

The Weekly Colonist.

Tuesday, July 11, 1865.

COUNCIL.

Monday, July 3. 7:30 p.m. Present: His...

THE LATEST TRAGEDY.

The last act of the Legislative Council the present session has taken place, and has proved worthy of the character of the play.

HOUSE OF ASSEMBLY.

Thursday, July 6, 1865. House met at 3:15 p.m. Members present...

OFFICIAL SALARIES.

Dr. Dickson asked if any reply had been received to the request of the House for information as to the salaries received by the Acting Attorney General.

THE CORONERSHIP.

The report of the Coronership Committee was presented yesterday to the House. It will be seen by the document that the vexed question as to the existence of a Coroner is...

THE CORONERSHIP.

The report of the Coronership Committee was presented yesterday to the House. It will be seen by the document that the vexed question as to the existence of a Coroner is...

House; what the real objections to the measure were we are unable to say. So far as we are concerned, however, we are anxious for neither a perpetual nor an irresponsible Coroner...

5. The authority to make this appointment under the pleasure of the Crown is, in the opinion of your Committee, contained in the commission and instructions of the late Governor, Sir James Douglas.

6. That Mr. James Dickson has exercised continuously from the time of his appointment to the date of the inquiry, the functions of Coroner within the above districts without question. Many persons have been committed and convicted and punished on the depositions of Mr. Dickson as Coroner; and in no instance has the validity of any such depositions been questioned.

7. He has been continuously and publicly recognised as Coroner by the Executive and medical departments from his appointment to the date of His Excellency's message, and equally the Legislative Assembly have recognised him as such, and whilst this enquiry has been pending he acted as Coroner.

8. There is no local statute affecting the Coroner; and doubts exist as to whether the Imperial Statute relative to Coroners applies here. The ruling, however, of the Supreme Court in similar cases is favorable to the conclusion that they apply here so far as applicable to local circumstances.

9. Under all the circumstances, the commission and instructions of Sir James Douglas, the appointment, gazetted, exercising the functions of Coroner for five years without question, the trials on the depositions of Mr. Dickson as Coroner, and the palpable necessity for such an officer, in order to further the administration of justice; your Committee are of opinion that Mr. James Dickson is a Coroner, and of right ought to be recognised as such within his jurisdiction.

10. With respect to the statement in the return of the Hon. the Treasurer accompanying the message of His Excellency the Governor, that he was not aware of the authority under which Mr. James Dickson was paid twenty dollars for each inquest in the latter part of 1864, it was stated in evidence that Mr. James Dickson as Coroner was authorized to draw twenty dollars for each inquest by his Excellency the Governor. If the Hon. the Treasurer had produced the receipts for money paid to Mr. James Dickson as Coroner on the 30th September and the 15th December 1864, the committee would have been able to verify the statement by documentary evidence. Further details respecting the fee paid to Dr. Dickson as Coroner may be found in the proceedings of your Committee.

11. In conclusion, your Committee would recommend that statutory provision be made as early a date as possible, defining the duties of Coroner, and regulating all matters connected therewith. All of which is most respectfully submitted.

A. DeCosmos, Chairman. Committee Room, House of Assembly, July 6th, 1865.

REPORTS OF MEMBERS.

The returns of divisions during the session were laid before the House on the 10th inst.

WEIGHTS AND MEASURES. The amendments of the Legislative Council to this bill were taken up by the House. The amendment, providing that goods may be sold by bale or bulk, when that bale or bulk is not represented as containing any local or foreign weight or measure, was struck out, as tending to upset the whole principle of the bill.

Clause 2 and 7 of the printed bill were reintroduced by the House. Amendment numbered clause 20 was struck out, as being covered by clause 4 of the printed bill.

Clause 23, allowing an appeal to the Supreme Court, struck out by the Council, was replaced. The remaining amendments, with a few trifling exceptions, were agreed to, and the bill sent back to the Council.

"THE CORONER."

On motion of Mr. Dennes, the report of the Coroner's Committee was ordered to be printed, and the House adjourned till to-day (Friday), at one o'clock.

HUDSON BAY CLAIMS.—The Pacific Tribune publishes in full the petition of the Hudson Bay Company to the Board of Commissioners appointed to arbitrate between the United States Government and the Company. The claim is as follows:—First—For their forts, posts, establishments, farms, pasturage, and other lands, with the buildings and improvements thereon, as hereinafter set forth, the sum of two hundred and eighty-five thousand three hundred and fifty pounds sterling—£285,350. Secondly—For the right of the trade, as hereinafter set forth, the sum of two hundred thousand pounds sterling—£200,000. Thirdly—For the right of the free navigation of the Columbia River, as hereinafter set forth, the sum of three hundred thousand pounds sterling—£300,000. The said several sums making together the entire sum of seven hundred and eighty-five thousand three hundred and fifty pounds sterling—£785,350, equal to three million eight hundred and twenty-two thousand and thirty-six dollars and seventy-seven cents—\$3,822,936 67c.

THE CORONER'S REPORT.—Correspondence published by the Oregonian says of these diggings: "The excitement relative to Cour d'Alene is still greater. People are coming from Boise, Eagle Creek and other camps in that direction, every day, and fitting out for the new mines. All appear to have profound faith in the new diggings."

YOUR COMMITTEE WOULD FURTHER REPORT AS FOLLOWS:—1. That there is only one person in the colony who, at this time, knows, to possess a commission as Coroner.

2. That the name of the person is James Dickson.

3. That his commission is dated January 9th, 1860; was issued by order of the late Governor, Sir James Douglas, and gazetted January 10th, 1860.

4. That the extent of his jurisdiction as Coroner, as set forth in the Statute, is "Victoria and Esquimalt, and the neighboring and adjoining Districts," and which are interpreted by Sir James Douglas to include Victoria City and Esquimalt Town, and Victoria, Lake, North and South Saanich, Esquimalt and Metchoen county districts.

NOTICE IS HEREBY GIVEN THAT under a resolution passed by the City Council, on July 24, 1865, all property holders must have their sidewalks repaired in proper repair within six days, and that unless the same is attended to, parties will be summoned under the provisions of the City Ordinances and By-Laws.

Section V.—All foot-paths shall be kept in good repair by the owners of the property fronting the same. Any person or persons failing to comply with the provisions of this By-Law shall be liable to a penalty not exceeding £5 for each offence.

W. M. LEIGH, Acting Town Clerk.

Municipal Notice.

NOTICE IS HEREBY GIVEN THAT under a resolution passed by the City Council, on July 24, 1865, all property holders must have their sidewalks repaired in proper repair within six days, and that unless the same is attended to, parties will be summoned under the provisions of the City Ordinances and By-Laws.

Chlorodyne.

CHOLERA, DYSENTERY, DIARRHŒA, COLIC, VOMITING, FEVER, RHEUMATISM, TYPHOID, CONSUMPTION, ASTHMA, COUGH, &c.

ALL PAIN, VOMITING AND DISTRESS caused in a few minutes after taking a dose of the wonderful Remedy, Chlorodyne, discovered by Dr. J. Collis Brown M.D.C.S.L.D. (ex-Army Medical Staff), the recipe of which was confided solely to Dr. J. Collis Brown, 38, Abchurch Lane, London, E.C. 4.

From W. Vesaluis Pettigrew, M.D., Hon. F.R.C.S. England, formerly Lecturer Anatomy and Physiology at St. George's School of Medicine: "I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am most particularly satisfied with the results."
