### EXPECTED TO PAY RENT OF HOSPITAL

Old General Will Not Be Given Unless Agreement Reached.

### WANTS AN EXTRA FEE

Auditor Will Not Audit Hydro Books Gratis, He Says.

The hospital authorities have advised Mayor Church that the old General Hospital will not be turned over to the city for military purposes unless the latter agrees to pay the monthly rental of \$750 without question, and without maintaining the right to appeal for a reduction to the property committee. The mayor is not pleased with this, and will get in touch with the members of the property committee as soon as they return to the city.

In the meantime Street Commissioner Wilson and Property Commissioner Chisholm have been instructed to clean out the buildings and get them in readiness for the troops.

City Auditor Sterling does not intend to audit the books of the Toronto Hydro Commission gratis. He has notified the board of control that he will retain for himself the portion of the hydro fee that is left after he has paid for any extra help required to do the work. The mayor was against giving him any extra fee, but the board took no action.

Property Commissioner Chisholm has recommended that F. L. Brown be appointed to take charge of the civil labor bureau at a salary of \$1100 per annum. Mayor Church declares himself in favor of T. A. Stevenson, secretary of the District Trades and Labor Council, but the controllers decided that as the bureau has to be reorganized they would leave the appointment over until a report on the whole proposition was ready.

### WILLS PROBATED

Dr. Arthur J. Johnston, W. H. Rowntree and J. W. S. Corley, applied for letters probate of the will of the late Mrs. Mary Ann Baily, who died on Sept. 12. The valuation of the estate is fixed at \$40,872 and is made up mostly of realty.

By a will made March 11, the annual income from the house at 33 Elmwood avenue, is to be paid to her husband William Baily during his life, and afterwards the estate is to be divided equally among the three children.

The late Mrs. Elizabeth Le Cocq, who died on Sept. 17, left an estate valued at \$18,585, which is to be divided among her six children.

The estate is composed of 287 Christie street, valued at \$10,000; No. 628, 630 Clinton street, valued at \$5,000, cash \$1,585 and \$1,950 in miscellaneous assets.

Letters probate were asked yesterday in the surrogate court of the will of the late John Real, a retired railway engineer.

His estate consists of the premises, 655 and 657 Wellington street, valued at \$2500.

The report of the extensive work done by the Rotary Club during the past season was read at the Rotary luncheon held at the Cafe Royal yesterday.

The prize garden owners of the year of potatoes had been planted before July 17 of this year. The crop has been estimated at \$300 per acre and for the 19 acres under cultivation the returns of the year's work should amount to over \$5000.

The prize garden owners were announced at the banquet, H. Glossop of 220 Dunn avenue, received first prize, Thomas Hosier, 10 Carlyle avenue, second and W. Pollard, 580 Eastern, third prize.

Justice F. E. Hodgins, K.C., Will Take Up Work at an Early Date.

Justice F. E. Hodgins, who was recently appointed a commissioner to investigate the medical problems of Ontario as related to Christian Science, osteopathy, chiropractic and other bodies organized for the practice of medicine, will take up his work at an early date.

The commission will at first be occupied hearing the views of those organized bodies which are now in charge of medical education in Ontario in all its branches. Following this the relations of these societies will be taken up.

R. SCORE & SON. Score's clothes, mentioned in the advertisement on Page 5, will give the same pleasure either in suit or overcoat at the price mentioned.

CASE WAS DISMISSED. Judge Winchester acquitted W. C. Roberts of the charge of false pretenses yesterday, which was brought against him by E. M. Raham. Raham rented a picture show from Roberts for \$135 after he had run the show three nights the police wanted to close it up as he had no permit. His honor stated that there was no criminal act.

NOT POSTOFFICE ONLY. Chief Engineer Ambrose of the new Union Station stated yesterday that the work will go ahead without delay until it is completed. He made this statement after consultation with Howard Kelly, vice-president of the Grand Trunk. He denied the rumor that the present work was the building of the postoffice only.

### Schooldays—and After

Established 1847

In our boyhood days we thought most of the wisdom worth having was to be obtained within the four walls of the old log school-house, but we have since learned that Experience is the greatest of teachers.

