

- (c) "Information" (except in Sections 10 and 11 of this Agreement) shall mean information transferred under the Co-operation Agreement in any form or manner in which such information can be transferred, including but not limited to technical drawings, photographic negatives and prints, recordings, design data and technical and operating and maintenance manuals, that can be used in the design, production, operation or testing of equipment, facilities, nuclear material or material, except information freely available to the public; the term shall include any information obtained from a facility or equipment transferred under the Co-operation Agreement;
- (d) "Inspectors Document" shall mean the Annex to Agency document GC(V)/INF/39;
- (e) "Material" shall mean any substance which is especially prepared for the production, processing or use of nuclear material; the term shall include the substances listed in Appendix B to this Agreement;
- (f) "Nuclear material" shall mean any source material or special fissionable material as defined in Article XX of the Statute of the Agency;
- (g) "Produced, processed or used" shall mean any utilization or any alteration of the physical or chemical form or composition including any change of the isotopic composition, of the nuclear material or material involved;
- (h) "Safeguards Document" shall mean Agency document INFCIRC/66/Rev. 2 and any subsequent additions thereto.

PART II

UNDERTAKINGS BY THE GOVERNMENTS

Section 2. The Government of Canada undertakes that none of the following items shall be used for the manufacture of any nuclear weapon or to further any other military purpose or for the manufacture of any other nuclear explosive device:

- (a) Nuclear material, material, any equipment or any facility transferred from Spain to Canada;
- (b) Any equipment or facility which is designed, constructed or operated in Canada on the basis of or by the use of information transferred from Spain;
- (c) Any nuclear material, including subsequent generations of produced special fissionable material, and any material, which has been produced, processed or used on the basis of or by the use of any item referred to in this Section or any information transferred from Spain to Canada; or
- (d) Any other item required to be listed in the Inventory for Canada.

Section 3. The Government of Spain undertakes that none of the following items shall be used for the manufacture of any nuclear weapon or to further any other military purpose or for the manufacture of any other nuclear explosive device:

- (a) Nuclear material, material, any equipment or any facility transferred from Canada to Spain;
- (b) Any equipment or facility which is designed, constructed or operated in Spain on the basis of or by the use of information transferred from Canada;
- (c) Any nuclear material, including subsequent generations of produced special fissionable material, and any material, which has been produced, processed or used on the basis of or by the use of any item referred to in this Section or any information transferred from Canada to Spain; or
