is not at all likely that they would have done so had he been running in the Reform interest, and as an additional proof of his connection with the Tories, it is a fact that on the day of the election a special train on the Grand Trunk was engaged by the late John Sandfield Macdonald's son to take the voters to Kingston, to vote first for Sir John Macdonald, then to go to Prescott and vote for Mr. W. Shanley, and lastly to go to Cornwall and vote for Mr. Macdonald. If this is not a good proof as anybody wants that the latter was running in the Conservative interest, then we should like to know it.

A despatch from Ottawa says:—"The city is full of rumors of probable changes in the Cabinet, owing to the presence of so many members of the Government and their leading friends. These stories, magnified by the Opposition, must be received with caution. It is probable, however, a change will be made, but its nature and extent is unknown.

The Guelph Jail officials are pretty witty. Those gentlemen hung out a flag bearing the word "welcome" over the main entrance of the prison on the occasion of the Governor's visit. We do not know for whom this was meant, but putting this and that together, we conclude his Excellency must have been favorably impressed with the moral condition of the country when it was necessary to solicit boarders.

NEARLY three hundred appeals have been made in London, Ont., for the correction of the Assessment roll. The London Advertiser says:—"It is now confessed by local Tories that a new election would only result in an increased majority for Major Walker; but they say they are determined, if possible, to saddle him with trouble and costs, simply for revenge. It will be found, if a new contest becomes necessary, that a policy of petty spite does not go down with this community."

The Hamilton Times says that the Hon. W. Brown, who was nominated for Provencher in opposition to Biel was in that city on Friday. He expresses himself unable to imagine upon what pretext he could have been run out of the field, as when he left Winnipeg all the papers necessary to a perfectly legal nomination had been drawn up and made ready for use.

It is probable that Capt. Neelan will be nominated for Lincoln in opposition to Rykert. Then good bye Charlie.

PROGRESS OF THE C. V. R. AROUND GALT.—Work westward from Galt through Dufferin is progressing well and gangs are distributed along the line all the way from three miles from Galt to Ayr. This section of the line is easy of construction, and the large gangs have made very rapid progress. At Galt nothing beyond locating the line has been done, and eastward from Galt the first work, we believe, is found about four miles east of Brock Road, as the gangs of men, of whom there are a large number, get through their work east of Campbellville, they are shifted westward, and the soon release of a large number of these gangs will enable many of the cuttings between Campbellville and Galt and close to Galt to be vigorously pushed, the work on the heaviest cuttings being purposely kept back for winter.—Reporter.

PROFESSOR GREGG recently visited Tiverton, County of Bruce, and received subscriptions to the amount of \$600 in aid of the new Presbyterian College at Toronto.

THE RAILWAYS.—The railway traffic returns for July show that the Great Western earned \$954,185; the Grand Trunk, \$949,756; the St. Lawrence and Ottawa, \$210,065; the Welland, \$18,250. The Great Western's decline as compared with July, 1873, is about \$100,000; the Grand Trunk's improvement, \$55,000.

HALTON COUNTY COUNCIL.—At the meeting of this Council last week, by-laws were passed to levy a rate for the support of the public schools, and for the yearly payment of the interest and sinking fund on the bonds granted to the Credit Valley and Hamilton and North Western Railways.

A FACT.—How often the presence of a doctor, if he be a great good-natured man, is better than his pill! and how often it is that a sepulchral, owl-like doctor, coming into a sick room, carries death with him almost, and will look a man almost into eternity with his great glover eyes! A desponding, hopeless doctor ought never to practice medicine—he ought to be a sexton! If, on the other hand a doctor is genial and buoyant, how many cares he sweeps away! How much courage he imparts! The sight of his face is almost as beneficial as good digestion and good blood.

RESURRECTION OF DROWNED PERSONS.—The Massachusetts Humane Society has issued a card with these directions for restoring persons apparently drowned:—"Convey the body to the nearest house, with head raised. Strip and rub dry. Wrap in blankets. Hold the lungs by closing the nostrils with the thumb and fingers and blowing into the mouth forcibly, and then pressing the hands on the chest. Again blow in the mouth and press on the chest, and so on for ten minutes or until he breathe. Keep the body warm, extremities also. Continue rubbing—do not give up so long as there is any chance of success.

