**A Dandy Windmill, Make it Yourself.**

I have a neighbor that made one of the People's Windmills, and I have been watching it closely, it is the best mill I have ever seen and anyone can make one for less than \$10. I am going to make two immediately and don't see why every farmer cannot have a windmill when he can make it himself for so little money. The mill is durable, powerful and runs easily. Any person can get diagrams and complete directions by sending 48 two-cent stamps to Francis Casey, St. Louis, Mo., U. S. A., and an active man can undoubtedly make money anywhere putting these mills up for others, and I see no use of paying \$50 or \$60 for a mill when you can make one just as good for \$10

**That Wonderful Churn.**

I want to add my testimony to the list of those that have used the Lightning Churn. It does all that is claimed for it, you can churn easily in one minute and get a large percentage more butter than with the common churns. I never took the agency for anything before, but so many of my neighbors wanted churns that I ordered 30 and they are all gone. I think in a year every farmer will have a Lightning Churn, in fact they can't afford to be without one as they make so much more butter and a good little bit of money can be made in every township selling these churns. By writing to J. F. Casey & Co., St. Louis, Mo., U. S. A., you can get circulars and full particulars about the churn.

Our booklet, "Paint Points," will help you in deciding what is the proper paint to use for your cupboards, baseboards, shelves, floors, buggies, wagons, boats, farm implements, barns, fences, chairs, houses—in fact, anything that can be painted.

There are great differences in paints. Some give a bright, glossy finish, others an oil finish that can be washed. The secret of painting is to know the right paint for your purpose, then use it. The old zinc bath tub is an eye sore. You can make it look like porcelain, and wear like porcelain if you use

**THE SHERWIN-WILLIAMS BATH ENAMEL**

"Paint Points" tells what you want to know about paint. Tells the good and the bad points about good and bad paint. Tells about the brushes to use, and how to take care of them.

THE SHERWIN WILLIAMS PAINTS are made for every purpose, not one paint for all purposes. Send for the booklet to-day—it is free. For booklet, address 1 St. Genevieve Street, Montreal.

**LEMIRE**  
**STONE & STUMP LIFTER**

Patented 1894.  
Capacity of Lifting 18,000 lbs.  
(With no equal.)

Lifting and carrying stones at will, so you can make with them fences from 4 to 5 feet high. When buying this strong and durable machine, you can make your fence with big stones instead of buying spike wire for fences. You will clear your land for the mowers and reapers. To lift a stone you make the lever work and the hooks will hold it when lifting. You can lower it in the same manner or make it fall by touching a ring fixed in the wheel. You can lift, remove and put into fence a stone in 10 minutes. Agricultural Societies should buy it. Farmers if they like may join in club to buy it. Price moderate. For all particulars address to
