

RADWAY'S READY RELIEF

The True Relief

In using medicines to stop pain we should avoid such an infliction on the system. Opium, Morphine, Chloroform, Ether, Cocaine and Chloral stop pain by destroying the sense of perception, the patient losing the power of feeling. This is a most destructive practice; it masks the symptoms, shuts up, and instead of removing trouble, breaks down the stomach, liver and bowels, and if continued for a length of time, kills the nerves and produces local or general paralysis.

There is no necessity for using these uncertain agents when the Radway's Ready Relief will stop the most excruciating pain quicker, without entailing the least danger in either infant or adult.

It instantly stops the most excruciating pains, allays inflammation and cures constipation, whether of the Lungs, Stomach, Bowels or other glands or mucous membranes.

IT IS TRULY THE GREAT

CONQUEROR OF PAIN

and has done more good than any other remedy.

FOR SPRAINS, BRUISES, BACKACHE, RHEUMATISM, CHOLERA, COLIC, SIDES, HEADACHE, TOOTHACHE, OR ANY OTHER EXTERNAL PAIN, A FEW APPLICATIONS RUBBED ON THE AFFECTED PLACE, CAUSING THE PAIN TO INSTANTLY STOP.

RECKLESS RACE

WITH AUTOMOBILE

Results in Fatal Injury to a Policeman—Two Horses Were Killed.

Chicago, Dec. 6.—As a result of the reckless running of a racing automobile on Michigan avenue by an unknown chauffeur, a park policeman probably has been fatally injured, two horses were killed and the lives of Calvin M. Favorite and B. J. Simpson, of the Armour Company, were placed in jeopardy. Policeman Wall gave chase and overhauled the machine in front of the residence of John W. Ferrante, 1115 North Dearborn. His horse collided with one driven by Simpson, and which had been frightened by the automobile. Both animals were killed and Wall's skull was fractured. The automobilist escaped.

Victim of Cocaine.

Niagara Falls, N. Y., Dec. 6.—Dr. Levi J. Hixon, for the last eighteen years a resident of La Salle, died last night as the result of an overdose of cocaine. He was born at Port Robinson, Ont.

St. Johns Election Trial.

Montreal, Dec. 6.—The trial of the petition against the election of Mr. Joseph Brunet, M. P. for the St. James' division of this city, opened yesterday. Charges of wholesale bribery and perjury are made against the respondent.

TALKING RECIPROCITY

Chicago and Other American Cities Interested in the Conference.

Detroit, Mich., Dec. 5.—The international reciprocity conference which will open for a two days' session in this city on Wednesday morning has aroused great interest throughout this country and Canada.

Chicago, Milwaukee and several other cities on the great lakes will send a number of delegates to the conference. S. B. Morris, of the town of Rodney, Ont., and Ferrante, of the Chamber of Commerce of Montreal, John Charlton, M. P., will be one of the leading speakers and expects to be accompanied to Detroit by a number of representative Canadian business men.

PROOF FROM NAPANEE

Kidney Complaint and Female Troubles Permanently Cured by

Dodd's Kidney Pills.

Napanee, Ont., Dec. 8.—(Special).—One of the most frequently mentioned proofs of the advance of medical science is the case of Mrs. John C. Hoffman, of this place. For over six years she suffered with female weakness and kidney trouble. The pain was terrible and her kidneys troubled her so that she could neither entertain in her home or take any social pleasures whatever. Her urine gave her great trouble in passing. In addition she had the headaches, pains and weakness of female trouble.

She used six boxes of Dodd's Kidney Pills and was completely cured. That happened five years ago. Today she is as sound and well a woman as there is in Napanee. Needless to say she always recommends Dodd's Kidney Pills.

Mr. S. C. Macdonald, of Dunnville, has been appointed county clerk of Haldimand.

BURDOCK BLOOD BITTERS is the best known remedy for dyspepsia, constipation and biliousness, and will cure all blood diseases, from a corn to a cancer.

