

After a Hard Day's Work

rub the tired muscles with a few drops of the soothing, refreshing, antiseptic liniment Absorbine, Jr. You will find it pleasant and convenient to use and remarkably efficacious.

This liniment invigorates jaded muscles, limbers the joints and prevents second day soreness and lameness after a strenuous, tiresome day of sport or work.

America's best athletes and trainers use ABSORBINE, JR. to relieve strains and wrenches and also as a rub-down before vigorous exercise to prevent such conditions.

ABSORBINE JR. — THE ANTISEPTIC LINIMENT —

TRADE MARK. REG. U.S. PAT. OFF.

combines efficiency with safety. It is made of pure herbs, many of which are grown on my own farms, and is positively non-poisonous.

Then too, ABSORBINE, JR. is a germicide—a safe, powerful germicide which makes it especially valuable as an application for cuts, bruises and sores. No danger of infection if Absorbine, Jr., is applied promptly. A bottle of Absorbine, Jr., kept handy for emergencies, is excellent health and accident insurance.

USE ABSORBINE JR.—

To reduce **sprains, swellings, inflamed conditions, enlarged veins or glands.**

To relieve **aches and pains and stop lameness.**

To reduce **soft bunches**, such as wens and weeping sinews. Absorbine, Jr. penetrates quickly and assists nature in bringing about a resolution and dissolution of the deposits.

To cleanse and heal **cuts, lacerations and wounds.**

Whenever a high-grade liniment or a positive germicide is indicated.

ABSORBINE, JR. more than satisfies others and will do the same for you.

Reprint from Laboratory Report on Absorbine, Jr. by A. R. Pyne, M.B., Dominion Analyst, 134 Carlton Street, Toronto, Can.

Test 1 was conducted with a 25% aqueous solution of Absorbine, Jr. There was no growth of the Bacillus Diphtheriae or Bacillus Coli, on the sterile agar plates from one up to fifteen minutes and nine minutes' exposure was germicidal to the Staphylococcus.

Test 2 was conducted in the same way with a 15% solution. There was no growth on the agar plates from the Bacillus Diphtheriae or the Bacillus Coli, fourteen minutes proving sufficient for the death of the Staphylococcus.

Test 3 was similarly conducted, using a 10% solution. Three minutes exposure to this solution was germicidal to the Bacillus Coli, and seven minutes' exposure destroyed the Bacillus Diphtheriae.

Absorbine, Jr. is sold by leading druggists at \$1.00 per bottle or sent direct postpaid.

A Liberal Trial Bottle will be mailed to your address upon receipt of 10c. in stamps. Send for trial bottle or procure regular size from your druggist today.
