

FIRST WOMAN MAYOR TO CLEAN UP SEATTLE

Says Election Issue Between
Enforcement And Opposi-
tion To It

CITY MANAGER PLAN DEFEATED AFTER ALL

Is Native of Massachusetts;
Married 32 Years Ago;
Has Raised Family

SEATTLE, Wash., March 15.—Mrs. Bertha K. Landes is after all to be Mayor of Seattle, indications that the city manager plan had been adopted, not having been borne out by the result of the election.

The final vote showed 48,700 for Mrs. Landes as against 46,800 for Dr. Edwin J. Brown, the present executive. The vote on the city manager plan was 38,000 for and 36,700 against.

Seattle's Mayor-elect is not a "new woman" as the modernists interpret the term; that is, she does not wear short skirts, bog her hair or smoke cigarettes. She prefers to discuss economic and social problems. Ever since she graduated from Indiana University, after completing a four-year course in three years, she kept up an interest in matters of public importance.

Of course she had her husband to talk things over with. Dr. Henry Landes, Dean of Geology at the University of Washington, and her mind was well stocked with ideas on public welfare, politically, economically and socially when she was elected to the City Council in 1922.

"The house seems lonesome now," she said to her husband after their daughter and son had married and moved away. "Why not move into an apartment?"

When the dean and Mrs. Landes moved into the Wilsonian Apartments she found much idle time on her hands. But Mrs. Landes merely redoubled her interest in public and community affairs, increased her activity in the church and became more closely identified with club work in the university district. Now she has the distinction of being the first woman elected Mayor in a city of such size as Seattle.

GOOD CANDIDATE.
"If the men will not show enough interest in their city government to get the right kind of candidates in the field, the women must," Mrs. Landes said when she entered the race.

Politicians assert she made an excellent candidate from various standpoints, for one thing, the usual assertion that a woman's place is in the home, not in public office, had no bearing on her. Mrs. Landes is 38 years old and has reared a family.

"I suppose some of the politicians believe I should merely stay at home and darn my husband's socks," she laughed. "Darning socks for one's husband is a laudable occupation, no one will deny, but I found that my husband got along very well after I became a member of the City Council."

MARRIED 32 YEARS.
She and Dr. Landes were married in Worcester, Mass., 32 years ago. The doctor had just received his degree at Harvard and she was teaching school in the old classical high school of Worcester. They had become engaged when they were both students at Indiana University. Mrs. Landes was born in Ware, Mass. Her father was Charles Knight and her mother's name before marriage was Cordelia Cutter. The Cutters have been in Massachusetts since 1620.

Not long after Dr. and Mrs. Landes were married they came to Seattle—in 1895 Dr. Landes obtained a place on the Faculty at the University of Washington and he has been with the university ever since.

Mayor Hugh M. Caldwell in the Fall of 1921, appointed Mrs. Landes on his Employment Commission and which acting in that capacity it was suggested to her that a woman was needed in the City Council. In the spring of 1922 she was elected a member of the council and three years later was re-elected by the largest vote ever given a candidate for the council.

For the last two years she has been president of the body.

FOR LAW OBSERVANCE.
It was while acting mayor in the summer of 1924, while Mayor Brown was absent from the city, that Mrs. Landes dismissed the present chief of police, appointed Claude Bannick in his place and "closed" the town.

"I have gotten a lot of fun out of the campaign," said Mrs. Landes today. "I fled for Mayor because it seemed to me there was a clear-cut issue between law enforcement and opposition to law enforcement, and I stood for law enforcement."

STOMACH "QUEER" GAS, INDIGESTION

Chew a few Pleasant Tablets,
Instant Stomach Relief!

If you feel full, sick or uncomfortable after eating, here is harmless stomach relief. "Pape's Diapiesin" settles the stomach and corrects digestion the moment it reaches the stomach.

Its guaranteed stomach corrective costs but a few cents at any drug store. Keep it handy!

Film Premier

No French politics for Jean Painleve, above, son of the French premier, Paul Painleve. He has turned movie star.

BRING OWN WEDDING CAKES WITH THEM

Scotch Brides Arrive at New York Equipped For Marriage Feast

NEW YORK, March 15.—Fifty prospective brides from Scotland, most of them bringing wedding cakes, arrived in New York on the Anchor liner Cameronia from Glasgow. Some of the wedding cakes had seven stories and were made by the most skilled bakers of Scotland.

"The top layer," explained one of the young women, "is never eaten at the wedding feast. It is removed and put away for the christening. The other layers are served to the wedding guests."

For the more elaborate cakes the brides-to-be paid as much as \$30 to \$50. But not all the wedding cakes were of the skyscraper variety. There were some simple cakes.

