Bridge, Phone 2878-81. 67915-11-3

WE ARE NOW DELIVERING WET
deal ends and spar ends. McEn-
mare Bros., Phone 78A. T.F.

GERMANS REALIZE

WAR IS A FAILURE

Washington, Oct. 29.—No immediate
prospect of peace, despite Germany's
weakening of morale in the civilian
population and the army, is seen by P.
A. Stovall, United States minister to
Switzerland, who called on President
Wilson on his first return from his post
in four years.

"The German people," said Mr. Stovall, "are slowly realizing that the war
is a total failure. As this spirit grows
it will cause some sort of a revolution,
but I do not think anyone can forecast
what form this will take. Food and
other economic conditions in Germany
are very bad and growing worse."

Switzerland, the minister declared,
was generally neutral and will not
abandon that position. The Swiss staff
of superintendents has been successful
he said, in preventing exportation to
Germany and Austria of materials im-
ported from allied countries. Mr. Stovall
will confer with Vance McCormack,
of the war trade board; Secretary of
State Lansing, and Food Administrator
Hoover, in an effort to facilitate ex-
port of food and other supplies to Swit-
zerland.

TO ALL HIGHWAY USERS

Why should the Maritime Provinces and British Columbia
be the only places in America that Pass to the Left?

Are you in favor of changing the Road Law at the next
Session of the Legislature to read "Pass to the Right," and
thus put our province in line with the rest of the continent?
Nova Scotia will change if we do.

Please write me as to whether you favor the change or not.

Percy W. Thomson
Chairman N. B. A. A. Good Roads Committee,
St. John, N. B.

HARDWARE PRICES

("Hardware and Metal," Oct. 27.)

Again the trend of the market in
hardware commodities has been up-
ward. Price changes have been quite nu-
merous and advances on such articles as
hob and Hungarian nails, lamp wick,
stove wick, cutting pliers, flat nose pil-
lers, ratchet wrenches, pipe cutters, cutlery,
malleable screw clamps, brass rules, putty
knives, radiator cement, soldering
furnaces, gas ovens, revolving belt
punches and glasses for ovens. There
has been a weaker tendency in black
sheets during the week, in the Toronto
market in particular, where lower quo-
tations were made by a number of
dealers.

The linseed oil market gives evidence
of firmness during the week due to ad-
vances in having been served by
future linseed oil seems fraught with a
number of possibilities which may work
out toward a movement either upward
or downward. Turpentine was higher
during the week, following a firm con-
dition in the primary market. Declines
were recorded in lead pipe and lead
waste pipe as a result of the lower
quotations in the primary market. Con-
pig lead. There has been a decidedly
weaker tone to the pig lead market and
the sagging tendency seems not to have
been arrested as yet. Other indig met-
als held in a steady position. Ingot ma-
terials are in quiet market due to lack
of demand from mills. Shipments of
winter lines are now going forward and
business in the wholesale hardware
trade is reported good to brisk.

THE GROCERY MARKET

The following comment on the mar-
ket situation as regards food stuffs ap-
peared in Canadian Grocer last week:

One of the most drastic regulations
that has yet been issued at the instiga-
tion of the food controller was put
forward during the week when the sale
of package cereals by manufacturers
and wholesalers was prohibited after
December 1, and by retailers after Jan-
uary 1. This will undoubtedly work a
serious hardship to large industries that
have been specializing along this line
and cause a disarrangement of business
without effecting much of a saving. In
the one instance the manufacturer does
the packaging whereas under the new
regulation it must be done by the re-
tailer.

An item of more than usual interest
was the announcement of prices on
new-packet corn and tomatoes. These
prices are very high and canners state
that only 10 per cent. delivery can be
made on corn at 20 per cent. on to-
matoes. Teas still develop interest in
view of a rumor of the lifting of the
embargo on shipment into the British
market. Considerable buying of tea
has resulted from the condition that
now exists in anticipation that an ac-
tive movement of tea may be started.

Eggs were in earlier tone during the
week as the result of report of heavy
production in the United States. Butter
is in a waiting condition, due to the in-
formation that margarine is likely to be
allowed into the Canadian market. Lack
of ocean space is holding up shipments
and is giving cause for weaker feeling.
Barrington is in good demand and
prices were higher in some quarters.
Honey is getting scarce and prices are
firm. Advances have been recorded in
canned pineapple, candles, sealing wax,
cream cheese, blended jams, brooms,
salt, canned coffee, lampwick.

Sugar is still in active demand with
retailers and wholesalers endeavoring to
stem the buying movement by letting
sugar out carefully. Flour prices have
not been fixed but it is anticipated
that a considerable advance may be made
about November 1. Wholesale report busi-
ness from good to brisk.

