THE GREATEST PROBLEM.

How Judge Parker and Gassaway Davis May Get Son-in-Law Vote.

Esopus, Aug. 6:—A great Rosemount secret popped out to-day. The divulger is not to be classed with the "close friends," is not "one who knows" or a "man high in the councils of the party." The authority is better than that, for it is a close friend of Mary Jane, the erstwhile lamblike lamb of the lawn, who speaks. Here you are: The Rev. Charles Moyer Hall, the judge's son-in-law, who has been living at Rosemount nearly all the time Jane, the erstwhile lamblike lamb of the lawn, who speaks. Here you are: The Rev. Charles Moyer Hall, the judge's son-in-law, who has been living at Rosemount nearly all the time since the nomination, and who has gone to the station and to the wharf to greet the most distinguished vistors, including Eenry Gassaway Davis and Mayor McClellan, is a Republican. He has been a Republican all his life and no assurance has come from him that he will not remain one. that he will not remain one.

Railway Plans.

Ensineer W. T. Jennings of the Toronto and Hamilton Railway was in the city to-day. The company will build a line into the city by way of the Waddell stone road and York-street. It will run on York-street as far as Bay-street, and will run along Bay to Main-street, and down Main to the H., G. & B. tracks, Mr. Jennings said it was the intention of the company to make a bid for the beach traffic.

traffic.

Everybody Pleased.

The G.T.R. officials came to Hamilton to-day, and settled some long-standing disputes. The property owners who will suffer by the work the company is doing on Ferguson-avenue will be paid \$200 each. The company will allow the city weigh scales to remain on Ferguson-avenue, and will see that the Cummer Ice & Coal Company tuilds an enclosed shed at the corner of Elgin and Cannon-streets. The Hamilton Gas Light Company was given permission to connect with the Caroline-street switch.

the goose that laid the golden egg by their quarrels. They enjoyed a monopoly of the city work until they expelled some of the members. Now William Pearson, John Freeth and others are forming a company to tender for the collection of garbage, street waterin, sweeping and all such work.

An Interesting Tangle.

Clarence Beecraft, and his wife quarrelled and separated. The wife took their 23-months-old child and placed it in St. Mary's Orphanage Asylum. The husband says he was denied permission to see the little one, and he has issued a writ against his wife and the mother superior of the asylum for possession of the baby.

American state department has requested a stay of deportation proceedings thru the British ambassador at Washington.

The American law is very clear as to the point that all persons except those engaged in a class of skilled labor not done at all in the States, and personal servants, may be deported, if their labor is contracted for while residents of a foreign country, and the Canadian laws, being in a measure retailatory, would probably be just as explicit.
