In presenting a summary of the results of the year 1894 the claim was made that it was a record year. It is accordingly cause for great satisfaction that a review of 1895 justifies the statement that the record has been honorably maintained.

Despite the severe financial depression prevailing, which affected all classes of the community, the new applications received reached the remarkable total of **\$9,822,905**—a result not attained by any other Canadian Company. Of this amount, \$8,866,688 were accepted, the remainder being declined as not up to the high standard required by the Company. The total business in force was thus brought up to \$34,754,840 at the close of the year.

Especially gratifying were the additions to the financial resources of the Company. The increase in income was \$154,457, making the total income \$1,528,054, including all receipts. Three-quarters of a million dollars were added to the assets, which at the close of the year stood at **\$5,365,770**, while the reserve for the security of policyholders was increased by \$670,080, bringing it up to \$1,734,016.

The surplus over all liabilities except capital was \$535,944, and, taking capital stock into account, was \$473,444.

Following out the policy announced last year of anticipating a probable gradual decline in the rate of interest obtainable in future, the valuation of the reserves has been made on a four per cent. basis instead of four and one-half per cent. as authorized by the Government, an additional amount of \$272,995 being set aside, raising the total reserve to \$5,067,011.

A division of profits now takes place annually, and the amounts allocated in 1895 were highly satisfactory.

The automatic nonforfeiture feature of the Company's already liberal policy is proving not only very popular, but of signal efficacy to the policyholders, many of whom have thereby had their policies saved to them, and in more than one instance the policy would have lapsed altogether but for this important protection.
