

We are little Canadians,  
Down the hill we glide  
On the light toboggan,  
The jolliest way to ride,  
Steer with skill, never spill,  
Up the hill with a will,  
Merrily we climb.

Down we go o'er the snow,  
Many and many a time,  
And each and every one  
Is of the same opinion,  
If you're looking out for fun,  
'Tis found in the DOMINION!
