PEACE TROUBLES IN ULSTER, MEXICO AND COLORADO NEARLY OVER

Steamer Lost With Twenty Men—Woman Principal For Toronto Collegiate?—Mexican Trouble Nearing Settlement

MISS LAWLER MAY BE PRINCIPAL OF JARVIS

Specialist of Harbord Collegiate and Woman Who is Acknowledged to Be the Best Teacher in Toronto, May Succeed Dr. Embree as Head of Large Institution.

It is probable that Toronto will have a woman principal in one of its largest collegiate institutions. The vacancy will occur in Jarvis Street Collegiate on the retirement of Dr. L. E. Embree, who has just been superannuated. The popular favorite for the position is Miss Gertrude Lawler, head of the English department in the Harbord Street Collegiate Institute, which position she has held since the opening of the school, 22 years ago.

Miss Lawler, who is a Jarvis graduate, was the first woman to win the general proficiency scholarship, and in the university her talent and ability was further recognized by the awarding of the gold medal, general proficiency in honor courses, and specialist honors in three departments—English and history, modern languages and mathematics. Miss Lawler possesses a principal's certificate.

Immediately after graduation Miss Lawler was appointed head of the English department in Stratford, and after a year's success there received a promotion which placed her at the head of the English department on the opening of Harbord Collegiate, with Dr. Spotton as principal.

Acted as Principal. Miss Lawler lacks neither experience nor the power of discipline, for the school has always been abnormally large in attendance, and in the absence of Principal Hagarty at any time she has acted with marked success as principal of that institution.

Miss Lawler's qualifications are further extended, in that she has traveled extensively and become familiar at first hand with the first schools of Europe and the United States. Her success throughout has been the result of study and hard work.

Important Seat Sale.
This morning at 9 o'clock seats go on sale at the Princess Theatre for the engagement of Mr. Martin Harvey, the famous English actor, who comes to that theatre next week for a return engagement. This advance sale promises to be the biggest of the season.

MAY BECOME A PRINCIPAL

Miss Gertrude Lawler of Harbord Collegiate, who probably will succeed Dr. L. E. Embree as principal of Jarvis.

ALL ASIATICS TO BE BARRED

Chinese, Japanese and Hindus Excluded Under Order-in-Council.

VANCOUVER, April 29.—Asiatics of all races will be barred from entry into Canada under a new interpretation, or order-in-council, No. 897, details of which were made public today to representatives of the Pacific Lines by Malcolm R. J. Reid, superintendent of immigration. The new interpretation has made the order-in-council applicable to Chinese, Japanese and Hindus, and will become effective on May 31.

It will be remembered that entry of laborers, skilled and unskilled artisans into British Columbia was prohibited for a period of six months. At the expiration of this time the order was extended for another six months, or until Sept. 30. This order keeps out all labor under the head named, both white and yellow, but there was some misapprehension as to how it would affect Chinese who were prepared to pay the head tax of \$500.

The possession of \$500 for the head tax will avail them not at all, and the bars will be rigidly enforced against Chinese, Japanese and Hindus, as against white labor.

COMPROMISE ON HOME RULE IS NOW HOPEFULLY AWAITED

CARSON'S WORDS CONCILIATORY

"King of Ulster" Hopes Irish Parliament's Success Will Lead to United Country—Both Parties Realize Civil War is Inevitable Unless Agreement is Reached.

LONDON, April 29.—A compromise on the question of home rule for Ireland seems today to be nearer than ever before. There existed a strong belief in parliamentary circles that the conference between the leaders of the two great parties, which had been unsuccessful in reaching any agreement last autumn, would shortly be resumed.

The house of commons discussed the Ulster crisis again today, when it wound up the two days' debate on Austen Chamberlain's motion for a judicial enquiry into the government's "plot" to crush the Ulster covenanters. The motion, which was virtually a vote of censure on the cabinet, was eventually rejected by a party vote of 344 against 264.

On Civil War's Brink.
An atmosphere of great solemnity and restraint overhung the home thrust of the debate. The growing belief that civil war in Ireland is a reality which cannot be escaped if the Irish home rule bill becomes law as it is at present stands, seems to have influenced members on both sides of the house, as it has the newspapers supporting both parties. During the past week the press of both opinions has become more conciliatory in tone than it has been at any previous stage of the discussion.

Sir Edward Carson, whose leadership of the Ulster rebellion makes him the dominating figure on the opposition side of the house, today accepted the overtures made yesterday by Winston Spencer Churchill, first lord of the admiralty, who had invited Sir Edward Carson to make an attempt to compromise the home rule question on a federal basis. Sir Edward reiterated his detestation of home rule legislation.

