Jack Johnson Blamed Wife For Smuggling

Necklace With a Tragic History Sold

to Chicago Traveller.

[Canadian Press.] Chicago, July 12. - The diamond necklace which belonged to Jack Johnson's former white wife, Etta Duryea, was sold to a jeweler today for \$2,160, at public auction, in the office of the United States marshal.

As appraised by Government officials the necklace is valued at \$3,040, although Johnson bought it in London for \$1,950 at the time of the coronation of King George.

Johnson's white wife wore the necklace at a party soon after their return to the United States. Its brilliance excited comment and customs officials in Chicago investigated. Johnson was unable to show proper entry on the ewels and the necklace was seized. The fighter claimed that his wife had smuggled the necklace into the United States without his knowledge,

The duty on the circlet would have geen about \$1,000. It is composed of 33 white diamonds ranging in weight from 1 7-8 carats to 1-4 carat.

STREET CAR RAMS ENGINE

"Plugging" Prevents What Might Have Been a Serious Accident.

VESTIBULE WAS BROKEN

Running north on Richmond stree yesterday afternoon, an Ottaway belt line car crashed into a C. P. R. switch Big Conference Between Men engine, which was shunting a box car into the Hyman tannery siding, jus north of Mill street. The car was running at a fair rate of speed, but was "plugged," and the speed shut down so that when it struck the locomotive ttle damage was done. Passengers were badly frightened

and shaken up, and the front of the car smashed in. The motorman's vesbule was broken, and the fender put ompletely out of commission. C. P. R. officials lay the entire

of the accident at the door of the street railway motorman. They claim the engine and box car were crossing the street at an extremely slow speed and that the box car was on the street railway tracks when the car was several blocks away, so that the motorman could have seen his danger in plenty of time to have avoided the collision that could easily have been a more serious one than it

At the street railway office it was stated that the understanding was that the C. P. R. should flag the cars at that point. Whether this was done or not was, however, not known,

[Canadian Press.] New York, July 12.-Union leaders epresenting 100,000 trainmen and conductors on 45 eastern railroads gathered in New York today to ratify the strike vote taken recently and to make plans for submitting to the roads on Monday next their ultimatum with reference to the 20 per cent. wage crease, which the roads have refused o grant

The strike vote showed that 94 per ent. of the voting employees are in favor of enforcing their demand with a strike. Ratification of this today was to be purely perfunctory, but those who have followed the situation pre dict that notwithstanding the unyielding stand taken by both sides, there will be no walkout. Some sort of federal intervention is expected provided no basis for negotiations can be reached The meeting was open only to members of the unions involved and entrances to

the half were closely guarded and credentials were rigidly inspected.

A. B. Garretson, representing the trainmen, said before the conference that the situation was unchanged "Unless there is something akin to a miracle," he said, "I am afraid a strike will be ordered."
