"It is only fair that the ratepayers, who have street cars and who provide the revenue, should spend some share of that revenue in providing street car services for their less happily circumstanced fellow-citizens. We think we should facilitate the city in doing justice to the people in the annexed district by providing them with street car transit." We will therefore approve of the plans and resolutions submitted by the city, and thus enable the city to proceed with the enterprise." The order is signed by all three commissioners. ALTERNATIVE ROUTE BEST Tubes Would Cost Twenty Per Cent. Less If Off Yonge-street. An informal meeting of the sub-committee of the city council on tubes was held in the corporation council's office yesterday. H. L. Dreyton, K.C., corporation counsel, the acting mayor, Controller Hooden, Alderman Maguire and McCarthy with Engineer Cousins were present. The committee took under consideration the construction of the tube on either Toronto or Victoria-street as an alternative route to Yonge-street. It is estimated that the cost by either alternative route would be at least 20 per cent. lower than by the Victoria-street route. Of the two alternative routes that by Toronto-street is considered as probably the more advisable. The trend of population is west rather than east of Yonge-street, and it would be easier and less expensive to extend Toronto-street north to Bloor-street than to extend Victoria-street to Bloor. The whole question will be more fully dealt with when Controller Hooden, chairman of the sub-committee, returns from Winnipeg in about a fortnight. Further committee work will be done by the committee, and a recommendation to council will likely be presented on this matter. SET MESSAGE TO KING British and Canadian Residents of New York Hold Coronation Dinner. NEW YORK, June 23.—The coronation day celebration in New York ended last night with the coronation dinner held in the summer garden, and terrace at the Hotel Plaza, which was attended by five hundred British and Canadian residents of the city and their friends. The following was called to King George at Buckingham Palace, just before the dinner: "British residents and friends, assembled at coronation dinner in the Hotel Plaza, New York, beg to express their sincere congratulations to Your Majesty and Queen Mary on this, your coronation day. May long and happy reign be yours. God Save the King." Among those present were: Gen. Hubbard, Lady Drummond, Sir Donald Mann, Lady Hicks, Baron and Baroness de Witt, Mr. and Mrs. H. W. Taft, Baron von Schlippenbach, Russian consul-general; Commander W. H. B. Triggs, R.N.R.; Sir Francis Borchers, Lieut.-Governor of Quebec; Wm. A Remarkable Photograph In the Illustrated Section of The Sunday World this week, among other news events pictured, is a denouement of the Holy Name Society in the grounds of St. Michael's College last Sunday. The World photographer got a picture of several thousand worshippers before the temporary altar. Practically every face in this immense grouping can be recognized. Roman Catholics, particularly members of this society, should not fail to get a copy of The Sunday World. We have also a splendid panorama of a crowd of seven or eight thousand spectators of the recent lacrosse match at New Westminister. Other features are: The Motor League's outing for orphan children; the annual games of the Normal School Kindergarten; latest movements of Royalty in England in connection with the coronation ceremonies; inspection of the Public School Cadet Corps in Ketchum Bay with the soldier boys at Niagara Camp; group photograph of the German Lutheran Synod, recently held in Toronto; Public School Bugle Band; snappy action pictures of the Teumseh-Capital lacrosse match last Saturday; laying the cornerstone of the new Presbyterian Church on Broadview-avenue; city bowling championship teams. Our Sunday World color feature discusses the Reform of the Prison System by Hon. W. J. Hanna. The accompanying picture compares the system of cooking prisoners in lightless cells with the new idea, which attempts to reform them by giving them healthful work in the open air; the whole being surrounded by a few characteristic pictures of the Man Behind the Reform.