THERE ARE CASES OF consumption far advanced that Bickie's Anti-Consumptive Syrup will not cure, but none so bad that it will not give help. For coughs, colds and all affections of the throat, lungs and chest, it is a specific which has never been known to fail. It promotes a free and easy expectoration, thereby removing the phlegm and gives the diseased parts a chance to heal.

The largest electrical pumping plant in the world is that at Utah Lake. It raises 6,000,000 gallons of water a day for irrigating the Great Salt Lake Valley.

A PAIN REMEDY.

For over fifty years this wonderful remedy has proved itself the best, safest and surest antidote for pain in the world.

For Internal and External Use.

CURES AND PREVENTS

Colds, Coughs, Sore Throat, Inflammation, Bronchitis, Pneumonia, Asthma, Difficult Breathing, Influenza.

Rheumatism, Neuralgia, Sciatica, Lumbago, Swelling of the Joints, Pains in Back, Chest or Limbs.

The application of the READY RELIEF to the part or parts where the difficulty or pain exists will afford ease and comfort.

ALL INTERNAL PAINS, PAINS IN BOWELS OR STOMACH, CRAMPS, SOUR STOMACH, SPASMS, NAUSEA, VOMITING, HEARTBURN, NERVOUSNESS, SLEEPLESSNESS, SICK HEADACHE, DIZZINESS, FLATULENCE, FAINTING SPELLS, are relieved instantly and quickly cured by taking internally a half to a teaspoonful of Ready Relief in half a tumbler of water.

MALARIA, FEVER AND AGUE.

RADWAY'S READY RELIEF.

There is not a remedial agent in the world that will cure fever and ague and all other malarial, bilious and other fevers, as fast as Radway's Pills, so quickly as by the use of Ready Relief.

SOLD BY ALL DRUGGISTS.

RADWAY & CO., 7 St. Helen St., Montreal.

DISASTROUS FIRE

ON STEAMER SAXON

Fireman Drowned in Vessel's Hold—Steamship Burned to Water's Edge.

Philadelphia, Pa., Dec. 6.—One fireman was drowned, another is missing and two others were taken to a hospital overcome by smoke, as the result of the fire which broke out on the Boston and Philadelphia steamship Saxon early this morning. The steamship lies in 25 feet of water at the foot of Pine Island, burned to the water's edge.

The dazed fireman is William Seville, who went into the hold of the vessel to fight the flames. Before he could reach the deck the vessel gave a lurch and he was caught in the rush of water and drowned. Another fireman who was in the hold is missing, and it is feared he, too, was drowned. All other firemen have been accounted for. The fire was not extinguished until 5 o'clock this morning. Divers are now in the hold of the vessel searching for the bodies of Seville and the other fireman. It is not known how the fire originated. The loss of the Saxon is about \$100,000. She came in yesterday afternoon, carrying nearly all of her cargo. She was on the regular line between Philadelphia, Providence and Fall River. She was built in 1882 and had a gross tonnage of 1,234 tons. She was owned by the Boston and Philadelphia Steamship Company with headquarters in Boston.

EDUCATIONAL CHANGES.

Suggested to Minister Harcourt by the Teachers' Association.

Toronto, Dec. 8.—A deputation from the public school section of the Educational Association waited on the Minister of Education Saturday morning to present their request for the alterations in the general regulations, which were agreed on at their last annual meeting. They wish, among other things, that the Normal School course be increased to one year, and that no certificate be issued to persons under 21 years, both of which suggestions will be met by changes in the Normal School course already made.

A conference was held in the morning between the Minister of Education and representatives of the University and the Ontario Agricultural College, regarding the school of forestry to be established by the Province.

Presidents Mills and Loudon presented the joint views of the two institutions, suggesting that the regular course be attached to Toronto University during the winter, and that a summer course of six weeks be given at Guelph. The initial expense will be \$5,000 to pay a professor at Toronto and to provide a miniature wild forest at Guelph for the summer work.

