

REPRESENTATION OF LABOUR IN PARLIAMENT.

On Monday, Oct. 27th a public meeting was held at the Guildhall, Worcester, to promote the direct representation of the working classes in Parliament.

After the Chairman's speech, Mr. George Potter, of London, gave an address on the subject, which is fully reported in the local papers.

That in the opinion of this meeting, the time has arrived when all organized bodies of working men should unite for the purpose of returning to Parliament (at the next general election) men of their class; believing that by no other means can they obtain that fair and impartial legislation so necessary for the peace and welfare of the nation, and that this meeting heartily approves of the work now being done by the Labor Representation League.

Mr. J. Watkins briefly seconded the resolution, which was carried unanimously.

Mr. George Edwards proposed the following resolution:—

This meeting is of opinion that Mr. Councilor Airey is a proper person to represent the industrial and general interests of this city in Parliament, and they pledge themselves to use their utmost influence to secure his return at the next general election.

Mr. Griffiths econded the resolution, which was carried unanimously.

Mr. Airey, in returning thanks, spoke in hopeful terms of his prospects of being next Saturday returned a second time as a representative of the ward of Claines in the Town Council.

The proceedings concluded with a vote of thanks to Mr. Potter, who suitably responded.

The principles I have advocated through the columns of the Sun newspaper against the present unjust method of collecting taxes, (whereby the people are fined 2 1/2 PER CENT PER MONTH TO ATONE FOR MUNICIPAL NEGLIGENCE), is the best evidence of my views on the Tax Collection Question.

ELECTION OF WATER COMMISSIONERS FOR 1874 & 5.

To the Electors of West Toronto: GENTLEMEN,—

I have been asked by many Property Owners and Ratepayers of West Toronto to offer myself as a Candidate for your suffrages as Water Commissioner, at the Ensuing Elections, (to be held January 5th, 1874.)

In cheerfully acceding to the request, I assume that the duties of the position call for some practical knowledge of the sanitary laws by which dense populations should be guided in obtaining unlimited and readily available supplies of water, and that the duties also demand from your Representatives an honest determination to so act and vote that you shall have undoubted security that the monies to be expended shall be scrupulously guarded and the disbursement thereof so faithfully managed that no reproach may rest on the shoulders of your Commissioners.

Having the privilege of personal acquaintance with leading Engineers of Great Britain and Ireland, and having had different opportunities of examining the thoroughness of their work, careful observation of their efforts has guided my judgment in matters that will of necessity be decided by your Representatives.

To the second requirement, I base my claim to general support on the fact that I have been for twenty-three years a resident ratepayer in Toronto, during which term I have so acted in your and my own interests, in the varied positions of Mechanic, Tradesman, and Ratepayer, as to entitle me to your confidence.

I am at liberty to state that my candidature has the approval of at least three gentlemen to whom the Citizens have heretofore given their confidence for the planning and execution of the work now to be done in our City.

I shall make it my duty to call on as many of you as possible. Should the limited time between the issue of this and "Election day" prevent me from seeing each voter in the West at his place of business or residence, I request that for this reason I may not be the less confident of your vote and support.

I am, Gentlemen, Yours most faithfully, J. EDWARDS.