HAMILTON HAPPENINGS BOARD OF CONTROL CHOSE NEW SITE FOR HOSPITAL Property is on Mountain Brow—New Site Also Chosen for Cemetery. HAMILTON, June 23.—(Special)—The board of control this morning chose a seventeen-acre block of land on the Wentworth-street incline, for a new hospital site. A more desirable location could not have been selected. The property lies along the mountain brow, extending one block back and the hospital when built will directly overlook the city and the city district. Being only a short distance from the inclined railway it will also be easily accessible. The ratepayers have voted \$35,000 for a hospital site, and it is expected that the site chosen by the board of control will cost \$200,000 less than this sum. Expropriation proceedings will likely have to be resorted to in order to acquire the lots on the proposed site. Arrangements to secure the rest have been made. The matter will go before the city council Monday night. Thomas M. Wright, chairman, and Fred Rutherford, secretary of the cemetery board, announced to the board of control this morning that a new cemetery site had been selected, but in order to prevent the blocking of the transfer of the property its location is being kept secret until Monday night, when it will be revealed to the city council, which will be asked to pass on the matter. The price of the property is stated to be \$30,000. Trouble With the Census. Six of the census enumerators for Hamilton had intended to work this morning. Some of the men who have difficulty in finishing their territories in the time allotted them and it is probable that help will have to be furnished to some of the work here may be finished before July 1. Captain De Quincey of the Pinkerton Detective Bureau was charged by Joseph Adams, a negro ex-jockey, with assault. After hearing the evidence Magistrate Jéts dismissed the case. Ven. Archbishop Wm. Riedl will be consecrated at the Diocese of Niagara here to-morrow morning in Christ Church Cathedral. "With its usual enterprise and thoughtfulness the people of Hamilton, the street railway company has arranged for a series of ten band concerts," says The Hamilton Times today. "People in the suburbs of the Dominion Power and Transmission Co. descended to sending its children out to bribe the public with a penny 'orch' of sweets, not least the city council, who arranged to create traffic for the street railway company." The Catholic people might well pray to be further blessed, not least the city council, who arranged to create traffic for the street railway company. Political Intelligence CONTENDED STRONGLY AGAINST RECIPROCIITY W. M. German, M. P., Addresses Welland Liberals—Mayor Does Candidate For Legislature. WELLAND, June 23.—The annual convention of the Welland County Reformers was held in the courthouse here today with good attendance. The following officers were elected: President, John Logan, Niagara Falls; 1st vice-president, Chas. Kister, Chippewa; 2nd vice-president, Horace H. Bean, Willoughby; secretary, D. B. White, Niagara Falls; treasurer, Fraser Guinter, Thorold. After discussion a motion to select a candidate to-day for the local house was carried. Richard Harcourt was nominated but declined in favor of E. D. Dore, who was declared he tendered Mr. Dore unanimously. Mr. Dore addressed the meeting, but urged to decide to-day for the local house would give an answer later. He is a native of western Middlesex and has been a member of the Ontario Liberal party for a number of years. It is expected he will accept. Hon. Mr. Harcourt addressed the meeting, touching upon the principal questions of the day and advocating the proposed reciprocity pact with the United States. William M. German, M.P., addressed the meeting at a considerable length in opposition to the reciprocity pact, which he declared would not be a good thing for the country, and that he would oppose it strongly. J. P. Gross, ex-M.L.A., spoke in favor of reciprocity. A resolution that equal taxation be made a plank of the Ontario Liberals was carried, also one expressing confidence in Hon. A. G. MacKay, also one endorsing the proposed reciprocity pact now before the commons, and expressing fullest confidence in the Laurier government.