Mr. Harcourt agrees with this plan, which will at once be submitted to the council. The plan of the school's teaching will be modeled on that of Yale.

TO BOOM LOBSTER BUSINESS

Proposal From Cape Breton For Preserving Eggs From Destruction.

Ottawa, Dec. 8.—A petition is on its way here from Cape Breton for presentation to the Minister of Marine and Fisheries. This petition sets forth the importance of the lobster fishery to the island, and asks the department to take measures to save the seed of lobsters in Cape Breton, hundreds of millions of eggs now being annually destroyed.

The petition suggests the placing of seed lobsters in a pound, or water inclosure, and keeping them there during the months of May, June and July and then liberating them along the coast in August to hatch their eggs in a natural way. It is claimed that the cost for buying, keeping, feeding and liberating along the Cape Breton coast 40,000 seed lobsters with 400,000 eggs attached would not exceed \$5,000, and that if the prayer of the petitioners is granted there would be an increase of 100 per cent. in the earnings of the lobster fishermen.

Reports to the department indicate a serious falling off in the oyster fishery this year. Prices have advanced \$1 a barrel.

No News of the Celtic.

Detroit, Mich., Dec. 6.—Nothing new concerning the fate of the schooner Celtic and her crew of eight men has been heard and friends have given up hope that Capt. Jeffrey will ever be heard from alive.

HARDER TIMES IN OLD LONDON

Than Have Been Experienced for Ten Years Past.

MANY THOUSANDS OUT OF WORK

Prospects of a General Strike in Shipping Trade—Theaters Enjoying a Boom.

London, Dec. 8.—It is estimated that 500,000 persons are out of work in the United Kingdom, and the board of trade returns show the largest percentage for ten years past of unskilled persons out of work, while the proportion of skilled men without employment is constantly growing. The Woolwich arsenal authorities have discharged two thousand mechanics since the winter set in, and are preparing to let out four thousand more. To the army of people out of work must be added 56,000 members of the army reserve, who have been released from service with the colors.

The worst distress, naturally, is visible in the east end. A number of the newspapers have started subscription columns, and daily print harrowing stories of half-clad school children, many of whom are without any food except scanty lunches furnished by sympathetic teachers. A number of the London suburban councils are starting public works in order to employ a small proportion of the idle persons. The Canning Town suburb, where the distress is keenest, has appropriated \$50,000 for relief works.

The London County Council will meet on Dec. 9 to consider the proposition for calling a conference of municipal bodies throughout the country to discuss what can be done towards establishing a permanent system for relieving the unemployed.

BIG STRIKE FEARED.

Coincident with the general distress and idleness, the ship builders' federation is quietly preparing for a test of strength with the labor unions that are pressing for a general strike equal to the great engineers' strike of a few years ago. The ship builders, who have suffered for years from the restriction of the output, contemplated by the unions, have decided that it is necessary to introduce radical reforms in the way of labor-saving machinery. This means a reduction in the price of piece work, on which almost all the yards are running.

The builders say that if the men accept the introduction of machinery, most of which are of American origin, and agree to run the yards at their full capacity, it will enable them not only to make more wages, but will largely increase the output of the yards. Even the most optimistic builders have small hope that the reform will be accomplished without a stiff fight. They believe, however, that the time is ripe for the experiment, since the new machines in many cases can be run by unskilled laborers.

It is long since the London theaters and restaurants have experienced so profitable a season as the present. The west end is abuzz with life, and all the amusement places are crowded and theater supper parties keep the fashionable hotels and restaurants busy until long after midnight.

BRIGAND SENT BACK

Self-Confessed Italian Desperado Deported by New York Authorities.

New York, Dec. 8.—Lavorie Lavarie, aged 61 years, a self-confessed Italian brigand, was deported on Saturday by order of Commissioner of Immigration Williams.

