Women and Women Only

Are most competent to fully appreciate the purity, sweetness, and delicacy of CUTICURA SOAP, and to discover how uses for it daily.

In the preparation of curative washes, solutions, etc., for annoying irritations, chafings, and excoriations of the skin and mucous membrane or too free or offensive perspiration, it has proved most grateful.

Like all others of the CUTICURA REMEDIES, the CUTICURA SOAP appeals to the refined and cultivated everywhere, and is beyond all comparison the most effective skin purifying and beautifying soap as well as the purest and sweetest for toilet and nursery

Sold throughout the world. POTTER DRUG AND CHEM. CO., Sole Props., Boston.

FOR COMMUNION PURPOSES.

BRITISH DOMINION WINE.

Manufactured from the Best Canada Grapes without the use of either artificial coloring or distilled spirits in any form.

After repeated chemical analyses of the Wines made by Robert Bradford of No. 505 Parliament St., Toronto, I do not hesitate to pronounce them to be unsurpassed by any of the native Wines that have come under my observation.

Analyses show them to contain liberal amounts of the ethereal and saline elements, sugar and tannic acid etc., characteristic of true Wine and which modify materially the effects which would be produced by alcohol alone.

Retaining to a high degree the natural flavor of the grape, they serve the purpose of a pleasant table Wine as well as that of a most valuable medicinal Wine.

HEALTH AND HOUSEHOLD HINTS.

THINGS YOU SHOULD KNOW.

That the goodness of all cake depends upon the eggs being perfectly fresh.

That in making up unbleached muslin, allow one inch to the yard for shrinkage.

That it is said that sprigs of wormwood scattered in places infested with black ants, will drive these pests away.

That if you want to keep your house free from moths never put down your carpets till the floor is thoroughly dry.

That Indian meal is best when it is freshly ground, and therefore it is bad economy to buy large quantities of it at a time.

That for long, slow cooking, porcelain stew-pans are more desirable than tin or granite-ware, as the article cooking can be kept at a more even temperature.

That articles that have been stained with ink or fruit should not be put into soap suds until the stains are removed, as soap has a tendency to "set" the stains.

That iron cooking utensils increase in value with use, as the surface becomes smooth. In buying them, be careful to see that they are of the best quality, and well finished.

That suet may be kept sweet for some time by pulling the skin or membrane from it while it is fresh, sprinkling salt upon it, tying it up in a bag and hanging in a cool, dry place.

That bar soap should be cut into pieces of a convenient size for using, and put into a dry place. If the house mistress does not attend to the cutting, her servant won't, but will use a whole bar at once, the consequence being needless waste.

That when bread is baked the loaves should never be set flat on the table or shelf, but should be set on end, one loaf against another, and wrapped closely around with a clean cloth. This makes the crust tender by keeping in the steam.

That experienced, old-fashioned house-keepers say that the dough for cookies or gingerbread is much more easily handled and rolled and stamped the day after it is made than on the same day. In cold weather it should be set where it will not become hard.

Hot alum water is the best insect destroyer known. Put alum into hot water and boil until dissolved, then apply the water with a brush to all cracks, closets, bedsteads, and other places where insects may be found. Ants, cockroaches, fleas and other creeping things are killed.

The human heart is a hollow muscle of a conical form, placed between the two lungs, and inclosed in the pericardium, or heart sac. The ordinary size of the heart in the adult is about five inches in length, 3 1/2 inches in breadth at the broadest part, and 2 1/2 inches in thickness. Its weight is from ten to twelve ounces in men, and from eight to ten ounces in women.

For burnt sugar put two tablespoonfuls of sugar into a small pan and set it over the fire, stir or shake the pan a little till the sugar gets all a dark brown, about as dark as treacle. That is burnt sugar. If it is to be kept and used for coloring gravies, soups, etc., you then add perhaps half a cup of water, and when it boils it will have dissolved the sugar, and can be bottled and kept.

Tablecloths should be folded once only for ironing, and that lengthwise. They should be ironed with a very hot iron until perfectly dry, and then there is no danger of a rumpled appearance afterward. They should be quite damp and free from starch. Fold them loosely crosswise, without ironing, and these folds will be easily smoothed out with the hand, leaving no crease but the middle one.

Sir Andrew Clark was wont to prescribe the following regime as to diet and habits to his numerous literary patients: "General directions. On first waking in the morning sip a glass of hot water. On rising take a tepid sponge bath, followed by a brisk general towelling. Clothe loosely and warmly. Breakfast—Wholemeal bread or toast and butter, with eggs or fresh fish, or cold chicken, or fresh tongue. Towards the close of the meal half a pint of black China tea, not infused over five minutes. Breakfast as near eight as possible, that you may have a long forenoon's literary work. Lunch should resemble a nursery dinner—fresh meat, bread, potato, well-boiled green vegetables, and milk pudding or cooked fruit. Sip a small glass of plain fresh filtered water. This should be the chief meal of the day."

Coughs and Colds. Those who are suffering from Coughs, Colds, Hoarseness, Sore Throat, etc., should try BROWN'S BRONCHIAL TROCHES, a simple and effectual remedy. They contain nothing injurious, and may be used at all times with perfect safety.

Turned Upside Down
Is your home in this sad plight—many are and house-cleaning does it. Cold meals and no comfort, sour tempers and aching backs, hard work and too much of it, tired women and "mad" men—all from house-cleaning. And it's all needless. Don't make such a fuss over it. Take a little Pearlina, and have it done easily, quickly and quietly. You'll have it done better, too—you won't have to rub the paint off to get the dirt off. You can save half your labor and half your time, if you'll clean house with Pearlina—and everybody in the house will be thankful for it. Millions use nothing but Pearlina for washing and cleaning.

Turn the Key
On the peddlers and grocers who tell you "this is as good as," or "the same as" Pearlina. IT'S FALSE! besides Pearlina is never peddled. 307 JAMES PYLE, N. Y.

A Common Error.

Chocolate & Cocoa are by many supposed to be one and the same, only that one is a powder, (hence more easily cooked,) and the other is not.

This is wrong-- TAKE the Yolk from the Egg, TAKE the Oil from the Olive, What is left?

A Residue. So with COCOA: In comparison, COCOA is Skimmed Milk, CHOCOLATE, Pure Cream.