One of the most important lessons taught by it is that to neglect provision for the future is to neglect one of the chief influences that make for better, happier living.

The most complete form of such provision is found in the Canada Life Monthly Pension Policy. It gives you complete protection against poverty or want in your old age, and until then it is straight insurance protecting those depending upon you.

Without such protection, your chances of enjoying your old age without having to work hard for your living are, at best, 5 out of 100. Let us send you literature explaining why this is so, and how you can positively guarantee your own comfort and ease for the days when your earning power is lessened and your need greater than ever. ### VETERINARY STUDENTS BACK.

The Ontario Veterinary College will be formally opened on Monday, when Dr. C. C. James and President Fal-

coner will give addresses. Principal Grange stated that the outlook for students this year was quite good, so far as numbers were concerned, altho-

there had been a falling off of American students. Lectures started yesterday at the new college on University avenue.

### ROBINSON'S VIEWS NOT KNOWN BEFORE

If So, Unlikely Knox College Would Have Honored Him.

### NOT TO BE CANCELED

Some Say Degree Should Be Revoked, But It May Stay.

Prof. George L. Robinson's "neutral" views had been known to the senate of Knox College before the degree D.D. was conferred, it is almost certain that the honor at the hands of the local Presbyterian college would have been withheld. Dr. Robinson aroused a strong protest when he told the Knox College alumni that he considered Britain had been equally to blame in bringing about the great European war. By mutual consent, the lecture of the McCormick Theological Seminary, which was to have been given in Knox College last night, was called off.

The only way to handle men like Rev. George L. Robinson is to intern them," was the text of a telegram received by Mayor Church yesterday from a Chicago man.

Knox College men say that Dr. Robinson has a right to his views, but that he has no right to accept an honor from Knox College while holding such opinions. Condemnation has been expressed on all sides by the alumni of the college, by members of the board of governors of the university and by Presbyterian ministers and the public in general. It was the most

### FORTNIGHT'S FIGHTING TO CLEAR CHAMPAGNE

Excellent Results Obtained by French Artillery—Abundance of Munitions.

PARIS, Oct. 1.—The military critic of The Temps estimates that the battle in Champagne is likely to last a fortnight.

"It cannot continue without incidental checks," he continues, "but the silences upon the whole front today are in a good situation. The soldiers are filled with ardor. The supply of munitions is abundant. Artillery men are obtaining extraordinary results. Fine weather enables the aviators to observe accurately the effects of the fire."

The critic states that the official communication from the war ministry under-estimates rather than otherwise the results attained.

### CAMBRIDGE MEN AT FRONT.

LONDON, Oct. 1.—Ten thousand Cambridge men are fighting or in training to fight for the defense of their country. Already 470 have been killed, 700 have been wounded and more than 300 have won distinction on the field. These figures were given today by Vice-Chancellor James in his address at the beginning of the academic year.

### TAUBE LANDS IN BULGARIA.

PARIS, Oct. 1.—A German Taube, flying over Galafat, was shot at by Bulgarian troops, according to a despatch received from Bucharest today. The German machine was flying toward Serbia. After being shot at by the Bulgarians it changed its course and landed near Palanka, Bulgarian territory.

### CASE WAS DISMISSED FOR THE CIVIL COURT

John Jones appeared in the sessions yesterday on the charge of obtaining \$100, the property of John Haynes. The trouble arose out of the accused negotiating for a loan to build a stable. He stated that he had a permit to build but this statement was refuted.

Counsel for the accused stated that a civil action was pending and from the facts the judge decided it was not a matter of criminal jurisdiction. The case was dismissed for the civil court.

### GUilty OF FALSE PRETENSE.

Judge Winchester found D. S. Williamson guilty of false pretenses yesterday in obtaining 29,000 bricks from the Toronto Brick Company by fraud. Williamson used the name of A. Breton, a builder who was erecting houses on Boston avenue.

### FOUND NOT GUILTY.

Judge Winchester found Robert Aher not guilty of failing to keep proper books of account, and of obtaining credits of \$2000 from the Bank of Commerce and \$690 from the Standard Bank.