Lavorie came here on June 3 last, and has been living in the Brooklyn Italian colony since. Recently he was notified by immigration authorities that he was a former Italian brigand and had served nine years in his own country for murder just before coming here.

Treasury agents looked up Lavorie's record and, after locating him, had no trouble in getting him to acknowledge the charges against him. He was taken to Ellis Island and not having been in this country a year, was ordered deported.

LEFT WITHOUT WATER

Shifting of Missouri River Channel Leaves Nebraska City in Bad Fix.

Nebraska City, Neb., Dec. 8.—The sudden shifting of the main channel of the Missouri River to the Iowa side has left this city without a water supply. The waterworks mains were drained last night and every basin was empty. The electric light plant is shut down and the streets are dark. The breaking out of a fire of any consequence would cause disaster.

The city is now in a bad fix. The water supply is so low that it is difficult to get water into the city. The city is now in a bad fix. The water supply is so low that it is difficult to get water into the city.

NINE SCHOONERS DASHED ASHORE

Many Wrecks on the Coast of Newfoundland.

SEVERAL PERSONS PERISHED

Passengers and Crew Rescued From a Burning Steamer—Various Other Marine Mishaps.

Halifax, N. S., Dec. 7.—The steamer Regulus, with a broken shaft, was towed into Louisburg today by the steamer Cacoma. The accident occurred during the terrible storm on Friday.

Nine vessels are ashore in Sydney harbor. They are all Newfoundland fishing vessels, and will likely prove total wrecks.

The Gloucester schooner Lucinda, of Lowell, was wrecked off Cranberry Head, near Canso. The masts were cut away to save the vessel, and one of the spars in falling killed the mate, Joseph Roberts. Another seaman was drowned in attempting to swim ashore.

The American schooner Veda McKeown arrived at North Sydney today and reported the loss of three of her crew. They were washed from the deck of the vessel on the Banks Saturday morning.

The steamer Harlow reported lost has arrived safe at North Sydney.

BURNED AT SEA.

Las Palmas, Canary Islands, Dec. 7.—The Prince Line steamer Tartar Prince, New York, Nov. 10, for Port Natal, was totally burned at sea Nov. 25. The crew and passengers were saved by the steamer Argyle, from the Tynes, for Algoa Bay. The crew were afterwards transferred to the liner Goth, Table Bay, for Southampton, while the passengers proceeded to their destination on the Argyle.

MET HURRICANE WEATHER.

St. Johns, Nfld., Dec. 7.—The German steamer Alvaro, seventeen days out from Hamburg for New York, with a general cargo and 280 passengers, arrived here today short of coal and with the vessel in a bad way. The crew suffered from hurricane weather in the Atlantic, and the passengers suffered greatly.

A furious gale swept the Newfoundland coast yesterday and a number of vessels were driven ashore. The gale is still raging, accompanied by blinding snow.

CREW SUFFERED GREAT HARD- SHIPS.

Sault Ste. Marie, Dec. 7.—The tug Philadelphia arrived here today with the barge Aloha, of the H. H. Hebard, in tow. She is lying at the steel plant dock at the Canada wharf. The crew suffered untold hardship before quitting the vessel in their passage to the shore and after a landing had been made. After breaking away from the Hebard, the Aloha drifted about, the crew being unable to sail her, owing to the sails being frozen. She lost her deckload early in the storm. In trying to get an anchor both anchors were lost and the boat seemed doomed to destruction. The half-frozen crew took to a small boat and reached the shore at Gargantua, many miles from habitation of any kind, frozen to the skin and their clothing frozen. Here the crew remained for 24 hours with only such shelter as could be found on the shore, and were picked up by the tug, which towed her into a harbor.

THE WHOLE SECRET

Of the Remarkable Success of a Remedy for Indigestion and Stomach Troubles.

A New Remedy Which May Revolutionize the Treatment of Stomach Troubles.

Now Placed Before the Public and Bears the Indorsement of Many Leading Physicians and Scientific Men.