SHORTS HAVE INNINGS

AT OPENING OF THE

NEW YORK EXCHANGE

New York, Oct. 29.—Stocks recorded
a sharp setback at the outset of today's
trading. Foreign developments over the
week end, particularly the Italian re-
verses, evidently encouraged traders to
new operations for the afternoon. Ship-
ping yields two to three points and
war shares, the general list of
equipment and leading rails one to
two and a half points.

The late G. H. Rand, su-
perintendent of education for the prov-
ince, was another member of the class.
The late Chief Justice Gurnham and Dr.
Hunt were members of a class under Dr.
Jones at the time he was professor of
classics at Acadia. He was a very cele-
brated man in his work and was of a
splendid character.

HUN SYMPATHIZERS

ARE DEMANDING BEEF

Washington, Oct. 29.—Attempts of
a pro-German element in San Francisco
to frustrate the government's food con-
servation policy are reported to the food
administration by its advisory com-
mittee of California hotel men.

A committee of restaurant men has
informed the city of San Francisco, who
patronize their places of business, are
insisting on having beef served to
them on our beefless Tuesdays, threat-
ening that if they do not serve beef to
them they will cease to have meals in
their restaurants.

Miss Mildred Estabrooks, of Lower
St. Marys, who died on Friday, at the
age of twenty-six years, is survived by
father and mother, Mr. and Mrs. Ram-
ford Estabrooks; four sisters, Mrs. Mary
Jewett of Devon, Mrs. Harry McLean,
Lower St. Marys, Misses Mary and
Pauline at home; three brothers, Charles,
Kenneth and Alexander at home.

The death of Joseph M. Osborne,
formerly of Hillsboro, occurred at Mon-
tona City Hospital, Thursday. He was
fifty-two years of age and leaves his
wife, one daughter married in Wakefield,
Mass., and three sons, living in Salem,
Mass.

The death of Mrs. Alexandra Mur-
ray, wife of David J. Murray, took place
at her home in Carletonville on Monday,
October 22. The immediate relatives
who survive are her husband, three daugh-
ters, Jessie E., wife of Isaac Pear-
son, of Highfield; Emily C., wife of H.
Strom, of Hartford, Tenn., and Flora J.,
wife of Herbert Pearson, of Pearsonville;
also one son, George R., who resides
in the home.

\$500.00 REWARD

THE Government of the Province of
New Brunswick offers a reward of
\$500.00 for information that will result
in the apprehension and conviction of
the party or parties who caused the death,
on or about the 7th of August last, of
Harry L. Williams, late of the City of
Saint John.

JAMES P. BYRNE
Attorney-General
Fredericton
October 5th, 1917

LIBERTY LOAN PASSES \$5,000,000 MARK

Washington, Oct. 28.—The second Liberty loan apparently has passed
the \$5,000,000,000 mark. A last day drive of titanic proportions through-
out the nation rounded up more than \$1,000,000,000 and was bound to have
carried the total several hundred million dollars beyond the maximum
sum treasury officials had hoped for.

EXEMPTIONS IN TORONTO OVER

18,000; AND THE REPORTS

FOR SERVICE BUT 1,843

In spite of the fact, says the Toronto
Mail and Empire, that the registration
officials are looking daily for a rush of
reports from class 1 men, Friday's re-
sults showed a falling off from previous
days. The total listed up to Friday
night showed 1,843 reports for service
and 15,886 claims for exemption, prac-
tically half of each list being city men.
Though less than a quarter of the men
in the district have reported, there are
already sufficient names in from all
centres to enable the officials to start
listing the exemption hearings for the
various tribunals. The holding back of
names will not block the tribunal hear-
ing, but will rather guarantee that the
men who get their claims in first will
get their hearing over first.

The military representatives on the
tribunals already find themselves
plunged in work, as their instructions
were to personally to investigate
the claims of every man who asks ex-
emption. Following these instructions,
the city representatives are now sending
out cards to all the men in their dis-
trict claiming exemption, asking them
to call at their offices. This applies to
even "B," "C" and "D" men, for even
though none of these are to be called
to the colors now, the military repre-
sentatives have the authority to send back
for a re-examination any man whom
they think too husky for the class in
which he is listed. In the case of grade
"A" men who have no physical
grounds for exemption, they will men-
enquiries along business and domestic
lines.

TAXATION OF WAR BONDS

Toronto's Right to Collect Income Tax

on War Bonds Questioned

The question of the city's right to
levy income tax on the interest paid by
