JOHNSTON'S FLUID BEEF

has been pronounced by leading scientists and physicians everywhere to be the most perfect form of concentrating nourishment at present known.

It is rapidly superseding Tea and Coffee in the colder European countries, and is served hot on draught in the fashionable Saloons and Restaurants.

As a Winter Beverage it is simply perfection, supplying heat in its natural state; stimulant in a thoroughly innocuous form; concentrated nourishment, rendering languid reaction impossible; and, above all, furnishing tone to the nerves, and substantial food for brain, bone and muscle.

\$40,000 IN PRESENTS! GIVEN AWAY.

THIS OFFER GOOD TILL SEPTEMBER, 1883, ONLY.

The proprietors of the FARM, FIELD AND FIRESIDE, being desirous of having their already well-known and popular Agricultural and Family paper more widely circulated and introduced into houses where it is not already known, have determined to throw up all profit this year, and in addition use a portion of their capital for the sole purpose of increasing their circulation to 100,000 copies. After deciding to more extensively advertise than ever before, the following plan has been adopted by us:

FOR 50 CENTS

We will enter your name on our subscription book and mail the FARM, FIELD AND FIRESIDE regularly to you for Six Months and immediately send a printed numbered Receipt, which will entitle the holder to one of the following Presents to be given away at our SEPTEMBER FESTIVAL.

Partial List of Presents to Be Given Away.

Table listing various prizes such as U.S. Government Bonds, Greenbacks, Pocket Knives, Watches, and other items with their respective values.

And 92,535 other presents valued from 25 cents to \$1.00, which makes a grand aggregation of 100,000 presents. This guaranteeing a present to each and every new subscriber who sends us 50 Cts. as directed. All of the above presents will be awarded in a fair and impartial manner by committee chosen at the Festival by the subscribers, this festival will take place Sept. 9th. It will not be necessary for subscribers to attend the Festival as presents will be sent to any part of the United States or Canada. Yet it is to be hoped as many will be present as possible. THE 50 CENTS which you send us is the regular price for Six Months' Subscription, and therefore we charge nothing for the presents. OUR PROFIT will be in your future patronage, as we believe you will like our paper so well that you will always remain a subscriber. YOUR SUBSCRIPTION FREE. Get five of your friends to join you by cutting this out and showing it to them. Send us \$2.50 and we will send you the FARM, FIELD AND FIRESIDE for six months, and a numbered receipt for each of our subscribers and one extra for your trouble. SEND TEN SUBSCRIBERS with \$2 and we will send 12 subscriptions and twelve numbered receipts. This offer will hold good until Sept. 1st only, as we shall limit the number of new subscriptions to 100,000, so we would advise all our friends to forward subscriptions early, as in no case will they be received later than September 1st.

THE FARM, FIELD AND FIRESIDE

THE PROPRIETORS are men of means, who always have done as they agree, and our paper is long established and has sufficient capital to carry out and fulfill to the letter any offer we may make.

TO THOSE WHO DO NOT ATTEND THE FESTIVAL we will send a printed List of the Awards, and all Presents will be forwarded to Holders of Receipts as they may direct. Sample Copies Free.

ONLY 50 CENTS secures the FARM, FIELD AND FIRESIDE for six months. The paper is worth double the subscription price. OF Science and the Industrial Arts.

PATENT OFFICE RECORD. Editor—HENRY T. BOVY, M.A. (Camb.), Associate Memb. Inst. C.E.; Memb. of Inst. M.E. (Eng.) and American Inst. M.E., Professor of Civil Engineering and App. Mech., McGill University.

Every effort will be made to render the publication a useful vehicle for the conveying of information respecting the latest progress in Science and the Arts.

It is hoped that the MAGAZINE will also be a medium for the discussion of questions bearing upon Engineering in its various branches, Architecture, the Natural Sciences, etc., and the Editor will gladly receive communications on these and all kindred subjects. Any illustrations accompanying such papers as may be inserted will be reproduced with the utmost care.

A space will be reserved for Notices and Reviews of New Books, and Resumes will be given of the Transactions of various Engineering and Scientific Societies.

The PATENT OFFICE RECORD will continue to be a special feature of the Magazine; and will be published as an Appendix to each number. The Illustrations, however, will be considerably enlarged, so that each invention being more easy to examine will be made clearer and more intelligible to the general reader. This RECORD gives information of the greatest value to engineers, manufacturers, and to all persons interested in the different trades.

In view of these great improvements the subscription price will be \$2.50 payable in advance, and it is confidently anticipated that a large increase will be made in the number of subscribers.