This preparation is not a wonderful discovery, nor yet a secret patent medicine. Neither is it claimed to cure anything except dyspepsia, indigestion and stomach troubles with which nine-tenths of our nation are more or less affected.

The remedy is in the form of pleasant-tasting tablets or lozenges, containing vegetable and fruit essences, pure active principles of the stomach, and a little Golden Seal and dill. They are sold by druggists under the name of Stuart's Dyspepsia Tablets.

Many interesting experiments made with these tablets show that they possess remarkable digestive power. The grain of the active principle in one of Stuart's Dyspepsia Tablets being sufficient to thoroughly digest 100 grains of lean meat, eggs, oatmeal or similar wholesome food.

Stuart's Tablets do not act upon the bowels like after-dinner pills and cheap cathartics, which simply irritate and inflame the intestines without having any effect whatever in curing indigestion.

If the stomach can be rested and assisted in the work of digestion, it will very soon recover its normal vigor, as no organ is so much abused and overworked as the stomach. This is the secret of Stuart's Dyspepsia Tablets, a remedy practically unknown a few years ago, and now the most popular, safest and most widely sold of any treatment for stomach weakness.

This success has been secured entirely upon its merits as a digestive, pure and

simple, because there can be no stomach trouble if food is properly digested. Stuart's Dyspepsia Tablets act entirely upon the food eaten, digesting it completely so that it can be assimilated into blood, nerve and tissue.

Every drop of blood, every bone, nerve and tissue in the body can be renewed in a healthy way, and that is from whole-some food properly digested. There is no other way, and the idea that a medicine in itself can purify the blood or supply new tissue and strong nerves is ridiculous. The only way to get the blood to do so by irritating and inflaming the bowels by pills and cathartics.

Stuart's Dyspepsia Tablets cure dyspepsia, water brash, sour stomach, catarrh of the stomach, gas and bloating after meals, because they furnish the digestive power, which is the thing that weak stomachs lack, and unless that lack is supplied it is useless to attempt to assist it by the use of "tonics," pills and cathartics, which have absolutely no active power and do not claim to have any.

The regular use of one or two of Stuart's Dyspepsia Tablets after each meal will demonstrate their merit and efficiency better than any other argument.

They are sold by druggists everywhere, and a little booklet on cause and cure of stomach troubles will be mailed free by addressing F. A. Stuart Co., Marshall, Mich.

THE WEATHER TODAY—Local snowfalls and decidedly colder.

For Tuesday Morning-- About six dozen Colored Pompons, this season's goods and very desirable. Self-regularly at \$1.00, \$1.25 and \$1.50 each, Tuesday morning, only..... 25c

More Suggestions For Christmas Gift Buyers.

We do not know exactly what you want to buy, but lists of goods will appear in this space from now until Christmas that should greatly assist you to arrive at decisions. No time should be lost in coming for goods when advertised, as in very many cases it would be impossible to have repeat orders delivered in time for holiday trade. Any of the following will make useful gifts, and in every case the prices are as low as it is possible to make them.

Dainty Shawls and Fascinators for Gifts.

A BAD CASE

OF

KIDNEY TROUBLE

CURED BY

DOAN'S KIDNEY PILLS.

Kidney Troubles, no matter of what kind or what stage of the disease, can be quickly and permanently cured by the use of these wonderful pills. Mr. Joseph Leland, Alma, N.W.T., recommends them to all kidney trouble sufferers, when he says:—I was troubled with dull headaches, had frightful dreams, terrible pains in my legs and a frequent desire to urinate. Noticing DOAN'S KIDNEY PILLS recommended for just such annoyances as mine, it occurred to me to give them a trial. I took before my box of them, and was very much surprised at the effectual cure they made. I take a great deal of pleasure in recommending them to all kidney trouble sufferers.

Price 50c. per box, or 3 for \$1.25; all dealers or The Doan Kidney Pill Co., Toronto, Ont.
