Markets.

Toronto Markets.

CANADA FARMER'S Office, Nov. 14th, 1868.

THE PRODUCE MARKET.

THE grain market has been quiet and dull. Spring wheat has kept steady, but in other grades there has been a gradual decline. Flour has also declined. Provisions are without material change.

FLOUR AND MEAL.

Flour—The market has been dull and drooping. Lots of No. 1 superfine were offering early in the week at \$5 50c., and later at \$5, declining to day to \$4 50c., at which price a 100 bbl. lot changed hands. The demand is very limited, and latterly it has been difficult to effect sales. Extra is nominally worth \$5 75c. A lot was offered at that price without buyers.

Oatmeal—There is a small trade doing. 100 bbl. lots sell at \$6. Broken lots are worth \$6 25c. to \$6 50c.

Cornmeal—Worth, in 100 bbl. lots, \$4. In smaller lots, \$4 25c. to \$4 50c.

GRAIN.

Wheat—The market is very quiet. There is some demand for spring wheat, and not much offering. The last sales of car lots were at \$1 11c. To-day a car of mldge proof sold at \$1 10c., for a Fall wheat was offering at from \$1 10c., to \$1 20c., with no buyers. There is little or no demand for fall, and lots are almost unsaleable. On the street market there is little or nothing doing. The roads are in such a bad condition and the markets so dull that farmers have no inducements to bring their grain in. Fall wheat sold as low as \$1 10c. on the street to day, and spring wheat on the street sold at \$1 5c.

Oats—The market is quiet and dull. Sales of lots were made at 50c., on the track—on the street market 53c., is paid.

Barley—The market is quiet and dull. There is now little or nothing doing. Two cars No. 2 sold at \$1 26 1/2c. Holders are generally asking \$1 25c., and buyers would pay \$1 30c. for choice lots. On the street market there is only a very limited quantity coming in. Buyers are paying from \$1 30c. to \$1 35c.

Peas—Market very dull. We heard of no sales. Street price 85c. to 90c.

Rye—Market quiet. Selling on the street market at 53c.

PROVISIONS.

Pork—There is as yet very little new mess in the market. No enquiry. Prices are still nominal.

Cheese—There is no change in the market. The factories still hold out for higher prices than buyers are inclined to give. Prices are unaltered at 11c. to 11 1/2c. for factory.

Bacon—In better supply. Prices remain firm. No quotations given.

Lard—Firm, and in good demand. The present high price of butter tends to keep lard firm.

Butter—As the closing of navigation is now daily expected, lots for shipment to England are not so desirable. Still, on the whole, there is no weakness, it being generally considered that the small stock reserved will be wanted for local business. Fine butter finds a ready sale, and we hear of some ventures to New York without loss. Anything, however, below first class hangs fire at quotations. Prices in the country have kept advancing while we have remained stationary, and a margin for dealers has become very fine indeed. Should the demand in England slacken, we have no other chance than to decline prices here, it being quite apparent now that New York can be supplied from the west with its local requirements, and the California drain on New York being tight, there is no prospect of stiffer rates in that city—unless for extra choice. Ordinary, 20c. to 21c.; medium, 22c. to 22 1/2c.; sweet dairy (for retail grocers), 23c., to 24c.

Eggs—The high prices have checked consumption—prices nominal at 19c. to 20c.

THE CATTLE MARKET.

Trade during the week was good. There was a fair demand for cattle to export to America. We quote per 100 lbs. dressed weight: 1st class, \$6 to \$6 50c.; 2nd do., \$5; 3rd do., \$4. Sheep are offering freely. There is an active demand. All the lots offering found buyers. We quote:—1st class, \$4; 2nd do., \$3; 3rd do., \$2.

Hides and Skins—Hides, green rough per lb. 6c., to 6 1/2c. do. cured and inspected, 7 1/2c. to 8 1/2c. do. dry, 11c. to 13c. Calf skins, green, 10c. do. cured, 12c. do. dry, 15c. to 20c. Skin p. skins, 60c.

Dressed Hogs—The market is hardly fully supplied. The lots offering are principally railway lots. Prices range as follows:—Weighting 120 to 150—\$6 to \$6 25c., 150 to 200—\$6 25c. to \$6 50c., 200 to 300—\$6 50c. to \$7. Choice farmers' hogs for butchers might bring \$7 25c. and even higher.

HAY AND STRAW.

Hay—During the week the supply was not equal to the demand, on account of the bad condition of the roads. Several loads brought as high as \$20. Selling at from \$16 to \$20.

Straw—Very scarce. The loads offering are nearly all rye straw selling at from \$10 to \$14.

Apples—The demand continues good, and superior qualities are higher. From \$1 to \$2 per bbl. is paid.

Salt—Market firm. American unchanged \$1 60c., in bills on the wharf. Liverpool coarse is worth \$1 30c. to \$1 40c. Canadian sells at \$1 50c.

Hops—Selling in single bales at from \$10 to 1

Potatoes—A great many car lots are in the market at 60c. Some speculators are holding at 70c., but no sales could be effected at these prices. Retail lots sell at from 70c. to 80c.

Hamilton.—Wheat, white, \$1 20, do. red winter, \$1 17 to \$1 05, do. spring, \$1 03 to \$1 05. Barley, \$1 25. Peas, 50c. to 85c. Oats, 45c. to 60c.

Galt.—Wheat continues at about last week's prices. Potatoes are scarce, and sell at from \$1 to \$1 12 1/2 per bag. Potatoes from 12 1/2c. to 15c. per bushel. Carrots from 20c. to 25c. per bushel. Onions, 48c. to 50c. Poultry coming in more plentifully. Turkeys, 60c. to 70c. Chickens, per pair, 20c. to 30c. Geese, 30c. to 50c. each. Ducks, 35c. to 50c. per pair. Pigeons from \$1; Hens, \$11 to \$12 per ton.

Guelph Markets.—Fall wheat, \$1 20 to \$1 25. Spring wheat \$1 05 to \$1 09. Oats, 60c. to 85c. Barley, \$1 10 to \$1 20. Peas, 50c. to 85c.

London Markets.—Fall wheat, white, \$1 08, do. red, proof, \$1 10 to \$1 12, spring wheat, \$1 04 to \$1 05, barley, \$1 10 to \$1 20. Oats, 71c. to 75c., peas, 70c. to 81c., corn, per bushel, 85c.
