

III. RECOMMENDATION OF THE THIRD COMMITTEE

10. The Third Committee recommends to the General Assembly the adoption of the following draft resolution:

International Decade of the World's Indigenous People

The General Assembly,

Bearing in mind that one of the purposes of the United Nations, as set forth in the Charter, is the achievement of international cooperation in solving international problems of an economic, social, cultural or humanitarian character and in promoting and encouraging respect for human rights and fundamental freedoms for all without distinction as to race, sex, language or religion,

Recalling its previous resolutions on the International Decade of the World's Indigenous People, as well as those of the Commission on Human Rights,

Recalling also that the goal of the Decade is to strengthen international cooperation for the solution of problems faced by indigenous people in such areas as human rights, the environment, development, education and health, and that the theme of the Decade is "Indigenous people: partnership in action",

Recognizing the importance of consultation and cooperation with indigenous people in planning and implementing the programme of activities for the Decade, the need for adequate financial support from the international community, including support from within the United Nations and the specialized agencies, and the need for adequate coordination and communication channels,

Taking note of Economic and Social Council decision 1992/255 of 20 July 1992, in which the Council requested United Nations bodies and specialized agencies to ensure that all technical assistance financed or provided by them was compatible with international instruments and standards applicable to indigenous people, and encouraged efforts to promote coordination in this field and greater participation of indigenous people in the planning and implementation of projects affecting them,

Recalling its resolution 50/156 of 21 December 1995,

1. Affirms its conviction of the value and diversity of the cultures and forms of social organization of indigenous people, and that the development of indigenous people within their countries will contribute to the socio-economic, cultural and environmental advancement of all the countries of the world;

2. Notes that the programme of activities for the International Decade of the World's Indigenous People may be reviewed and updated throughout the Decade and that at the mid-point of the Decade the Economic and Social Council and the General Assembly should review the results of the activities in order to identify obstacles to achievement of the goals of the Decade and to recommend solutions for overcoming those obstacles;