Of the group of brides-to-be, 35 were admittedly traveling to the altar, and gladly placed themselves under the protection of the Travelers' Aid Society. But 15 more, who were somewhat shy, came as prospective brides incognito. The latter, as well as other girls traveling in the bridal group, were met at the pier by their future husbands.

The Cameronia brought 1,033 passengers, after leaving 15 at Halifax.

LEAVING FLORIDA

Many Realtors Flocking to Long Island, Expecting Boom There

PALM BEACH, March 15.—With the real estate business here almost at a standstill hundreds of Florida realtors are migrating North. Many of them are bound for Long Island, which they believe will be the scene of a real estate boom next summer.

Scores of small offices have been closed over night. Until a few weeks ago office or desk space in the business section of Miami and West Palm Beach was scarcely to be had at any price.

Although the big real estate developments still report some activity in sales, the small concerns are doing no business at all. The recent bear market took back to New York hundreds of well-to-do business men who might have been regarded as prospects.

Palm Beach is rapidly becoming deserted. Most of the hotels are virtually empty and non-tourist trains are carrying capacity crowds.

Deaths.
At the home of his daughter at Aylesbury, Sask., on March 2, Oliver Hamilton passed away. Deceased was in his 84th year and had been in his usual health until three weeks before. He was only confined to his bed two weeks. The funeral was held on Thursday, going from the house to the Union church, where Rev. James Smith, of Montreal, conducted an impressive service, taking his text from Genesis 15 chap. and 15 verse. The hymns used were "Forever with the Lord" and "There is a Land of Pure Delight." At the close of the service the Rev. James Blewett offered prayer and Mrs. Blewett sang the deceased's favorite hymn, "I saw a Way-Worn Traveler." Interment was made in the Aylesbury Cemetery along side of his wife, who died about four years ago. The floral offerings were numerous and showed the high esteem in which he was held.

He was born in Kings county, N. B., and lived in New Brunswick until 1900 when he went to Boston, where his family was living. He resided there until 1914, when he and his wife went to Saskatchewan to live with their daughter, Ethel. He is survived by three sons, Arthur M., of Matapan, Mass.; Harry W. and W. Albin, of Dorchester; two daughters, Laura M., of Somerville, Mass., and Mrs. J. A. Menzies, of Aylesbury, Sask. Eight grandchildren and five great-grandchildren also survive, as well as one brother, David Hamilton, of Saint John.

ADDRESS APPRECIATED.
The capacity of the Church of England Institute Hall was taxed last night to accommodate the large audience that assembled to hear Rev. Dr. W. R. Hibbard's address on "Modernism in the Church of England." The address was very illuminating and was heard with great appreciation. A vote of thanks was extended to Dr. Hibbard on the motion of F. T. Short, seconded by Commissioner W. L. Harding. The lecture was the fourth of a series arranged by the Church of England Institute.

The last lecture of the series will be given next Monday night by Rev. J. H. A. Holmes, whose subject will be the "Church of the Future."

Stainless steel is the invention of a Sheffield worker who happened upon it while studying the effect of explosions on gun barrels.

ROB WOMEN AS THEY PLAY CARDS

Three Men In New York Apartment Get Money And Gems

Part of Loot Is \$225 Found on Card Table—Jewels Worth \$7,000

NEW YORK, March 15.—The police of the Highbridge Station, the Bronx, are searching for three young men who held up and robbed nine women card players in the apartment of Mrs. Anna Silver, beauty specialist on March 10. Every effort had been made by the police and the nine women to keep the robbery secret, but news of it became public.

The loot from the robbery consisted of \$225 in cash and jewelry valued at \$7,000. Mrs. Bertha Gindin, wife of Emilie Gindin, jeweler, at 200 Broadway, who lives at 2066 Creston avenue, the Bronx, was the heaviest loser. Two diamond bracelets, a diamond necklace, a wrist watch and a ring were taken from her. The money was lying on the card table.

According to the police, the women, all friends, had been in the habit for some time of gathering in the apartment of Mrs. Silver for a "friendly little game" on Saturday afternoons. About 4 o'clock there was a knock at the door. Mrs. Silver, on being told that it was "the janitor" opened the door.

All three of the men had handkerchiefs half concealing their features. They entered a car and drove toward the apartment. When the women fled and concealed themselves in the bathroom, kitchen, bedrooms and closets of the five-room apartment.

Three others, including Mrs. Silver and Mrs. Gindin, remained seated at the table. One man scrooped up the money at the table and the two others walked directly to Mrs. Gindin. She carried her jewelry in her handbag. The men did not rob any of the other women.

When the robbers had left, Mrs. Silver went to the window and saw them enter a car and drive toward Tremont avenue. She then called the police. All the women described the young men as "amateurish."

