MR. HEAP—INCOME TAX CLAIMS

**Mr. Dan Heap (Spadina):** Mr. Speaker, I have another petition which is signed by some 20 people and addressed to the honourable House of Commons in Parliament assembled. The petition of the undersigned residents of Canada, who do now avail themselves of their ancient and undoubted right thus to present a grievance common to your petitioners in the certain assurance that your honourable House will therefore provide a remedy, humbly sheweth that the specific requirements for documentation from income tax claimants for non-resident dependants have been unfair and have imposed great hardship on some countries where such help is needed most. The Government of Canada has removed this claim from the 1982 tax year.

Wherefore we the undersigned do humbly pray and call upon Parliament to petition the Minister of National Revenue to cease all audits against such claims for 1979, 1980 and 1981. And as in duty bound your petitioners will ever pray. Having signed this petition, I will now present it to the Clerk.

MR. HEAP—SALE OF MILITARY PRODUCTS TO LATIN AMERICA

**Mr. Dan Heap (Spadina):** Mr. Speaker, it is my pleasure to present another petition from a number of residents of Ontario to the honourable House of Commons of Canada in Parliament assembled. The petition of the undersigned residents of Canada, who do now avail themselves of their ancient and undoubted right thus to present a grievance common to your petitioners in the certain assurance that your honourable House will therefore provide a remedy, humbly sheweth that Canadians are greatly concerned about the possible use of Canadian-made military products in Latin America military adventures or by the dictatorships in Latin America.

Wherefore we the undersigned do humbly pray and call upon Parliament to refuse applications for DIPP and PEMD assistance and as well to refuse export permits to companies for the sale of military products to these Latin American dictatorships. And as in duty bound your petitioners will ever pray.

The petition of the undersigned residents, who do now avail themselves of their ancient and undoubted right to present a grievance common to your petitioners in the certain assurance that your honourable House will therefore provide a remedy, humbly sheweth that Canadians are greatly concerned about the presence of large numbers of American military advisers in Honduras and El Salvador and that Canadians are greatly concerned about the present training and other assistance being given to Somocista forces both in Honduras and in the United States.

Wherefore we the undersigned humbly pray and call upon Parliament to condemn at the United Nations and through other diplomatic channels such interference in both the sovereignty of Nicaragua and the just struggles of the Salvadoran people. And as in duty bound your petitioners will ever pray. Having signed this petition, I now ask the Clerk to receive it.

MR. HEAP—ASSISTANCE TO GOVERNMENT OF NICARAGUA

**Mr. Dan Heap (Spadina):** Mr. Speaker, it is my pleasure to present a petition to the honourable House of Commons of Canada in Parliament assembled from a number of residents of Ontario who do now avail themselves of their ancient and undoubted right thus to present a grievance common to your petitioners in the certain assurance that your honourable House will therefore provide a remedy. This petition humbly sheweth that Canadians are greatly concerned about the lack of support being shown by the Canadian Government for the Nicaraguan Government in its efforts to reconstruct their country and provide a decent standard of living for all Nicaraguans.

Wherefore, we the undersigned do humbly pray and call upon Parliament to establish a program of generous assistance to the Nicaraguan Government and to pressure the Government of United States to reinstate its purchase order for Nicaraguan sugar at the previous level of 58,500 short tonnes. And as in duty bound your petitioners will ever pray. Having signed this petition, I present it to the Clerk.

The petition of the undersigned residents of Canada, who do now avail themselves of their ancient and undoubted right thus to present a grievance common to your petitioners in the certain assurance that your honourable House will therefore provide a remedy, humbly sheweth that the expenditure of government income on subsidization of the sale of nuclear reactors constitutes a theft from the social services needed for Canadians.
