DO YOU CARRY

ODOROMA In Stock?

IF NOT, WHY NOT?

ODOROMA

The Perfect Tooth Powder

Has captured the market wherever it has been introduced. If it is a new thing to you, here are a few reasons why you should handle it:

It is cleansing, antiseptic, fragrant, refreshing. It is perfectly harmless.

It has been analyzed by the most expert chemists, who have all reported in the most favorable terms.

It sells at a glance in the first instance, and on its reputation thereafter.

It yields more profit to the retailer, and to the consumer a greater quantity of the best quality, than any other tooth powder in the world.

REPORT OF EXPERT ANALYSIS.

"Having analyzed and tested 'Odorama,' I find it to be composed of ingredients well known to the dental and medical profession as being the best for cleansing and preserving the teeth. It contains nothing that could in any way be deleterious in its action, and it has my unqualified approval."—W. T. STUART, M.D., C.M., *Professor of Chemistry, Trinity Medical School; Professor of Chemistry, School of Dentistry.*
