

WHY A FARMER SHOULD OWN AN AUTO BUGGY

Practical—Economical—Serviceable

IT is horse and conveyance in one. There is no trouble about harnessing and hitching up, no unhitching, no watering and feeding, no stopping to rest, no shying or "scaring at cars." You do not have to stop the plow when you want to make a hurried trip to town or when the family wishes to take a little pleasure jaunt.

The Auto Buggy is easy to control. Any member of the family who can drive a horse can operate it and can go any place where a horse and buggy can go.

When not in use there is no expense. When in use the cost of oil and gasoline for operating is not to be compared with the keep of even one horse. The Auto Buggy is the vehicle for all kinds of roads—hilly, level, muddy, rough. It has a powerful mechanism. It goes at any rate of speed one will want to travel, up to 20 miles an hour. There is no worry—you enjoy real comfort and in only the smallest expense for taking long journeys with a big party through the country.
