OUR PRESENT DUTY.

We have a Militia Department in Canada and a considerable sum is appropriated yearly for the training of our citizen-soldier. It is evident that a change in the policy of the department is called for. While the volunteer system is all right as far as it goes it does not meet the exigencies of the times. Canada needs a Department of War rather than a Department of Militia. We must fall in line with other nations and place our soldiers, whatever it is, on a fighting basis. It is time that Canada maintained a standing army commensurate with its population and resources. While it was recently decided to send a Canadian contingent to South Africa it was necessary to organize the regiment and then equip it. It took ten days to get the men to Quebec. This is the best record we could make under the existing system. What is required is the equipment of so many battalions of regular soldiers, on a war footing. We ought to have a small standing army that would be available for active service on the short notice. All other countries, no matter how small, have regular standing armies. Canada has been relying too much on the good-will of the Mother Country. We must make a greater degree of responsibility ourselves. It may not be necessary to send a second contingent to South Africa, but that is no reason why steps should not be immediately taken to equip a regiment and have it ready for any emergency. While we think the situation is serious enough to warrant our raising another regiment and proffering its services to the Mother Country, yet we do not think a crisis has arisen calling for the summoning of the Canadian Parliament. Such an act would be superfluous, and it might make us somewhat ridiculous in the eyes of other nations. Canada is not declaring war nor is she asking for a large credit. The funds required for raising the second contingent will be comparatively trifling, and even if we have to send another regiment to South Africa it will not be necessary to raise a loan or levy war taxes. There is no justification for calling Parliament from a financial point of view. Nor does any good reason exist for the summoning of Parliament to debate the principle and the advisability of our sending troops to South Africa. This subject can be fully discussed at the next regular session of Parliament. To call an extra session would be giving the matter undue importance. The prosecution of the war in South Africa does not demand the summoning of the Canadian Parliament. There is no mistaking the unanimity of public opinion in Canada on the question of assisting Great Britain in its war with the Boers. It is not necessary to summon Parliament to ascertain the sentiment of the people. That sentiment is practically the same throughout the whole Dominion. Why, then, should Parliament be summoned? The broader question of the part that Canada shall play in future in the wars of the Empire is not urgent. It can safely be left over till the usual session. All that is required at the present moment is the equipment of another regiment to be held in readiness on an order from the War Office. The services of such a corps may or may not be required by the British authorities, but it should be organized, equipped and prepared to sail on the shortest notice.

AN INTERNATIONAL QUESTION.
The opening of the Chicago Drainage Canal is to take place next month, unless the plans of the engineers miscarry. As soon as it is opened the waters of Lake Michigan will find their way to the sea by two widely divergent routes, one by the natural outlet through the St. Lawrence and the St. Lawrence River to the North Atlantic, and the other through an artificial channel connecting the lake by way of the Illinois River with the Mississippi and the waters of the Gulf. The canal is 22 feet in depth, and varies from 162 to 252 feet in width. It is 35 miles in length. Such a canal will require an immense volume of water to feed it, and its opening will undoubtedly cause an appreciable diminution of the waters of the great lake system. While it will not affect Lake Ontario, it is generally believed that the diversion of so large a volume of water will lower the level of Lakes Erie and Huron, and thereby interfere with shipping. The matter is of no little importance to this country. We trust that the Government will look after the interests of Canada in the matter. Canada is jointly interested with the United States in the great lake system. We take it that the latter has no legal or international right to interfere with the system in any way that will work to the detriment of this country.

THE METROPOLITAN'S APPLICATION.
An important point to bear in mind in considering the application of the Metropolitan Railway for the privilege of making a connection with the C.P.R. is that the company's franchise to its right of way on Yonge-street, within the city limits, expires in less than six years. If the city consents to a connection being made by the C.P.R. and the Metropolitan, it may, by this act, relinquish its ownership of the franchise granted to the company in 1884. It is evidently a case where the city should proceed cautiously, and grant no rights except after the most careful consideration. Probably the most serious aspect of the case for the residents of Yonge-street is the possible conversion of Yonge-street into an ordinary railway. The Metropolitan claims to have all the rights

Would any house-keeper ever allow a brood of strange black ugly creatures of devilish aspect to accumulate and choke up by their foul presence the best living rooms in her house? No. Out they would go promptly with a broom and her strong arm behind it. A scrofulous taint in the human system is no less foul and fearful than a brood of devils accumulating in the blood springing up here, there and everywhere, causing a hundred mysterious and apparently incurable symptoms in all parts of the body. A terrible case of chronic scrofula is described by an Iowa lady, Mrs. James Murphy, of Fond du Lac, Wis., in a note written to Dr. R. V. Pierce, of No. 663 Main Street, Buffalo, N. Y. "I will forever thank you for 'Cavie's' cure," she says. "Dr. Pierce's Golden Medical Discovery has cured me of chronic scrofula of twenty years' standing. I had doctored for the trouble until I was completely discouraged. I also had chronic diarrhea for twelve years. I was in good health now—better than I ever was in my life, owing to Dr. Pierce's 'Discovery.' I read that book and it is with pleasure I send you my name to publish."