MOONLIGHT A KEY TO FAIR.
Its Brightness in Mount Vernon May Affect Robbery Trial

WHITE PLAINS, N. Y., March 16.—The degree of brightness of the moonlight in Mount Vernon on the night of Dec. 26 may determine the fate of Max Black, 26, of Mount Vernon, on trial here before County Judge Blewett on a charge of robbery. Lieutenant Detective Silverstein of Mount Vernon said he saw Black working on a safe in a Mount Vernon garage on the night in question with the help of moon light "streaming through a large front window." Later, he said, he arrested Black on the street, recognizing him "in the moonlight."

Black contends that he was in a restaurant with a young lady on that night, and also that, as that evening was in its last quarter, it could not have been shining as brightly as described by Silverstein.

Ducks and loons use their wings when swimming under water.

Feel Glorious! Nicest Laxative, "Cascarets" 10c

Don't stay head-achy, bilious, constipated, sick! One or two Cascarets—any time—any place—any day—start your liver and start your bowels. Then you will both look and feel clean, sweet, refreshed; your head clear, stomach right, tongue pink and your skin rosy.

Because cheery, harmless "Cascarets" never gripe, inconvenience or sicken, "Cascarets" has become the largest selling laxative in the world for men, women, children. Buy a box at any drugstore.

Influenza
Now, when the germs of Influenza abound, physicians advise keeping the bowels open. Constipation poisons the blood, lowering your resistance to the germs of infectious diseases.

Constipation is dangerous for anybody. Nujol is safe for everybody. It does not affect the stomach and is not absorbed by the body. Medical authorities approve Nujol because it is so safe, so gentle and so natural in its action.

Nujol makes up for a deficiency of natural lubricant in the intestines. It softens the waste matter and thus permits thorough and regular bowel movements without gripping.

Nujol can be taken for any length of time without ill effects. Unlike laxatives, it does not form a habit and can be discontinued at any time.

Ask your druggist for Nujol.

Nujol FOR CONSTIPATION

Children's Colds

Are quickly, pleasantly relieved by Dr. Chase's Syrup of Linseed and Turpentine

If children's colds are got rid of promptly there will be less tendency to pneumonia and consumption in later life. It is the neglected, hanging-on cold that weakens the lungs and develops into serious trouble.

No treatment for coughs and colds was ever so popular with the children as Dr. Chase's Syrup of Linseed and Turpentine. It is so pleasant to the taste, so delightfully soothing and healing and affords relief so quickly that children soon turn to it instinctively when choked up with a cold or annoyed by coughing.

It is mother's favorite treatment for croup and bronchitis, for she knows it will bring relief when the midnight coughing spasms set in. It is wise to always have a bottle at hand for prompt use in emergency.

until the relief, that should symbolize the spiritual teaching and life of Him who said, "My Kingdom is not of this world," may be in outward form and symbolism merged in the general well-being of sport, pleasure and materialism on Manhattan Island."

THERMITE BREAKS BRANDON ICE PACK

Montreal Scientist Succeeds With Three Shells on Eve of Departure

FRANKLYN, Pa., March 16.—On the eve of Dr. Howard T. Barnes' departure for Montreal to fill a lecture engagement success crowned his thermite efforts in the Allegheny River ice forge at Brandon.

Three shells, perfectly timed and equipped with electric squibs rushed from New York, were exploded well under the ice pack. The great field rose and fell, then cracked and rushing water a few hours later indicated that the thermite properties, generating intense heat, had opened up a running channel and the chemical was wearing away part of the toe of the gorge, where the ice is eleven feet thick.

Dynamiters, too, had great luck, fifteen shots extending the new channel 1,500 feet. This makes 3,750 feet that the Pennsylvania Railroad dynamiters have blasted through the Brandon gorge since Saturday.

Further use of thermite and dynamite on the southernmost part, experienced observers declare, will remove the flood peril when the great thaw comes.

Her Heart Palpitated She Had Fainting Spells

Mrs. J. Wilson, Port George, N.S., writes: "I suffered from palpitation of the heart and fainting spells, and at times, I could not be left alone I was so nervous."

My trouble was caused from overwork and worry, having been left alone with a large family. I had tried everything, without any relief, but I know, to-day, that I would have been a nervous wreck but for your wonderful

MILBURN'S HEART NERVE PILLS
These Pills are for sale at all drug stores and dealers; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Miss Grace E. Lindsay has returned home after attending the hairdressers' convention at the Hotel Commodore, New York.

SENT UP FOR TRIAL.
William H. Selmes and Mrs. Elizabeth Davidson were sent up for trial yesterday afternoon on a serious charge laid by Mrs. Selmes. The accused were allowed out on bail of \$1,000 each.
