Tell them the story I give,
When passed chilly winter,
And season is vernal,
(If bees and your servant
shall live)
I will take up the breeding
of Carnis again ;
But at Vaughns will the
Itals be bred,
So please now remember, all
bee-keeping men,
If you choose send your
orders ahead,

TO OUR AGENTS.

WE address these few lines to our agents to thank them for the interest they have taken in the C.B.J. during the past eight months, and for the energy which a few have already displayed in securing subscribers for us. Now that the fall fair season is here, we would like to secure a representative at each fair, one who will take subscriptions for the C. B. J., and to whom we will pay a liberal commission. We trust to receive a hearty response from all who attend these fairs. We will send sample copies free to any address our agents may send us. This will save them the trouble of carrying a large bundle of JOURNALS with them on the train, etc. All who wish to represent the C. B. J. at their own or neighboring fairs should communicate with us at once, giving dates, post office addresses, and, where possible, the names of the secretaries of the fairs they may attend. Experience is not necessary; any bright young man or woman can make a nice little sum of money by representing us at their local fairs. We wish to secure at least 1500 new subscribers this fall; and to do this we ask the co-operation of all well wishers.

New Discovery by Accident

quickly desolved and permanently removed with **QUEEN'S ANTI-HAIRLINE**, the new and wonderful discovery. Discovered by accident, while compounding a solution, a part was accidentally left behind, and the hair grew back again, and it was discovered that this hair was completely removed. If you have a hair on your face, neck, or back, it will grow back again, and so to simple any child can use it. Lay the hair over, and wait a few minutes, and the hair disappears as if by magic. No scientific discovery ever attained such wonderful results. Thousands who have been annoyed with hair on their **FACE, NECK, AND ARMS** attest to merits. It cannot fail. If the growth be light, one application will remove it permanently. The heavy growth such as the beard or hair on moles may require one or more applications before all the roots are destroyed, a second or third application will remove the hair. Young persons who find an embarrassing growth of hair coming in, also use it. Harmless as water. Price of Queens Anti-Hairline \$1.
