when the fire had gained good headway the engine was put into play and extin-guished the blaze in a very short time. Before the engine is purchased a public test will be made so that all interested may have an opportunity of judging of its efficiency. The engine has a tank of 50 gallon capacity and will throw a stream 80 feet horizontally and 60 feet vertically, weighs 650 lbs and is easily moved by one person. There are 50 feet of § inch chemical fire hose attached, and the machine is built to pass through nar-row doors or aisles. The engine is easily put in operation All that is necessary is to turn the tank and open the nozzle attached to the hose. Chemical charges can be purchased at any drug store at \$1.00 for each charge, and one charge is said to be equal to several thousand gal-lons of water. If the public test proves satisfactory, as no doubt it will, the ma-chine will be a valuable addition to the fire-fighting apparatus of the town.

fire-fighting apparatus of the town.

Monday, May 26th, Victoria Day Holiday for Watford

THE REEVE OF WATFORD :

- Taylor & Son.

Carl A. Class. I hereby proclaim Monday, May 26th, as a holiday for the village. S. STAPLEFORD, Reeve

Watford, May 14th, 1913.

#### Miss Agnes Kingston

It was with inexpressible sorrow and surprise that the many friends of the late Miss Agnes Rachael Kingston, 4th line, Warwick, received news of her death. She had been ailing for some time, and had never completely recovered from an attackof la grippe which she contracted in the winter, but no one thought that her suchness would terminate in such a car her sickness would terminate in such a serious manner. On the 2nd of May, however, she turned rapidly worse, and after lapsing into unconsciousness she passed peacefully away in the early hours of Saturday morning, May 3rd. Miss King-ston will be keenly missed, not only in her home and home town of Watford, but all ouer the prevines for her fund but all over the province, for her friends were many and widely scattered. Few women were more worthy of real appre-ciation than Miss Kingston. Her gifts

and abilities were of an eminent kind, and were best known to those who were most intimate with her. Her innate and natural love for literature in all its var-Ing game so come out and enjoy an evening's fun.
Ir has been suggested that the town should purchase a large clock to be placed in the tower of the new post-office. The corperation is ahead the price of the site since the government purchased the property, and if a few hundred dollars were expended in that way the clock would not only be a great benefit to the community but an ornament to the build ing and prove a good investment. Probably the Council will bring the matter up for discussion at an early meeting.
COMPLAINTS are to hand about poultry frunning at large in town, destroying flower and vegetable beds. Standing By-law No. 21 of the Village prohibit poultry from running at large and because it is not enforced is no reason why otherways law-abiding citizens should openly violate it. If you own chickens just imagine yourself for a few moments in the place of the person who is endeavoring to make a garden, and no doubt your good sense will tell you that you are not doing unto others as you would have others do unto you. "Liven ot unto thyself alone."
THE new license law came into force on Monday. Under this latest bill, hotels cannot open before 8 o'clock in the morning, and all liquor sold over the barm ust be consumed on the premises. Under another section of the act the propuel the municipal councils to submit a by-law for the repeal of local option areply also against.
CIRCULARS have been issued by the barattent of Education to all teachers in the Province, containing material and spane for morning sub-law for the repeal of local option apply also against.

\$1.50 to \$2.50.—SwIFF'S. WE have received from Mr. Arthur R. Brown, of Birch Hills, Sask., a copy of the Spring number of the Carrot River School Garden Journal, published by the Committee on Gardening appointed by the Carrot River Teachers' Association. It is an interesting, nicely gotten up pamphlet, brim full of valuable hints on school gardening, and also contains a list of premiums to be awarded in the fall. Mr. Brown is business manager of the association and editor of the Journal, and another old Watford boy, Mr. A. D. M. Hone, is chairman of the Committee.

it. CIRCULARS have been issued by the pepartment of Education to all teachers in the Province, containing material and suggestions for the observance of Empire Day in the schools this year. 'May 23rd is set apart by the Department as Empire Day, the forenoon being devoted to a study of the Empire, its extent and resources, and the afternoon to formal exercises, such as addresses and patriotic celebrations. Ten thousand copies of circular are being distributed, which is made up in pamphlet form, and touches Imperial events during the past year. Interesting chapters have been prepared Interesting chapters have been prepared upon Nigeria, the Imperial flag, the Liv-ingstone centenary and the death of Captain Scott in the Antarctic.

THE Ajax Chemical Fire Engine, which Defiance Fire Co. and the Council are considering buying, has arrived and a test was made with it at the Wire Works on Tuesday afternoon. A large pile of light and inflammable material, consisting of varnish boxes, etc., was lighted and

#### Lambton County Medical Society

One of the most successful meetings in One of the most successful meetings in the history of the above society was held in the Oddfellows' Hall, Watford, on Wednesday afternoon. Members pres-ent: Doctors McDonald, Sarnia; Brown, Camlachie; Hubbard and Patterson, Forest; Grant, Thedford; Copeland and Huffman, Arkona; Kidd, Wyoming; and McLean, Inwood. Dr. James Newell, of Watford, gave an interesting paper on "Podalic-Version," and Dr. Hubbard one on "Appendicitis in Children." The next meeting of the society will be held next meeting of the society will be held at Sarnia in July.

The frame house on Dr. Clerke's farm on the lake road between Pt. Frank and Grand Bend, was destroyed by fire on Sunday. There was nobody living in it. Fire caught in the grass which spread to the building.

The Canadian Conservation Commis-The Canadian Conservation Commis-sion, being of opinion that something should be done to stem the upward trend of the price of furs in the Dominion, re-cently requested Mr. Walter Jones, an expert of the commission, to investigate the possibilities of breedung fur-bearing animals, in captivity, on the lines of the black fox industry in the Maritime Prov-inces. nces.

According to information made public in Ottawa the report demonstrates that the supply of valuable Canadian fur-bearing animals has diminished with albearing animals has diminished with al-arming rapidity, especially during the past ten or fifteen years. The decrease is ascribed to the increasing outdoor hab-its of the people, and to the tremendous demand for fur and leather resultant up-on the growth of automobile traffic. It is calculated that upon an average the price of furs has increased over 200 per cent. during the past decade.

#### Fly Fighting Maxims

Be up to date. Swat the fly. Clean up and boost. Eternal vigilance should be your

watchword.

The fly is a home wrecker. Destroy

When the fly comes in the door good

When the fly comes in the door good health goes out the window. It's not work that kills men, but worry. Swat the fly. Flies are disease carriers. Live and breed in filth. Infest food with germanden feet. Each female lays 120 eggs. Screens will keep them out.

Thedford Methodists have subscribed \$7,000 towards the new church to be er-ected in that town.

you have a run of bilious fever.