WRECKAGE ON LAKE SUPERIOR INDICATES LOSS OF STEAMER WITH CREW OF TWENTY MEN

DULUTH, Minn., April 29.—That the steamer Benjamin Noble, her crew of 20 or more, and a large cargo of railroad iron, were swallowed up in the turbulent waters of storm-swept Lake Superior last night, was made almost certain today when life-saving crew picked up wreckage from the steamer off Minnesota Point, Duluth. All efforts to find the hulk of the steamer have proved fruitless.

The general belief is that she missed the Duluth entrance and struck the point and foundered in very deep water. In addition to the high seas last night there was a heavy mist and snow, and the Duluth entry light was out.

Up to this evening no bodies had come ashore. Reports by excited people who lined Park Point that bodies had been found this afternoon proved incorrect.

Light That Failed.
While the Noble was trying to make the harbor, the south light on the Duluth entry pier went out. No blame is attached by marine men to Captain Eflor, who has charge of the light-house here, or to members of his crew.

If the fault lies anywhere, vessel men say, it is with the antiquated equipment of the lighthouse department. The lighthouse has no electrical apparatus and when a storm of such proportions as that of yesterday and last night comes up, there is no way for the lighthouse men to get back and forth to attend to the lights.

The last report of the vessel received by the local agents shows that she passed up the Soo on April 25 at 7 a. m., laden with iron for Duluth. Under good weather conditions she should have arrived two days ago and the local agents have been anxious ever since the storm began Monday night.

Steamer's Missing.
Built at Wyandotte, Michigan, four years ago and being 239 feet in length with 42 foot beam, it was believed the boat would be able to broast the fiercest gales of the lakes. Her cargo should have been a valuable asset in assuring safety in a high wind on the deep waters of the lake as it was stowed in a high wind on the deck. Several steamers are not yet reported. They are: The Truesdale, W. L. King, Sheldon Park, Heffelfinger, all loaded with coal; the Lakeland with merchandise and the Loughlin light for ore. Wireless messages throughout the day were unable to locate these boats. It is considered probable that they are in shelter.

Among Victims.
The list of dead or missing includes: Captain John E. Isenhardt, aged 51; Milwaukee; First Mate George R. Longfary, Niagara Falls, N.Y.; Chief Engineer A. C. Coker, Port Clinton, Ohio; Steward John Coleman, Oswego, N.Y.; Assistant Steward Thomas Froud, Oswego; Fireman Otto Gunth, Toledo, O.; Fireman Wm. Goulet, Toledo.

The Noble was valued at \$145,000, and insured for \$20,000. It was reported here today on good authority that Irwin Francombe, youngest son of the owner of the Noble, was on board.

FIGHT OVER C.N.R. NOT LIKELY TO BE STRENUOUS

Liberals Not Solid Phalanx in Opposition and "Last Ditchers" Do Not Include Laurier and Graham—Burnham Disclaims Association With Bolters.

OTTAWA, April 29.—The "notes and proceedings" of the house of commons of yesterday's date contain the resolutions and schedules annexed, which will appear upon the order paper tomorrow respecting the contract between his majesty in behalf of Canada and the Canadian Northern Railway Co. and the companies owned or controlled by the same. Notice will be given by the prime minister tomorrow of the date upon which the house will be moved into committee of the whole to consider the resolutions. When said resolutions are adopted, the legislation itself will be brought down as a government measure, and it will be upon the second reading of this bill that the expected struggle in the house of commons will take place. In matters of this kind some deference is paid to the wishes and convenience of the opposition, but the indications are that the government will press for almost immediate action.

Burnham Not a Bolter.
Mr. Burnham, the Conservative member for West Peterboro, in the house today disassociated himself from Messrs. Bennett and Nickle, by declaring that he would support the Canadian Northern legislation. The rank and file of the government supporters are apparently well pleased with the bargain made and will stand by the government.

The Liberals are undoubtedly divided and a caucus has been called for 10 o'clock tomorrow morning. Some of their number, while willing to make a formal show of opposition to the proposed legislation because it is a government measure, are not inclined to seriously obstruct its passage, but

SEVERAL VESSELS OVERDUE

PORT ARTHUR, April 29.—Vessels overdue here are the Canadian, Martin Mullen, H. E. Nye, Winona and Glenvoyte. A northeast storm, with snow, has been blowing since last night. The wind blew a large quantity of ice into the two ports, and steamers are having trouble in picking their way thru the floes to open water.

STOCK VENDOR IS ON TRIAL FOR CONSPIRACY

Dr. Currie of Merriton, Who Bought Insurance Company Shares From Downey, Alleged That Gross Misrepresentation Was Used—Deputy Superintendent Vale a Witness.

