OLCOTT HANDS OVER PAPERS

New Counsel for Thaw Confers With Prisoner in Tomb.

New York, July 19.—Clifford W. Hatridge, counsel for Harry K. Thaw, and the prisoner's wife, Evelyn Nesbit Thaw, held a conference with Thaw in the Tomb prison to-day.

The application of John D. Gleason, of Thaw's counsel, for an absolute writ prohibiting District Attorney Thaw from examining witnesses under subpoena in the Thaw case, came up to-day. Justice McLean reserved his decision.

W. M. K. Olcott, the lawyer who was dismissed by Thaw and ordered by the court to stop appearing for him, should not surrender the papers in the Thaw case to Thaw's counsel, Clifford W. Hatridge, surrendered the papers to Mr. Hatridge, for whom she dictated a long statement, giving a history of her life since she has been in New York. She also dictated a statement to Mr. Olcott shortly after Thaw was arrested.

WANTS TO UPSET BYLAW.

George Caster of Stouffville is applying to the courts to quash a by-law to exempt the Western Machine Co. from taxes and give an annual grant for 10 years. It is claimed that three members of the village council are interested in the Stouffville Brass and Steel Works, and that this concern is to be taken over by the Western. The ratepayers voted for the by-law, but Mr. Caster declares that the 170 favorable votes do not constitute three-fifths of the 296 votes on the list.

Brokers' Cases Adjourned.

The brokers summoned to court to explain alleged irregularities appeared for the third time before Magistrate Kingsford yesterday, and were remanded until Tuesday next.

Two more of the original 12 summoned, W. McMillan and Norman McKay, made formal application to Attorney Corley to be permitted to withdraw, promising to close out their accounts and retire from the business. They were put on the adjourned list.

There are now only four brokers of those summoned left to face all the music. Three of these have the O'Dell service, and one is correspondent of the Municipal Trading Co. of Albany.

The O'Dell people's legal representative in the city yesterday and it is understood will arrange with the firm's correspondents here to fight the case. It is highly probable, however, that one more will be dropped, conditionally, before the date set for the examination, but he may be supplemented by still another, who, luckily, escaped summons three weeks ago, but who will probably be served to-day.

SHIFT IN CITY HALL OFFICES

Will Cost \$600—Williams Company Get a New Site.

Commissioner Harris has recommended a number of changes in the offices at the city hall at a cost of \$600. The sewer branch will go upstairs to the third floor, Dr. Sheard's street commissioner's department will go into the present park headquarters, and Commissioner Chambers will change to where Street Commissioner Jones used to be in the rooms facing on James-street. The proposed changes were endorsed by the property committee yesterday afternoon.

Prosperity Desires.

The assessment commissioner submitted to the committee for approval a proposition whereby the city grants a lease to the A. B. Williams Co. Limited, of a block of land on the south side of Front-street, 142 feet by 156 feet 8 inches on the east side of Bay-street. The eastern 76 feet of this property is at the disposal of the city, because the J. E. Smith estate were not given recent lease. The estate, however, has the other portion leased, and are willing to assign the lease to Williams. An estimated of \$600 a foot, the regular \$202 for the 142 feet on Front-street, as against the sum of \$413, now recommended. The committee concurred.

Board of Control.

Under the E. J. Humphrey and Major Collins waited upon the board of control yesterday requesting the city to pay \$188 for a lot in Mount Pleasant in which the inter-est of the late Alex. Muir. The lot is only 18x16 feet, for which Controller Hubbard considers the price \$185, a hold-up, altho it was agreed that a suitable of must be got. The interment will take place on Saturday.

Crosley and Hunter, the evangelists, own property at 513 Palmerston-avenue, and strongly oppose the petition to open a lane between Lennox and Herick-streets. Lanes, they claim, are unsightly, unsanitary and a retreat for tramps.

There will be a further conference at Ottawa regarding the Yonge-street bridge.

Contracts for the following works were awarded by the board of control yesterday afternoon: Hepburn-street, from Ossington-avenue to Dovercourt-road, asphalt pavement, Barber Asphalt Paving Company, \$383. Belleville, July 19.—The village council of Madoc has petitioned the government for the return of the railway from Madoc to Eldorado, in this county.

The road was heavily bonused by Madoc, and the Ontario government. Shortly afterwards it was purchased by the Grand Trunk Railway Company for a time, but finally ceased.

Now the Madoc council asks the government to take steps to compel the Grand Trunk Railway Company to carry out their agreement or refund the subsidy in order that it may be utilized for the purposes for which it was voted by parliament.

TO ALLY SUSPICION AS TO SOURCE OF HIS WEALTH.

Detective McArthur yesterday unearthed a new style of stealing, which is something of a novelty. John Lawson, 23 Mountroy-street, is a wood turner, who was employed by W. Spanner & Co., 98 Niagara. Lawson did not appear to work any faster or harder than his comrade, but he cashed in more money. Suspicion was aroused, and Lawson was watched, with the result that he is locked up on the charge of stealing enough newly made curtain poles ends to amount to about 50 cents a day.

Lawson's trunk was searched, and a number of watches and chains found. It has also been ascertained that he disposed of a diamond ring to a hawker at a short time ago.

Lawson, who came from England a short time ago, is said to have gone under the name of Roger Moran.