A life-time of practical experience has qualified Dr. Pierce to deal with obstinate chronic diseases more successfully than probably any other physician of his time. Do not be discouraged however severe your case may be, but write to him. Your letter will be treated in strictest confidence, and he will send, in a plain sealed envelope, without charge, the best professional advice to be obtained in this country.

As it Once Was.

When the human foot was first introduced to shoes it was exactly as nature had made it, strong-symmetrical-handsome. It has been revolutionized from what it was to the foot of to-day by sixteen centuries of distorting tightness and freakish styles.

"Slater Shoes" are made to fit feet as they are to-day, comfort first, but good appearance never forgotten. Twelve shapes, six widths, all sizes leathers and colors. Goodyear welted, name and price stamped on the soles, \$3.50 and \$5.00.

For Sale at the Slater Shoe Stores, 89 King St. W. and 123 Yonge St.

of a steam railway. It can run freight trains, loaded with lumber, coal, cattle, hogs, grain or any other kind of merchandise. If our highways are to be converted into ordinary railways the public should be made aware of the fact. We doubt if they will sanction any such use of the public roads. At any rate the conversion of Yonge-street, within the city limits, into a freight yard and railway may create a public nuisance. The Metropolitan was created as a trolley railway. If it has acquired steam railway powers it has done so without the consent of the city, and as far as the latter is concerned, it is under no obligation to grant the company's application. As The World suggested the other day the best way to handle the case now is to give the company 24 hours' notice to cease using electric cars within the city. Then when the case comes before the Railway Commission, the company will be applying to make a connection between a horse car railway and the C.P.R. The absurdity of the thing will be self-evident.

SOMEbody IS GETTING A SNAP.
The Whole Assets of the Londonderry Iron Company Was Sold Yesterday.

MISS SNIVELEY SNUBBED.
How the House Staff at the General Hospital Showed Their Esteem for Miss Watson.
As an expression of their regret and a token of their esteem, the house staff of the Toronto General Hospital presented a beautiful pearl pin, to Miss Watson, a name-bouquet of roses, to Miss Watson, who has for a long time most efficiently filled the arduous and important position of head nurse of the "Pavilion." Miss Watson at first did not resign, but was dissuaded by the lady superintendent, Miss Kately, by the lady superintendent, Dr. O'Reilly, without consulting her. This was considered unfair, and caused some indignation from all inside and outside the hospital, that a board meeting was called, at which Miss Watson was completely acquitted. The board was more than willing to let her go, but thought it was more becoming to leave. And the did.

ANOTHER G. T. R. SMASH.
One Car of a Freight Train Completely Demolished at Scarborough Junction.
Near the big grade at Scarborough Junction yesterday morning, two G.T.R. freight cars broke away from the rest of the train. As soon as the break was noticed the engine was stopped, but not before the runaway cars had crashed into the rest. One car, attached to the engine, was completely demolished, and traffic was delayed for some hours.

Capt. Bengough Buried.
The remains of the late Captain Bengough were interred yesterday afternoon in Mount Pleasant Cemetery. Rev. E. S. Rowe, assisted by Rev. S. C. Craig, conducted the services at the family residence, 534 Church-street. The funeral was followed by a large contingent of the York Pioneers and Single Tax Associations. The chief mourners were deceased sons, George, Thomas and James Bengough. Among the flowers were from Mr. Hugh Scott and a plume with the word "Father," from the children.

Tucker Under Arrest.
Small sums of money at various times have been missed recently from the cash register of the Oxford Produce Co.'s store, West Queen-street. The police were notified, and last night Detective Porter placed James Tucker of 204 Spadina-avenue under arrest. Tucker was employed in the store, and it is said he stole the money in the absence of his employers.

Nobility on the Oceanic.
Liverpool, Nov. 1.—The White Star Line steamer Oceanic, which sailed from Liverpool today for New York via Queenstown, was among her passengers the Earl of Cassilis, Lady Edith Playfair and the Duke of Manchester.

The Lucky Puzzle! Have You Tried It?

JOSEPH HARRIS DEAD.
A Prominent Member of the Toronto Board of Trade Died Yesterday.
Mr. Joseph Harris, at one time a prominent grain merchant, and well-known in Toronto, passed away yesterday morning at his late home, 5 Rosedale-road. He had been in ailing health since the early spring,

and was a great sufferer. For over 30 years he was grain inspector for Toronto, and retired from that position about six years ago. He then went to Winnipeg, where he engaged in the grain business. About a year ago he returned to the city, and had lived here ever since.

Mr. Harris, who was 63 years of age, was one of the oldest members of the Board of Trade, and was considered one of the best authorities in all matters pertaining to the grain trade. He leaves, besides a widow, two children. At the funeral to-morrow afternoon the grain section of the Board of Trade will attend.

The Lucky Puzzle! Have You Tried It?

Condolence From Winnipeg.
Winnipeg, Nov. 1.—(Special.)—Word was received this morning announcing the death of ex-President Joseph Harris of the Winnipeg Grain Exchange. A meeting of the exchange was immediately called for 11 o'clock, when a resolution of condolence was passed, and President Parish instructed to wire the same to the bereaved family.

It was decided that Mr. A. Caranagh of Toronto, a member of the Winnipeg Grain Exchange, should represent that body at the funeral, and that he be instructed to purchase a suitable wreath to be placed on the coffin.
