Parties requiring monumental work will do well to make immediate inspection and place orders early, as we have now fifty orders for early spring and summer on file not touched. Send in name and place of residence, and we will have nearest agent call upon you.

TESTIMONIALS.
MONTREAL, QUE., Nov. 15th, 1883.
I hereby certify that I have analyzed and tested the material called "White Bronze," manufactured for monumental purposes by the St. Thomas White Bronze Monument Company, and I find it composed, as represented, of Refined Metallic Zinc, of a very superior quality to sheet zinc, and almost absolutely pure. Its great durability under all exposure to weather and storm is therefore fully assured by its high quality. And it will resist decay and further oxidation when its surface is once coated. It is then more durable than stone, and will not lose its handsome appearance from generation to generation. I know of no other material which is equally capable of combining elegance of form, beauty of surface and indefinite durability.

Magazine of American History.

"This periodical is without a rival in its domain, and is becoming indispensable to all intelligent readers. It is an unflinching source of historical and documentary evidence of the growth and expansion of our vast country."—Christian Advocate

"It is more than a periodical: it gathers into permanent and accessible form material that would otherwise be lost, or only found with great effort. Its articles are uniformly well written, and the illustrations and print complete the attractiveness of the magazine."—New York Commercial Advertiser.

"Mrs. Lamb is making of this magazine one of the best periodicals in America."—New York Tribune.

"It is always a pleasure to welcome the Magazine of American History, with its antiquarian interest, its historical and biographical value, its fine type and paper, and its antique illustrations."—Brooklyn Eagle.

"Each number always presents an admirable collection of papers, and maintains the high character of the gifted editor, who, in her history of New York City, displayed the highest qualities of an author. The magazine is as instructive as it is entertaining."—Scientific American.

"Its contents are excellent, and every family in the world should be on its subscription list."—Detroit Every Saturday.

"This publication has steadily increased in interest. It fills a niche of its own, and fills it so admirably as to ward off any attempt at competition."—Baltimore American.

"It is exceedingly valuable for the best portraits of historic characters which can be obtained. Last year the presidents from Washington to Arthur were given from the most authentic sources, and alone they were worth the subscription to the Magazine."—Newburyport Herald.

"The editor is giving great dignity to our country in recording the lives of families that are noble in the highest sense. The illustrations are very fine and interesting."—Boston Globe.

"This periodical richly deserves the high rank accorded to it by leading historical scholars in the two hemispheres."—Boston Transcript.

WHAT IS CATARRH?

From the Mail (Can.) Dec. 15.

Catarrh is a mucous-purulent discharge caused by the presence and development of the vegetable parasite amoeba in the internal lining membrane of the nose. This parasite is only developed under favourable circumstances, and these are:—Morbidity of the blood, as the blighted corpuscle of uric acid, the germ poison of syphilis, mercury, toxemia, from the retention of the effeted matter of the skin, suppressed perspiration, badly ventilated sleeping apartments, and other poisons that are germinated in the blood. These poisons keep the internal lining membrane of the nose in a constant state of irritation, ever ready for the deposit of the seeds of these germs, which spread up the nostrils and down the fauces, or back of the throat, causing ulceration of the throat; up the eustachian tubes, causing deafness; burrowing in the vocal cords, causing hoarseness, usurping the proper structure of the bronchial tubes, ending in pulmonary consumption and death.

Many attempts have been made to discover a cure for this distressing disease by the use of inhalants and other ingenious devices, but none of these treatments can do a particle of good until the parasites are either destroyed or removed from the mucous tissue.

Some time since a well-known physician of forty years' standing, after much experimenting, succeeded in discovering the necessary combination of ingredients which never fail in absolutely and permanently eradicating this horrible disease, whether standing for one year or forty years. Those who may be suffering from the above disease, should, without delay, communicate with the business managers,

Messrs. A. H. DIXON & SON, 905 King St. West, Toronto, Canada, and inclose stamp for their treatise on Catarrh

What the Rev. E. B. Stevenson, B.A., a clergyman of the London Conference of the Methodist Church of Canada, has to say in regard to A. H. Dixon & Son's New Treatment for Catarrh.

Oakland, Ont., Canada, March 17, '88.

Messrs. A. H. Dixon & Son:

DEAR SIRS,—Yours of the 13th instant to hand. It seems almost too good to be true that I am cured of Catarrh, but I know that I am. I have had no return of the disease, and never felt better in my life. I have tried so many things for Catarrh, suffered so much and for so many years, that it is hard for me to realize that I am really better.

I consider that mine was a very bad case; it was aggravated and chronic, involving the throat as well as the nasal passages, and I thought I would require the three treatments, but I feel fully cured by the two sent me, and I am thankful that I was ever induced to send to you.

You are at liberty to use this letter stating that I have been cured at two treatments, and I shall gladly recommend your remedy to some of my friends who are sufferers.

Yours, with many thanks,
REV. E. B. STEVENSON.

To Dyspeptics.

The most common signs of Dyspepsia, or Indigestion, are an oppression at the stomach, nausea, flatulency, water-brash, heart-burn, vomiting, loss of appetite, and constipation. Dyspeptic patients suffer untold miseries, bodily and mental. They should stimulate the digestion, and secure regular daily action of the bowels, by the use of moderate doses of

Ayer's Pills.

After the bowels are regulated, one of these Pills, taken each day after dinner, is usually all that is required to complete the cure. AYER'S PILLS are sugar-coated and purely vegetable—a pleasant, entirely safe, and reliable medicine for the cure of all disorders of the stomach and bowels. They are the best of all purgatives for family use.
