TORONTO TEAM AGGRESSIVE

Londons Need More Practice-Juniors Lose at Sarnia.

The London Seniors again defeated the Victorias, of Toronto, at Tecumseh Park on Saturday before the largest crowd of the season by a score of 14 to 9. The defeat administered to the visitors was not what the supporters of the London team had looked for. It was expected that in view of the drubbing the Toronto aggregation received at Hamilton on Saturday the difference in the score would have been greater than it was, but the Victorias displayed an amount of greater than and additional teams. of generalship and ability entirely un-looked for, and it was only the whistle at the end of the second half that saved the locals from what looked like sure

The first half was all London. The Victorias, although playing a hard game, Victorias, although playing a hard game, seemed to be completely outplayed, and it looked at the end of the first half to be only a matter of the number of points the locals would run up. The second half was a different tale, however, with the poorest kind of generalship on the part of the London men, combined with the determination of the visitors, the game was almost concluded with a defeat to Captain Field's braves.

In the first half the London team had the wind in their fayor and this half In the first half the London team had the wind in their favor and this half used kicks to good advantage. The addition of Tooze and Catton to their back division and of Jones on quarter are perhaps the most noteworthy additions, the kicking of Catton being the hardest proposition the London men had to contend with. Robertson, at full back, is some small improvement over Redpath, and the moving of Dilworth to the wing line seems to have been a good one. Thompson, the junior captain, showed some remarkably fine playing and was used repeatedly in one of London's end run plays. The wings played a fine game individually, each man working hard, but the combination is bad, and herein lies the whole trouble. Many plays that if perfected by practice would invariably reason of the apparent want of practice. The game was rather free from roughness, Ingram, of the local team, being the only man hurt, having strained his shoulder slightly. Field was ruled off for one minute and Regan and Renton for two minutes each for rough playing. Referee "Hughey" Hayes' decisions were at times questioned by the men, but h

This mortal hath put on immortality. It is the hour of final and eternal triumph. To us there remaineth the comfort of the promise of peace—'My peace I give unto you. Let not your heart be troubled.' In our loneliness it has been well said, we yet lift up our hearts; lift them up unto the Lord. In a very real sense our Bishop is yet with us and very abundantly with us. We hear the echoes of his voice, as we were wont to hear—in answering testimony to the truth—in unfaltering loyalty to the Word to the riving the control of the promise of the control of the promise of the control of the promise timony to the truth-in unfaltering loy alty to the Word-to the spirit of truth alty to the Word—to the spirit of truth, unity and concord—to the charity that thinketh no evil. St. Petersburg, Oct. 30.-The statenent is positively made this afternoon though it is impossible to confirm it that the Emperor last night received a telegram from Admiral Kojestvensky, saying that in view of what had occurred, he asked to be relieved of his command. The Admiralty declares that it has no knowledge regarding the statement that Vice-Admiral Rojestvensky's ships were injured by fire from other vessels of the squadron, and it also de-clines to entertain the idea that the Russian admiral might have sunk one of his own torpedo boats, mistaking it for a hostile craft. The version of the affair to this effect, which is circulating in St. Petersburg, is based on the fact that only seven Russian torpedo boats have arrived at Algiers, where-a Vice-Admiral Rojestvensky left Li-