ALFRED LAPE.—The Spectator says: A warrant was out for the arrest of two young men of the village of Bartonville, named Edward Lavell and James McTague, who are charged with ravishing a woman named Mary Sullivan. The assault upon the woman took place on Wednesday last, near the village. Sullivan, who is a woman about forty or forty-five years of age, and who works about the vicinity at various kinds of labor, was peking hops at a hop-yard, not far from Bartonville, and returning home and sat down along the road side. In the evening, Lavell and McTague came past, and seeing her lying alone perpetrated the deed, it is said, and left. The parties are still at large.

MR. RYAN, M.P. for Manitoba.—Mr. Joseph Ryan, whom the decision of the Manitoba Election Court, presided over by His Honor Chief Justice Wood, has placed in the seat, formerly occupied by Mr. Robert Cunningham, was born at Redoubt, here, on Lake Huron, and is now about 27 years of age. He studied at Regiopolis College, where he received his gown for the priesthood, under Bishop Hoan. He, however, abandoned the gown, and became a schoolmaster at Guelph, which position he abandoned to study law. His first patron was Mr. now Judge—Burroughs, of Kingston, his course being finished with Mr. Britton, of the same place. For some years he wrote for the Reform papers, on which account, it is said, he was put back a year when he applied for admission to practice, the reason assigned, however, being altogether of a different nature. Mr. Ryan married a young lady of Kingston; is an excellent speaker, and has, we may say, been a Reformer all his life. He was one of those who were instrumental in bringing to light frauds on the part of a former Treasurer of the County of Frontenac, about five years ago. Mr. Ryan has been about two years in Manitoba, where he has achieved an honorable position at the bar. He is, we understand, a nephew of Mr. B. Clement, in St. Antoine Street, and is also connected with the Gravels and Larivieres of Montreal, his family upon the one side being French Canadian.

The London correspondent of a Canadian newspaper says that Sir Seymour Fitzgerald will succeed Sir Edward Thornton as British Minister in the United States. Sir Seymour has been Under Secretary of State for Foreign Affairs and Governor of Bombay.

Washington market pays the city of New York annually \$300,000. The annual business done in it is about \$100,000,000. There are 460 stands, of which most occupy 175, banner and vegetables sixty, oranges and hens fifty. A stand measures seven feet by four, is held in the pleasure of the commissioner, and with the premium is sometimes valued at \$10,000 a year. Thirteen out of forty-one American Protestant Episcopal dioceses have recently taken definite synodical action in favor of excothoring the version of the Nicene Creed so as to make it refer the procession of the Son to the Father. This is a chief line of division between the Catholic and Greek Churches. The report of the Hamilton Board of Trade says that \$70,000 had been expended in the construction of the street railway in that city, and that it had carried 175,000 passengers since it was opened in May last.

FOR SALE—TYRCATHLEN LOTS.

The Venorable Archdeacon Palmer has placed in my hands for sale the lots in his new survey, immediately in rear of his residence and lying on the north side of Grange street. The situation cannot be surpassed in the town—convenient to Market, Post Office, Church, and Schools, commanding a magnificent view of the town and surrounding country. The lots are of different sizes, and well suited for private dwellings, with a first-class soil for gardening. Those lots on Tyrcathlen Terrace are well adapted for general residences, and will only be sold to those who will bargain to put up good buildings. Plans of the lots can be seen at my office and particulars learned. Terms very liberal. Purchases made this Fall, interest on balance of purchase money will not commence until 1st April, next. If desired, the lots will be pointed out on the ground. Also, 17 other lots lying to the north of Palmer street, in Macdonald's survey, and on Queen and Arthur streets. An early call is solicited. New Advertisements.

Co-Operative Store. On reference to all our advertisements since commencing business in Guelph seven years ago, it will be seen that we never offered "To Slaughter Goods," "To Sell at Half Price," "To Sell at a Great Sacrifice Irrespective of Cost," "To Sell 50 per cent. under other Houses," "To Keep the Largest and Best Stock in the Dominion." We have carefully abstained from exaggeration, giving facts and figures only, leaving it to the buyers to judge for themselves. Our aim has been to buy low, sell cheap to increase our sales, to allow no house to undersell us, to give our customers a share of profits, and make only one price. The result has been that we have done a steady, prosperous, and increasing business, retaining old and obtaining new customers. Some left us to obtain goods "at half price," but soon returned, as "actions speak louder than words." Hence we will continue to conduct our business on the same principle.
