usion of Time for the Service of William Paterson in the North Grey Election Case.

supreme Court v. Brunskill, Mr. Justice Ferguson reserved judgment on the motion in chambers made on behalf of certain infants to commit the defendant Munshaw for unsatisfactory answers on his examination as a judgment debtor. The defendant was induced to admit on his examination that he was carrying with him in his trousers pocket at the time about \$800 in bills, which he had drawn from the bank on the advice of his solicitor. In Craig v. Phillips, the plaintiff appealed from the order of the local judge at Hamilton, directing her to give particulars of the time when and the place where the defendant agreed to marry hor. She decidedly objected to give such particulars. However, the appeal was dismissed with qosts and she must tell.

It has not been found possible to serve the Hon. William Paterson with the petition to void his election. In North Grey to the House of Commons, and Mr. Justice Robertson allowed Mr. H. E. Rose's application to extend the time for service for five days. defendant Munshaw for unsatisfactory

Peterboro Review.

At a meeting of the Quarterly Official Board of the George-street Methodist Church, held on Wednesday evening, Sept. 23, was passed unanimously a vote of censure on the directors of West Peterboro Agricultural Society for procuring and allowing such a disgusting exhibition of so-called skirt or ballet dancing to take place on their grounds during the last show, and that this board view with fear and dismay the repetition of such displays, as they have only a demoralizing and corrupting tendency, and that if a guarantee is not given next year that such an occurrence will not be allowed to take place on the exhibition grounds our people refrain from patronizing or appearing on the grounds of the society.

McIntyre & Wardwell (John J. Dixon) eccived the following despatch from their tranch office in Chicago:

received the following despatch from their branch office in Chicago:

The wheat market opened weak and lower, being a continuance of yesterday's break, and for the greater part of the day the tone was decidedly heavy, owing to realization by small holders and selling by the local crowd generally, but the outside buying was good, and the large operators, who undoubtedly have at present the key to the market, added to their already large lines, which resulted in a somewhat congested market, and during the last part of the day prices soared quickly, and frightened shorts had hardly time to cover to any extent. The close was nearly 3c up from the lowest point and very strong. There was no export business reported, as the advance checked the trade. Northwest receipts, 722 cars, against 1023 last week. This is certainly a runaway market, and opinions are almost worthless, except to buy on the weak spots. opinions are almost worthless, except to buy on the weak spots.

Provisions—Market opened a shade easier on decline in wheat, and ruled lower, un-til wheat commenced to advance. Packers bought lard, ribs and pork for Jan., but near the close were seliers again. Market closed strong at near highest price of the day. CHEESE MARKETS. At Liverpool cotton is quiet at 4 11-16d.