ST. CATHARINES, April 29.—Charged with conspiring with H. L. Pearce of Toronto to defraud Dr. Currie of Merriton out of a sum of money, Leslie Downey was granted a preliminary hearing before Magistrate Campbell today. The case was adjourned until tomorrow.

Dr. Currie testified that he subscribed for shares in the Colonial Life Insurance Company of Canada, which was to have been a "sub-standard" one, writing up risks that other companies refused. He was told by Downey that a company had been formed and a charter applied for. Downey also informed him that before they could rate insurance the government required that the company must have 15 per cent. of the deposits. This, Downey informed him, was all paid up except \$1000, which would be cleared off by the time Downey got back to Toronto. The government would then grant the charter.

Named Toronto Doctor.
Dr. Currie said he was told by Downey that a Bloor street, Toronto, physician was a chief medical examiner. On the strength of these statements

HOW LONG BEFORE WE'LL WALK OVER IT?

Sixteen Months Since Bloor St. Viaduct Began, But Tenders Not Yet Called For.

Tenders for the Bloor street viaduct are to be called for in the near future, Commissioner Harris said when asked by The World yesterday. "It is impossible to complete the plans and specifications for so important a structure in a specified time. We have now to finish up a few details that have arisen thru changes advised in perfecting the architectural design. Our desire is to have a viaduct that will present the best engineering and architectural skill. This will be assured by making certain before we go ahead. Construction on the viaduct will be well forwarded this year."

It is sixteen months since the ratepayers of Toronto voted over two million dollars for this job! At that rate how long will it be before the public walk over it?

JURED MOTORIST MAY NOT RECOVER

Although yesterday his chances for recovery were good, late in the day he lapsed again into unconsciousness. The other man injured, Wallace Cowan, is expected to recover.

DENVER, Col., April 29.—Under a truce agreement, which stopped the fighting at Walsenberg this afternoon, approximately 650 strikers tonight are surrendering arms to militia officers appointed by Col. Verdeckberg. The strikers were not taken into custody, but will be subject to prosecution in the courts for the killing of Major P. P. Lester of the hospital corps.

RIP VAN ROWELL'S AWAKENING

VILLA REPORTED GAINING GROUND

Fear Expressed That Mexico's Revolution Will Be Pressed to Conclusion Despite Efforts.

LONDON, April 30.—The relief caused in Mexico City by the proffered mediation of the South American republics was only transitory, according to a despatch dated April 28 from the Mexican capital to The Daily Telegraph. The correspondent adds that after having believed it had to face war with the United States the Mexican Government again finds itself confronted by revolution under more unfavorable circumstances. It fears that mediation has come too late to affect the internal struggle, and that it will only prove to be a vain attempt to settle by pacific means a situation which is apparently approaching a violent solution.

Francisco Villa, according to the correspondent, has united under his command the most important nucleus of the combatant forces, and appears to have resumed hostilities with greater vehemence and success.

It is almost impossible to obtain any news here about the revolutionary advance, but alarming reports have been put into circulation according to which Saultillo, San Luis Potosi and Queretaro have fallen into the rebel hands.

U.S. WARSHIPS SHELLED PORT

Manzanillo Bombardment on Tuesday Was Reported to Mexican Minister of War.

MEXICO CITY, April 29.—The port of Manzanillo, on the Pacific coast, was bombarded yesterday by an American warship, according to a telegram received today by Gen. Blanquet, Mexican minister of war, from Gen. Jose Maria Mier.

According to Gen. Mier's message, the warship entered Manzanillo harbor at 4 o'clock in the afternoon of April 28. At half past four o'clock the telegraphers left their posts, carrying their instruments with them, and at 5 o'clock the bombardment began.

The telegram says the wharves and adjoining buildings were destroyed by shell fire.

ENVOYS TO DEAL WITH CARRANZA

Peace Program Broadened by Introduction of Mexican Constitutionalists' Cause Into Negotiations.

WASHINGTON, April 29.—Gen. Venustiano Carranza, head of the Mexican constitutionalists, late today notified the Latin-American intermediaries of his acceptance of the principle of mediation in the difficulty between the United States and Mexico. He expressed willingness to confer on the subject.

The announcement was made by Secretary Bryan on being informed by the introduction of Gen. Carranza and the constitutionalists cause into the negotiations broadens the peace program to an effort to compose the entire Mexican situation. It is understood that a proposal for an armistice, which has already been submitted to the United States and Gen. Huerta, now will be presented to Gen. Carranza.