WOULD EXPAND AN-EXPROPRIATION PROJECT Continued From Page 1. The matter was held over to the next meeting. Cars to Waterfront. A couple of measures fathered in the board of control by Controller Hooden were approved by the city council. The Ontario Railway Board will therefore be asked for an order to compel the Toronto Railway Company to extend its tracks down Yonge-street, Bay-street, and York-street to the waterfront. Further, the attention of the board of railway commissioners will be directed to the inadequate supply of passenger cars on the Grand Trunk Railway, many outgoing and incoming trains being greatly overcrowded. "It is high time that this city did something," said Controller Hooden. "Conditions being objectionable are decidedly dangerous to the city. The park commissioner reported to council that owing to the elevation of the tracks in front of High Park, it has become dangerous for cars and vehicles entering or leaving the park. It being impossible to see trains approaching, the aldermen adopted a suggestion that an application be made to the Ontario Railway Board for an order requiring all suburban cars to be equipped with flashing red lights at crossings in front of the park. The city engineer will collect the evidence necessary to support the city's application before the board. Lease of Industrial Track. The draft of an agreement whereby the C. P. R. leases the industrial tracks was submitted to the council by the city engineer. The city is to pay the C. P. R. 4 per cent. of \$37,000, the original cost of building the track, or about \$149 annually as rental. The agreement is to run for a term of ten years, but either party thereto may terminate at any time after one year by giving three months' notice. The agreement was approved. After a deal of loud thinking, the aldermen decided to give the C. P. R. a contract to give the bylaw to provide for the conduct by the controllers of the business of the city during the absence of council. Vacation will extend to Sept. 14. Ald. McCarthy objected to council adjourning at all for holidays. "We have had a lot of things on hand," he said. "There is the works report, the Isolation Hospital, Bloor-street railway crossings, street railway crossing, and a lot of other things. I cannot afford to leave them over solely to the consideration of the board of control." Ald. Baird made a pathetic appeal for a chance to go a-holiday. "The sunlight and moonlight appeal more to me than the light of day," he said. Defeated the Busy Bees. And, being greatly moved thereby, Controllers Spence, Ward, Church and Hocken, with Ald. Sweeney, O'Neill, Maguire, Dunn, May, Rowland, and Chisholm, all voted to support the motion of Ald. Baird for a holiday season of 14 days, despite the efforts of Ald. Chisholm, May, Rowland, and Chisholm, who voted to keep them at work. The bylaw was introduced later and passed two readings, but failed to get through on the third reading. Hence the city council will hold its regular fortnightly meeting when the bylaw will be again submitted to the aldermen. A deputation of islanders appeared before the council to state their position regarding the proposed bridge across the western lagoon on the island of Manitowish, owned by Wilson and W. C. Chisholm, K.C., representing the athletic associations, said that it was inadvisable to build any bridge at all on the lagoon, which is a rowing course. It would be necessary to have a bridge with a 400 ft. span, and they favored filling in the south end and making a park round that end. They wanted the council to back up the recommendation that the matter be referred back to island committee, so that the islanders could express their views to these aldermen. Council granted this request. A bill to amalgamate the island committee with the committee on parks and recreation was introduced, and, coming up for the second time, caused some lively discussion. It passed second reading by a vote of 12 to 10. The city council voted to accept the tender of Miller and Gibson to build the Ashbridge's Bay docks for \$119,900. NEW YORK, June 23.—The entire police force of Manhattan, reinforced by an arm of school children, is searching for two germ-laden monkeys which escaped within the past 18 hours from the Willard Parker Hospital. The little animals are reeking with scarlet fever germs with which they were inoculated for observation purposes. The police have been instructed to find and destroy the monkeys at any cost. It is feared that they have been adopted as pets by well-meaning persons who found them. FORMED INFANTRY ASSOCIATION. KINGSTON, June 23.—(Special)—The Infantry Association of the 1st division was formed at Barfield camp with the following officers, the object being the betterment of the infantry branch of the service: Patron, Col. Sir Frederick Borden, K.C., M.G.; hon. president, Col. T. Benson, O.C., 3rd division; president, Lieut.-Col. John H. Hobbins, O.C., 4th Infantry Brigade; vice-president, Lieut.-Col. R. L. Kent, O.C., 7th Infantry Brigade; executive committee, Lieut.-Col. G. P. 2nd division; Lieut.-Col. W. S. Bull, 41st Regt., and Lieut.-Col. R. H. Sylvester, 45th Regt. Sifton's Jumpers Fifth. LONDON, June 23.—(C.A.P.)—In the horse show jumping competition, for teams of two, today, Hon. C. Sifton was fifth with Elmhurst and Wasp.

The wedding of Miss Ethel Marion Hunter, only daughter of Mrs. James R. Hunter, formerly of Parkdale, and Edwin P. Bentley of Toronto, took place on Thursday at the home of the bride's uncle, John M. Clark, 187 Lothrop-ave., Detroit. The marriage was performed by Rev. Eugene Antrim, in the presence of the relatives and a few friends. Little Ethel Marion Clark, acting as flower girl, was dressed in white silk. The bride was handsomely attired in white duchess satin veiled with white silk, marquisette, and carried a shower bouquet of lilies of the valley and bridal roses; the decorations being in green and white. After the wedding breakfast, Mr. and Mrs. Bentley left for a western trip and will be at home after Sept. 1. CUNARD LINE'S BOOKLET. A handsome volume which would in outline appearance and pictorial excellence of contents, deserve an honored place in any private library, is the coronation booklet issued by the Cunard Steamship Co. It is styled an edition de luxe and the term is no misnomer, for the book, beautifully bound in velum and gold is irrefragable in appeal to the lover of the artistic. A series of admirable photographic reproductions do justice to the fine steamer Lusitania and Mauretania, whose luxurious appointments are exhibited in a manner to stir the fancy of the lover of ocean travel. The whole production is highly creditable and one more evidence of the enterprise which has made the Cunard line notably successful. Verdict of Accidental Death. ST. CATHARINES, June 23.—(Special)—The jury, at an inquest this evening to inquire into the death of Charles Fisher, killed by a G.T.R. engine in Merriton on Monday, brought in a verdict of accidental death. "Coroner Armour presided and heard evidence of Dr. Vanderburg and a number of trial hands who witnessed the fatal engine which struck the unfortunate man was ringing. Station-master Davidson stated that the deceased's duties did not call him away from the freight sheds onto the track where he was killed.

"I have no idea within 15,000 of what the population will prove to be in Centre Toronto." This is the flat statement of Chief Commissioner Thomas Vance, who republishes as mere speculations, figures from some newspapers, purporting to give approximately the results of the census. As the census men are under oath not to disclose information, the published statements are mere guess-work. WHO TORONTO'S NEW SHORT-STOP IS. President McCaffery wired yesterday that he had secured a new man to play shortstop, but kept the name of the player until a late hour last night when he gave out the name of Fox Smith of Brooklyn. "There is a big difference between McCaffery and Kelly, as Kelly is always ready to give the public all the information he has at any time in the air, while McCaffery is not. I have seen Kelly in date, he always has the best. Phone Adelaide 445 and let Kelly, 745 Queen-st. West, send you your Sunday supply. EXCURSION TO BUFFALO. The wedding of Miss Ethel Marion Hunter, only daughter of Mrs. James R. Hunter, formerly of Parkdale, and Edwin P. Bentley of Toronto, took place on Thursday at the home of the bride's uncle, John M. Clark, 187 Lothrop-ave., Detroit. The marriage was performed by Rev. Eugene Antrim, in the presence of the relatives and a few friends. Little Ethel Marion Clark, acting as flower girl, was dressed in white silk. The bride was handsomely attired in white duchess satin veiled with white silk, marquisette, and carried a shower bouquet of lilies of the valley and bridal roses; the decorations being in green and white. After the wedding breakfast, Mr. and Mrs. Bentley left for a western trip and will be at home after Sept. 1. CUNARD LINE'S BOOKLET. A handsome volume which would in outline appearance and pictorial excellence of contents, deserve an honored place in any private library, is the coronation booklet issued by the Cunard Steamship Co. It is styled an edition de luxe and the term is no misnomer, for the book, beautifully bound in velum and gold is irrefragable in appeal to the lover of the artistic. A series of admirable photographic reproductions do justice to the fine steamer Lusitania and Mauretania, whose luxurious appointments are exhibited in a manner to stir the fancy of the lover of ocean travel. The whole production is highly creditable and one more evidence of the enterprise which has made the Cunard line notably successful. Verdict of Accidental Death. ST. CATHARINES, June 23.—(Special)—The jury, at an inquest this evening to inquire into the death of Charles Fisher, killed by a G.T.R. engine in Merriton on Monday, brought in a verdict of accidental death. "Coroner Armour presided and heard evidence of Dr. Vanderburg and a number of trial hands who witnessed the fatal engine which struck the unfortunate man was ringing. Station-master Davidson stated that the deceased's duties did not call him away from the freight sheds onto the track where he was killed.
